This committee is a standing committee of the College Council

Charge: The committee's charge is to link the college's existing planning to the college's budgeting of discretionary resources.

Responsibilities:

- 1. Make allocation recommendations to the College Council. PIE does not itself do planning, but rather uses existing plans to establish criteria by which it makes allocation recommendations against funds identified by the Budget Committee as discretionary.*
- 2. Monitor the policies and procedures by which program reviews and unit plans are produced and submitted to the Committee. It is PIE's responsibility to see to it that all program reviews and unit plans are submitted in a timely manner so that it can perform its major function of using these existing plans to make judgments regarding college priorities for the allocation of resources.*
- 3. Develop and enforce policies that qualify a program or unit to apply for funding against identified discretionary resources.*
