

Evening, Weekend ...

YOUR CHOICE

- ✓ Are you looking for a full-time evening or weekend program that prepares you for university transfer in two years?
- ✓ Are you a working professional looking to advance your career or to prepare for a new one?
- ✓ Are you looking for high-quality, flexible instruction with ample opportunity to interact with your professors?

The ACT program provides a two-year schedule of coursework designed for the highly motivated full-time student who is interested in a non-traditional pathway to degree completion and/or transfer. The ACT program combines evening or weekend classes with online instruction for a variety of completely transferable two-year pathways for students with demanding schedules.

Most ACT classes are scheduled in 8-week sessions, but a few are scheduled for 16 weeks. In each session, the program includes evening and/or weekend classes and often will offer a hybrid class (one meeting per week, and three hours online per week). A number of courses are scheduled fully online.

The mixed format of ACT offers flexibility to be a full-time student and to complete entire degree/certificate programs during evenings, weekends, or a combination of both.

Please note that some classes, such as math or science, are not offered online or in an 8 week format.

Students are encouraged to attend one of the on-campus informational sessions, usually on the third Saturday of the month, and in conjunction with the counseling open house where counselors are available first come first served in a walk-in session.

ACT EVENING AND/OR WEEKEND FORMAT

Most ACT courses are scheduled on an 8-week basis, are intensive in nature, and meet the same high standards of courses scheduled during the traditional semester.

Many ACT courses are hybrid, which means students are expected to:

1. Attend 8 face-to-face meetings at West, and
2. Spend about 3 hours online per week.

Students need regular access to the Internet to complete their online class work. Computers with Internet access are available in the Heldman Learning Resource Center (HLRC). The ETUDES-NG course management system is used for the online component of the course.

ACT PATHWAY TO SUCCESS

Accelerated College Transfer Pathways

The ACT program offers multiple two-year pathways for the full-time evening/weekend student to complete the following degrees while simultaneously fulfilling IGETC requirements for transfer to UC and CSU campuses:

California Community College students that have earned a transfer associate degree (AA/AS-T) are given priority consideration over all other transfer students when applying to a local CSU campus in a baccalaureate (BA) degree program that has been deemed similar to the student's community college area of emphasis.

Associate of Science Degree for Transfer (AS-T):

- Administration of Justice
- Business Administration
- Early Childhood Education*

Associate of Arts Degree – Liberal Arts & Sciences:

- Emphasis on Math, Science, and Computer Science
- Emphasis on Arts & Humanities
- Lower Division Pathway for Teachers Preparation*

Certificate:

- IGETC

Please meet with a WLAC counselor to confirm your student education plan and to insure you are on the right pathway for success.

*Lower Division Pathway for Teacher preparation and Early Childhood Education AS-T are the same pathway.

GETTING STARTED

1. Submit an "Application for Admission" to the College.

Prospective students can apply in the Admissions Office or online at www.wlac.edu.

2. Take the College Assessment Test.

The college assessment test is designed to help counselors assess your English and Math skills and determine a placement level. The ACT program offers only college-level English and Math courses. Prospective students are encouraged to take the assessment test as soon as possible to determine if prerequisite English or Math courses are necessary.

3. Visit a college counselor.

Prospective and continuing students must consult with a counselor to ensure optimal educational planning. Students who have completed college coursework will need to consult with a counselor to evaluate transcripts and identify coursework for degree completion. Appointments can be scheduled in the Counseling Office or online.

4. Register in ACT classes for the Pathway of your choice.

The following pages present the **Fall 2017** course schedules for each of the ACT pathways. Students may register for ACT classes in the Admissions office or online.

ASSOCIATE OF SCIENCE DEGREE - for Transfer (AS-T)

ADMINISTRATION OF JUSTICE (ADT w/CSU GE Breadth and Transfer Pathway)

The Administration of Justice transfer program is a two-year associate degree pathway that makes it easier for students who would like to earn an Associate in Science for Transfer (AS-T) degree that is fully transferable to California State University Dominguez Hills. Students will complete a minimum of 18 semester units in Administration of Justice, as determined by each California community college, and an approved set of general-education requirements ([CSU GE-Breadth](#)). Students will be guaranteed priority registration and prepare for a B.S. Degree in Criminal Justice Administration at CSUDH.

LIBERAL STUDIES - Full-Time Pathway

LOWER DIVISION PATTERN FOR TEACHER PREPARATION AT CSUDH

This two-year pathway is designed for students who are interested in teacher preparation. This pathway uses CSU statewide lower division transfer pattern for the Liberal Arts major at CSU Dominquez Hills. Students are recommended to meet with a counselor or register with the CSUDH pathways to prepare their student education plan. Primary education (K-3rd) and elementary education (K-5th) require a multiple-subject credential whereby middle and high school teachers require a single subject credential.

Certificate of Achievement for IGETC

The IGETC certificate of achievement is designed to create a pathway to our associate degrees for transfer programs and is awarded to students who receive full certification of the Intersegmental General Education Transfer Curriculum (IGETC) Requirements. It is designed for students who intend to transfer to either the university of California (UC) or to the California State University system (CSU), thereby completing all the lower division general education requirements required by both the UC and CSU system towards a Bachelor's Degree.
