The following section details the required curriculum for every degree and certificate program offered at the college. Students must complete all course requirements to petition for a skill certificate or state-approved Certificate of Achievement. In order to be eligible for an Associate degree, students must fulfill all major courses, all West general education requirements (Plan A or Plan B), and all other graduation requirements for a total of at least 60 units. Students should refer to “Graduation Requirements” (in the “Academics” section of this catalog) for additional information. Students are also encouraged to seek assistance from counselors and faculty.

Transfer students should consult the Transfer Center or the Counseling Office for major preparation and general education requirements for the particular transfer institution of their choice. Transfer students who want to obtain an Associate degree may select one of the Liberal Arts and Science degrees which require completion of the West, CSU, or IGETC general education core and at least 18 units of coursework in an approved area of emphasis (see Liberal Arts & Science Section for details).

PARALEGAL STUDIES

ASSOCIATE DEGREES

West Los Angeles College offers a Paralegal Studies program that is approved by the American Bar Association (ABA). The program is designed to prepare students for work as a paralegal.

A paralegal is a person, qualified by education, training or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible.

Paralegals may not provide legal services directly to the public except as permitted by law.

IMPORTANT: In order to be admitted into the Paralegal Studies Program, you must attend an orientation and submit an application directly to the Program Director prior to taking any classes. Please contact the Program Director at (310) 287-4438 or via e-mail at paralegal@wlaac.edu.

PARALEGAL PROGRAM OBJECTIVES

1. The Paralegal Studies Program is designed to prepare the student to assist the attorney in both private and public sectors in all phases of legal work and to equip the student with the knowledge necessary to enter the legal service fields as an entry-level paralegal.
2. To insure quality paralegal education at the community college level
3. To familiarize students with the legal system and the role of the paralegal in the delivery of legal services in the public and private sectors.
4. To train students to be prepared to use and apply the most current paralegal skills.
5. To educate students to intelligently and ethically serve the legal community.
6. To train students in critical paralegal skills such as investigation, legal research, interviewing, written and oral communications.
7. To educate, train and provide students with the theoretical background to perform the paralegal's tasks in substantive areas of law and legal specialties.
8. To educate and train students in areas of procedural law emphasizing the paralegal's role in litigation, mediation and arbitration.
9. To educate students about the general principles of ethical legal practice as defined by the American Bar Association's Standing Committee on Ethics and Professional Responsibility, and California's Business & Professions Code §6450.
10. To encourage students to contribute to the advancement of the legal profession.
11. To provide counseling during the program and to assist students in preparing for and obtaining meaningful careers in the paralegal field.

According to the Department of Labor, the demand for paralegals is expected to grow as an increasing population requires additional legal services. Paralegal and legal assistant positions are projected to grow faster than the average for all occupations through 2015. Employment growth stems from law firms and other employers with legal staffs increasingly hiring paralegals to lower the cost and increase the availability and efficiency of legal services. The majority of job openings for paralegals in the future will be new jobs created by rapid employment growth, but additional job openings will arise as people leave the occupation. The median salary of a paralegal averaged \$52,000 in 2010.

NOTE: This program is not designed for preparation for law school admission. Students should consult catalogs of law schools of their choice or a counselor when planning to attend law school.

PARAMEDIC PROGRAM

(SEE EMERGENCY MEDICAL TECHNICIAN / ALLIED HEALTH)

West Los Angeles College has partnered with the UCLA Center for Prehospital Care Paramedic Education Program to offer students the opportunity to earn an associate degree while becoming licensed Paramedics.

Paramedics are advanced providers of emergency medical care and receive education in anatomy and physiology, cardiology, pharmacology, medicine and trauma. They build on their Emergency Medical Technician certification and learn additional skills including administering medications, starting intravenous lines, providing advanced airway management, and learning to resuscitate and support patients with significant problems such as heart attacks and traumas. Paramedics work for fire departments and ambulance companies.

The Paramedic Program is a 7 month full-time program (36 units). It is divided into three phases: didactic, includes lecture and hands-on skills training; clinical, in-hospital rotations; and field internship, assignment to an active paramedic unit.

All students are admitted through the UCLA Center for Prehospital Care. For more information and application requirements visit www.cpc.mednet.ucla.edu and attend a free orientation by signing up at <http://uclacpc.eventbrite.com> or call (310) 267-5959.
