granted an additional associate degree when the following requirements have been met:

1. Pursuant to catalog rights, described in Board Rule 6202, completion of all current degree requirements – i.e., scholarship, residency, competency, general education and major requirements.

2. Completion of a minimum of six (6) new units in a major. Major course requirements completed in previous degrees awarded can be used again for additional degrees.

Proposed changes:

2. For local associate degrees, completion of a minimum of six (6) new units in a major at the college awarding the degree. For the Associate Degrees for Transfer (ADTs), there is no major unit minimum requirement that must be completed at the college awarding the degree.

2.3. Major course requirements completed in previous degrees awarded can be used again for additional degrees.

IV. REPORTS:

- 1. C-ID update on conditional, expired and not approved courses – Martinez
2. New 21 unit GE Plan
Each college can decide if they want to adopt the proposed new plan. Colleges can eliminate Plan A & B if they would like or offer all three options. This needs college wide discussion and review. Plan and adoption options will be discussed and voted on at the 4/19/16 meeting. In the meantime all divisions should review the proposed plan for errors.
3. Chancellor's General Education Advisory Committee Pilot Proposal:
Statistics Pathways (Statway): Effective Fall 2015, California
Community College Districts may propose statistics pathways courses in lieu of math courses based on intermediate algebra, for transfer admission eligibility or GE transfer credit. This extends a pilot period initially restricted to the Statway curriculum and six community college districts, and now includes the remaining districts and other statistics-based curriculum.
4. Standard syllabus for each course (Witucki)
5. Course Cross-Listing Process and Questions (Witucki)

5. DCC Report - Witucki

V. ADJOURNMENT
