**Course Description:** Health 11 course is designed to provide a critical analysis of factors which affect personal and community health. Primary emphasis is placed upon self empowerment and disease prevention in a culturally diverse community. General topics include communicable and non-communicable diseases, physical fitness, weight management and nutrition; human reproduction and stress management.

**Program / Course Learning Objectives:**

- Students will evaluate a chosen health topic and formulate their ideas in written assignments.
- Students will identify the components of physical fitness.

**Student Learning Outcomes:**

After completion of this course, the students will be able to:

- Explain the importance of a healthy lifestyle in preventing premature disease and in promoting wellness.(awareness of health issues)
- Identify one's personal responsibility to reduce health risk associated with the leading causes of death and disability by recognizing high-risk behaviors and their impact on current and future health. (decision-making and current vs. future health outcomes)
- Understand the importance of a global perspective on health, and recognize how gender, racial, and cultural background influence disparities in health status, research and risk. ( culture and ethics; research-based, current info)
- Identify the key components of personal fitness and describe the benefits of regular physical activity and a healthy diet. (program SLO)
- Demonstrate through performance on exams, projects, classroom discussions and written assessments, evidence of ability to understand and use the

concepts of this class. (combines all evidence to learn based on graded materials)

**Course Requirements:**

Attendance is expected of all meeting of the class in which the students is registered. Attendance will be taken 5 minutes after the “OFFICIAL BEGINNING CLASS TIME”. If students arrive in class after roll call, the student is responsible for reporting attendance in class. Please wait until the end of class to inform the instructor. **Whenever the absences in hours exceed the number of hours the class meets per week, the instructor may exclude the student from the class.**

**Special Accommodations:**

Any student who has a disability and has special needs is to alert me of this by the second week of the semester so that special accommodations can be made.

**Disclaimer Statement:**

Students will be notified ahead of time when and if any changes are made to course Requirements or policies.

**Statement of Student Conduct:**

Participation is required of all students. Students are considered to have participated if they:

- A. Are actively involved in the activity
- B. Ask questions; contribute opinions, point of view, and new information on the topics being discussed.
- C. Listen attentively and are considerate of the opinions of others.
- D. Shown to have read the course material before class.
- E. Your textbook is required for all class meetings.

**Note:**

***Students must acknowledge and follow the College Policies and Standards of Student Conduct (in the college schedule). Cell phones, personal communication devices (text messaging), and personal entertainment gadgets (Music players, head phones, iPods etc.) are to be turned off during class time. Please do not disrupt class to answer cell phones. Please arrive on time. If you need to leave class for a personal reason, please make extraordinary efforts not to disrupt your fellow classmates or the class. Please no children in class.***

## **CAMPUS DISCIPLINARY PROCEDURES**

The Los Angeles Community College District faculty, staff and administration are dedicated to maintaining an optimal learning environment; the standards of behavior as outlined in Board Rule 9803 are essential to the maintenance of a quality college environment. These standards apply to all students on campus or other college property or while attending any college-sponsored classes, activities or events. Violation of such laws, policies, rules and regulations or behavior adversely affecting suitability as a student, will lead to disciplinary action.

Select forms of disciplinary action appropriate to the misconduct, as defined by the violation of the Standards of Student Conduct, Board Rule 9803, may be taken by an instructor. More severe disciplinary action must be instituted by the Vice President of Student Services.

Notifying the Sheriff's Office; when a violation of the Standards of Student Conduct occurs which threatens the lives, property or maintenance of order, Sheriff's Office should be notified immediately. Campus law enforcement will issue an incident report and will send a copy to the Vice President of Student Services or designee for appropriate action.

The following types of disciplinary action may be taken by an instructor:

### **Warning**

a verbal or written notice, given to the student by an instructor, Vice President of Student Services or designee or any college administrator or manager, that continuation or repetition of the specified conduct may be cause for further disciplinary action. The Vice President of Student Services or designee shall place documentation of this warning in the student file. (Note: documentation of student's misconduct must be sent to the Vice President of Student Services or College Disciplinarian for this to occur.)

### **Reprimand**

a written reprimand for violation of specified regulations, prepared by an instructor, Vice President of Student Services or designee or any college administrator or manager. The reprimand will be sent to the student by the Vice President of Student Services or designee, noting that continued violations may result in further disciplinary action. The Vice President of Student Services or designee shall place a copy of this reprimand in the student file.

An instructor may remove (suspend) a student from his or her class for the day of the incident and the next class meeting. During this period of removal, the student shall not return to the class from which he or she was removed without the concurrence of the instructor of the class.

- If a student is suspended for one class meeting, no additional formal disciplinary action is necessary; however, the faculty member is encouraged to notify the Vice President of Student Services or designee of this action.

- If a student is suspended from class for the day of the incident and the next class meeting, the instructor shall send a written report of the action to the Vice President of Student Services or designee.
- If the student who is being suspended for two class meetings is a minor, the Vice President of Student Services or designee shall notify the parent or guardian of the student involved in the incident, and shall hold a conference regarding the suspension as soon as possible with the student, his or her parent or guardian and if necessary the faculty member.
- The instructor may recommend to the appropriate instructional administrator or the Vice President of Academic Affairs that the student is suspended for longer than two class meetings. If the instructor, student and appropriate administrator cannot resolve the matter, the matter shall be referred to the Vice President of Student Services or designees who shall consider further disciplinary action.
- During the period following the initial suspension from class for the day of the incident and the following class meeting, the student shall be allowed to return to the class until due process and the disciplinary procedures are completed, unless the student is further suspended pursuant to Section 4 of the misconduct code. Suspension by the instructor shall be considered an excused absence.
