---

**On our cover:**

After graduating from West Los Angeles College LaNelle Saucedo transferred to UCLA, where she is majoring in history and preparing for a career in teaching.

"West gave me excellent academic preparation to compete successfully at the university level," she says. "I liked West's small-college atmosphere because I didn't feel like a face in the crowd. My instructors really cared and they helped me reach my educational goals."

Message from the President:

Ever since February, 1969, when West Los Angeles College first opened its doors, thousands upon thousands of individuals have experienced the triumph of academic achievement here. Many of them had never before thought of themselves as "college material."

Whether completing the first two years toward a Bachelor's degree or acquiring new vocational skills, they made an investment of time and energy at West -- an investment that resulted in more options throughout life and an increased ability to shape their own futures.

That same potential is here for you.

At West Los Angeles College, you will find the people and the services you need to succeed. Outstanding faculty and counselors, tutors, career guidance and job placement, financial assistance, child care, convenient class scheduling, athletics, student organizations and a beautiful campus provide an environment that fosters extraordinary results.

That environment has become even more conducive to student success with the recent completion of our Aviation Technology Complex, Physical Education Complex and, in 1999, the Fine Arts Complex, boasting art galleries and a theater for student performances.

West also serves the needs of business and industry with the Center for Educational Development and Continuing Education (CEDCE), which provides customized vocational training and public/private partnerships to deliver state-of-the-art technologies.

And there's the Jump Start program, which allows high school students to earn college credit before they earn their diplomas, with a wide range of tuition-free courses.

We are also proud of Westside Extension, which offers more than 200 non-credit classes, seminars and workshops for career development, personal growth and enjoyment.

It's been said that, in life, what we choose ultimately determines who we become. Join us at West and achieve the future you deserve.

Sincerely,

Paul Stansbury
Paul Stansbury, Ed.D
Interim President
Educational Philosophy

The Los Angeles Community Colleges affirm the principle that individuals should have opportunities to develop to their full potential. To that end, our main responsibility is to students and to the provision of education which benefits students and enables them to contribute to society.

Our colleges, therefore, should be accessible to all individuals who have the capacity and motivation to profit from higher education. Curricula and services of our colleges should provide means for fulfilling the promise of open access.

We recognize the necessity to adapt to the changing educational needs of the Los Angeles Community Colleges' communities and to the growing diversity among students. The quality of the educational experience is to be judged by its value to students and communities, not merely by quantitative appeal. We further recognize that academic freedom is essential to excellence in education.

Mission Statement

The mission of West Los Angeles College is to serve the students and the community by providing quality instructional and support services including programs, facilities, and open access for all adults who can benefit from its instruction.

The college, as an institution of higher learning, is committed to an environment that reflects respect for all students. The college provides an educational experience that is challenging and inclusive of the needs of its diverse student body. The college affirms the belief that multiculturalism contributes to the success of all students as they learn to value the diversity of the college and society.

WEST LOS ANGELES COLLEGE IMPLEMENTS ITS MISSION THROUGH THE FOLLOWING MEANS:

Transfer Education to provide general education and major preparation for those students who plan to continue their studies at a four-year college or university.

Career and Occupational Education providing certificate and associate degree programs to meet the needs of those students preparing for employment in a changing globally-centered society, and those currently employed who wish to retrain themselves or upgrade their skills to meet the growing demands of increasingly interdependent societies.

General Education to introduce students to the humanities, the arts, the social and natural sciences, allowing them the opportunity for personal, intellectual and cultural growth; while providing oral and written communication, mathematics and critical thinking skills, and international perspectives necessary to succeed in life.

Foundation Skills Program to provide students with the necessary capabilities in mathematics, oral, reading, and written language skills to successfully complete a certificate, degree or transfer program.

Economic Development to develop educational partnerships with business, industry, labor and government in order to offer programs for the working adult or those preparing for work recognizing that the nature of work grows increasingly international in content and global in scope.

Continuing Education to meet, where possible, educational needs of the community not otherwise served by regular college programs.

Support Services to assist students in defining and achieving their educational goals.

Student Activities to involve students more fully in the college experience.

