ACCJC Annual Report 2015 - Institution-set Standards for Student Achievement Measures*

Institution-set standard for student course completion rate:

60%

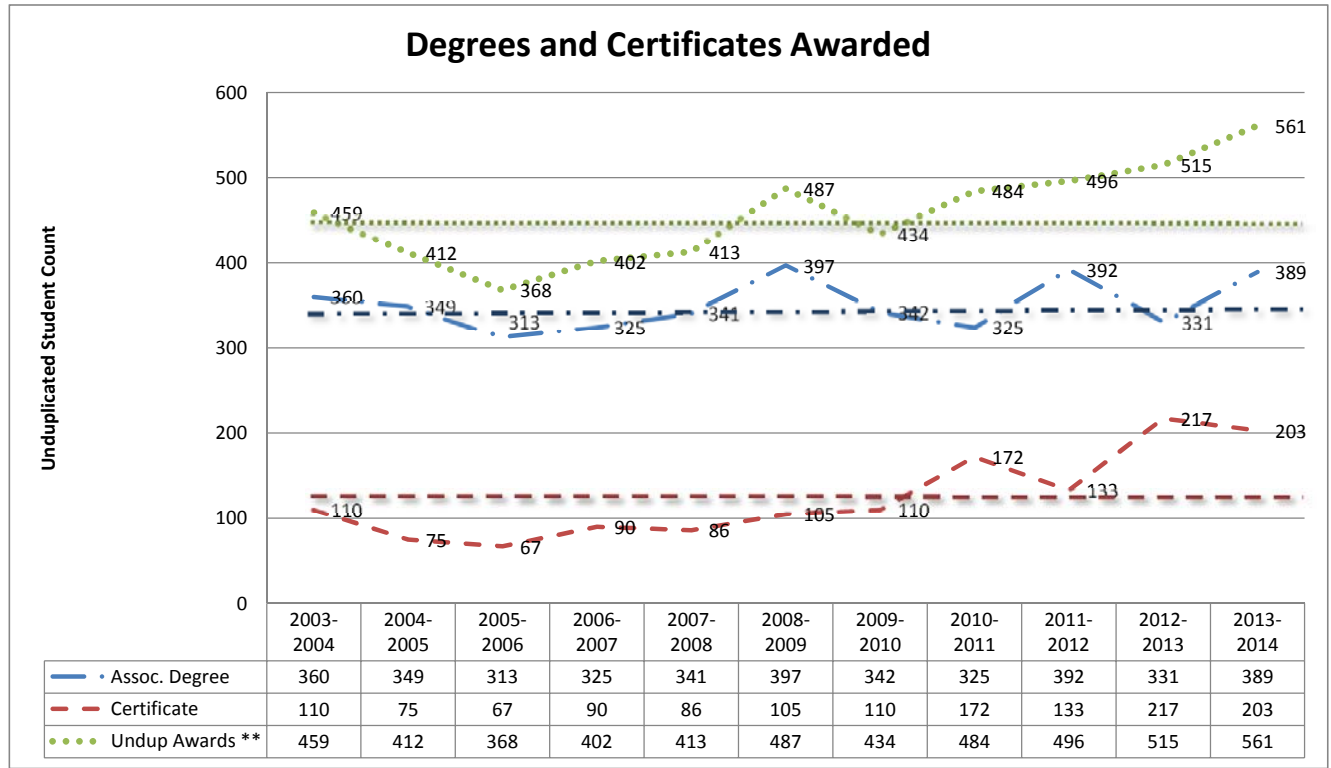

Successful course completion rate equals the number of students who receive a successful grade (A, B, C, P) divided by the number of students who enrolled in the course and received a grade or W.

* An institution-set standard is the identified level of performance determined by the institution to be acceptable. It is a measure the institution can and does use in assessing both institutional and programmatic performance in these areas (subject to exceptions for certain programs, which may have different standards as determined by the institution).
