

# BOOK BUYBACK

## Don't Miss Out on Buyback!

Textbook buyback season is just around the corner! We want to make sure you don't forget about this terrific opportunity to earn some extra cash during finals by selling back your used textbooks to our bookstore.

While we know there are other options for you to sell your books back, the following are three key reasons:

- We consistently offer the **MOST MONEY** for your used textbooks. Ensure you're getting the most money for your textbook by stopping by early.
- Collecting a larger used inventory helps us pass along future **SAVINGS** to you and your fellow students. Next semester when you're looking for a less expensive used textbook, we'll have it because of students just like you who sold their books back to us.
- **YOU CAN TRUST US.** This time next week the competition will have packed their bags, sometimes never to be seen again. With the bookstore, you can trust we'll always be there if you have any questions or concerns.