The college promotes and encourages the continuous and timely examination of college programs and services to assess their effectiveness and ensure maintenance of academic excellence.
ACCUACY STATEMENT
The Los Angeles Community College District and West Los Angeles College have made every effort to make this general catalog accurate and may, without notice, change information, courses, or programs offered. The reasons for change may include student enrollment, level of funding, or other issues decided by the district or college. The district and college also reserve the right to add to, change, or cancel any rules, regulations, policies and procedures as provided by law.

NON-DISCRIMINATION POLICY

Affirmative Action Policy
The policy of the Los Angeles Community College District is to implement affirmatively equal opportunity to all qualified employees and applicants for employment without regard to race, color, national origin, ancestry status, religion, creed, sex, pregnancy, age, handicap, marital status, medical condition (cancer-related), sexual orientation, or veteran status.

Equal Opportunity/Non-Discrimination Compliance Procedure
In order to insure the Equal Opportunity/Non-Discrimination Policy compliance at West Los Angeles College, please direct inquiries to: Affirmative Action Representative, and Title IX/Sex-Equity Coordinator, Lawrence Woods (310) 287-4383; Section 504 Coordinator of Disabled Student, Antonio Flores, (310) 287-4249. In addition, inquiries may also be directed to the District Office of Affirmative Action at (213) 891-2000, Ext. 2315.

SUMMARY OF SEXUAL HARASSMENT POLICY
The policy of the Los Angeles Community College District is to provide an educational employment and business environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment. Employee, students, or other persons acting on behalf of the District who engage in sexual harassment as defined in the policy or federal law shall be subject to discipline, up to and including discharge, expulsion or termination of contract. The specific rules and procedures for reporting charges of sexual harassment and for pursuing available remedies are incorporated in the Board Rules in Chapter 15.

The Los Angeles Community College District has a policy which provides formal and informal procedures for resolving complaints. Copies of the policy and procedures may be obtained from Lawrence Woods, Sexual Harassment Compliance Officer at (310) 287-4383; Sharron Rouzan-Thomas, Advocate for Students at (310) 287-4276 or (310)287-4273, or by calling the Office of the Vice Chancellor of Educational Services at (213) 891-2279, or the Office of Affirmative Action Programs at (213)891-2315.

Any member of the College Community, which includes students, faculty, and staff, who believes, perceives, or actually experienced conduct that may constitute sexual harassment, has the right to seek the help of the College. Every employee has the responsibility to report such conduct to the Compliance Officer when it is directed toward students. Potential complainants are advised that administrative and civil law remedies, including but not limited to injunctions, restraining orders or other orders may be made available.

Política de No-Discriminación
La Política del Distrito de los Colegios Comunitarios de Los Angeles es implementar de forma afirmativa La igualdad de oportunidades a todos sus empleados y solicitantes calificados sin distinguir entre raza, color, origen, ascendencia, religión, credo, sexo, edad, estado civil, condición médica (relacionada con cáncer), personas incapacitadas, mujeres embarazadas, inclinación sexual y su condición como veterano (del servicio militar).

Procedimiento de Acatamiento a la Política de Igualdad de Oportunidades y No-Discriminación
A fin de asegurar el acatamiento a la Política de Igualdad de Oportunidades en el Colegio del Oeste de Los Angeles, sirvase dirigir sus quejas con el Representante de Acción Afirmativa y Coordinador del Artículo IX/Igualdad Sexual, Sr. Lawrence Woods al (310) 287-4383; y con el Sr. Antonio Flores, Coordinador del Programa de Incapacitados, Sección 04 al (310) 287-4249. También puede llamar a la Oficina de Acción Afirmativa del Distrito al (213) 891-2315.

Resumen de la Política de Acoso Sexual
La Política del Distrito de los Colegios Comunitarios de Los Angeles es de ofrecer un ambiente educativo, de trabajo y de negocios dentro de un ámbito libre de maltrato, acoso sexual, o de cualquier tipo de conducta verbal o física que conlleva a cualquier tipo de abuso sexual. Empleados, estudiantes y cualquier persona que preste sus servicios con el Distrito y que se vea involucrado en algún tipo de acoso sexual al anteriormente citado en la actual Política o legislación federal del Estado, será puesto a disposición de las autoridades para aplicar medidas disciplinarias, podría ser destituido de su cargo con baja en su contrato y hasta explusado. En el capítulo 15 del reglamento del Consejo se han suscrito los procedimientos y regulaciones específicas para reportar cargos de acoso sexual y para poner remedio a dichos casos. El Distrito de los Colegios Comunitarios de los Angeles cuenta con una política de procedimientos formales e informales para resolver conflictos y atender quejas. Copias de dicha política y sus regulaciones pueden ser adquiridas en West L.A. College con el Sr. Lawrence Woods al (310) 287-4383 o al (310) 287-4273; Con la Sra. Sharron Rouzan-Thomas al (310) 287-4276 o al (310) 287-4273, o llame a la oficina de Servicios Educativos al (213) 891-2279 o a la Oficina de los Programas de Acción Afirmativa al (310) 891-2315.

Cualquier Miembro de los Colegios Comunitarios, incluyendo estudiantes, profesores y personal que crea, perciva o haya sido víctima de cualquier tipo de conducta de maltrato sexual tiene el derecho de solicitar ayuda del Colegio. Todo empleado tiene la responsabilidad de reportar tal conducta con el representante de la Oficina de Maltrato y Abuso Sexual. Quejas de gravedad serán puestas a disposición de la ley.

Conocimiento Limitado del Inglés
Contamos con clases de Educación Vocacional para distintas ramas del trabajo abiertas a todos los estudiantes y, aún para aquellos que todavía no dominan el idioma inglés. Aunque la falta de conocimiento del idioma inglés no es un impedimento para registrarse en dichos cursos, sugerimos a los estudiantes deficientes en el idioma inglés como segunda lengua a que aprovechen nuestros servicios elaborados especialmente para cubrir sus necesidades.

**USING THIS CATALOG**

The West Los Angeles College Catalog describes the courses, programs and services of the college that are planned for the 1998-2000 academic years. Most of the policies and regulations affecting students are described in this catalog, and each student is responsible for becoming familiar with this information. More current and complete information may be obtained from the appropriate department or administrative office.
OVERVIEW OF WEST LOS ANGELES COLLEGE

THE COLLEGE

West Los Angeles College (WLAC) opened in 1969 as one of the nine public community colleges of the Los Angeles Community College District. Located on over 70 acres of rolling hillside on the western slope of the Baldwin Hills, it serves the communities of Beverly Hills, Brentwood, Century City, Crenshaw, Culver City, La Tijera/Windsor Hills, Marina del Rey, Mar Vista, Pacific Palisades, Palms, Playa del Rey, Venice, Westchester, West Los Angeles and Westwood. Approximately 8,000 students come from a rich mixture of nationalities and cultures.

THE DISTRICT

The Los Angeles Community College District encompasses nine campuses, serving a student population of approximately 110,000. This is the largest community college district in California. The district is governed by a popularly elected seven-member Board of Trustees and a non-voting student member selected by a student committee from students nominated by the Associated Students Organizations of the district colleges. The district administration consists of a Chancellor, Vice Chancellors, and other senior staff appointed by the board.

ADMINISTRATION

The college president is the chief administrative officer and is assisted by three vice presidents, deans, associate deans, assistant deans, classified administrators, personnel, and members of the faculty in bringing educational excellence to the community.

DIVISIONS

WLAC has seven instructional divisions, which provide a wide range of high quality transfer and occupational classes. The divisions are Aviation and Travel; Behavioral and Social Sciences; Business; Humanities and Fine Arts; Language Arts; Learning Resource Center; Math-Sciences; and Physical Education and Health. In addition, Counseling constitutes the resource divisions.

CURRICULA

Fully accredited by the Western Association of Colleges and Universities, the college offers 25 transfer and 18 vocationally oriented programs. The American Dental Association and the Federal Aviation Administration recognize appropriate curricula.

EDUCATIONAL PROGRAMS

To accomplish the educational philosophy and mission of the Los Angeles Community Colleges, West Los Angeles College offers the following types of educational programs:

1. Transfer - Enables the student who completes two years of study to continue upper division (third year) work at accredited four-year colleges and universities. Careful and continuous articulation with accredited collegiate institutions and high schools is required.

2. Career Education - An occupational program planned to offer the student basic business, technical, and professional curricula to develop skills can lead to employment, job advancement, certification, or an associate degree.

3. General Education - General education courses are introductory courses that are designed to satisfy three purposes:
   a) To ensure that students have the skills necessary for success in more advanced classes,
   b) To introduce students to a wide variety of academic services while exposing them to a working understanding of the fundamental assumptions, theories and laws peculiar to each, and
   c) To expose students to the unique insights of scholars from each of the respective disciplines. These courses encompass the widest spectrum of key concepts toward a college degree, are recognized as postsecondary. General education does not include remedial course work in basic skills, course work that is applied to a specific area, or course work in one's major subject.

4. Transitional Education - A program of remedial and basic skills courses for students needing preparation for community college level courses and programs, and English as a Second Language instruction for students whose primary language is not English and who have limited English proficiency.

5. Counseling and Guidance - A program that helps students explore ways and options to implement and realize educational goals and career objectives. Counselors provide information about specific classes, degree and certificate programs, and transferring to four-year colleges.

6. Community Services - These classes are offered through the Westside Extension program, under the direction of the Center for Economic Development and Continuing Education (CEDCE). Westside Extension offers an array of elective, not-for-credit classes, workshops and one-day seminars in a wide variety of topics, such as, arts and crafts, computers, business, personal finance, performing arts, writing and personal development. Registrations and payment of class fees are handled through the Extension office only. For registration and information, call Westside Extension at (310) 287-4475.
OVERVIEW OF WEST LOS ANGELES COLLEGE

7 Joint Functions - The Center for Economic Development and Continuing Education (CEDCE) offers specialized educational programs for individuals as well as business and industry. CEDCE trains individuals looking for a job or a career change and provides businesses that are starting up, expanding or downsizing with the strategic knowledge to maximize their competitive position. CEDCE continually develops new programs in conjunction with business and government agencies, with an emphasis on leading-edge technologies and high-growth fields. For more information on CEDCE programs, call (310) 204-1832.

DEGREES

West Los Angeles College awards Associate in Arts and Science degrees to students who successfully complete the requirements for graduation. Certificates of completion are given to students who complete the requirements of certain career programs.

CLASS SCHEDULING

The college is organized on a semester system. The academic year includes two 19-week semesters; as many as three six-week summer sessions are offered subject to approval by the Board of Trustees. In addition, intensive short-term classes are offered in a variety of courses each semester and there are five sessions of nine-week classes each year. Students can also take open-entry, open-exit classes.

Day, evening and Saturday classes are available for full-time and part-time students. To provide flexibility for the student, courses are offered in modules as well as semester structure at a wide variety of times and places.

Modular Classes - Modules are components of a course offered for fewer units and hours than the full course, usually on a short-term basis. When all of the modules are taken, they will equal the materials and credit of the full course. The modules are usually offered in a regular sequence and can be identified by a letter (A, B, C, etc.) following the course number.

Evening Classes - Evening classes parallel day classes in prerequisites, course content, and expected preparation time. Many specialists from business and industry join the day faculty to teach these classes. Evening classes are classes, which begin at 4:00 p.m. or later.

PACE -

Program for Accelerated College Education

PACE is a unique two-year, 60-unit curriculum offered by West Los Angeles College to meet the needs of students working full time. The program is designed to satisfy the lower division general education requirements at all California state universities and colleges. With an additional courses, PACE also meets the lower division requirements of a number of majors at other four-year universities.

Each semester, 12 units (6 units during the Summer semester) are presented as a theme and are team-taught in an interdisciplinary environment. Students must enroll in all four courses (plus two in Summer) on the same evening. Classes are offered on campus and off campus from 6-10 p.m.

For more information, call the Counseling Office (310) 287-4247 or the PACE Office (310) 287-4369.

STUDENT ACTIVITIES

ASSOCIATED STUDENTS ORGANIZATION, STUDENT GOVERNMENT (ASO)

Extensive power of self-government is placed in the hands of the Associated Students Organization. Such power enables students to develop and express initiative in terms of the common good. Membership in the ASO is obtained by paying a fee of $7.00. The ASO represents the student body in the shared governance process. Governed by the Executive Council, the Associated Students Organization conducts activities on behalf of the students. In accordance with the policies of the Board of Trustees, the Executive Council and the Finance Committee actively participate in the management of the business affairs of the Associated Students. Board of Trustees rules governs the collection, deposit and expenditure of funds. All records are subject to annual audit by the Board of Trustees.

The Vice President of Student Services, or the Vice President's representative, represents the faculty and administration of the college as sponsor and advisor of the Executive Council, the Finance Committee and the Inter-Club Council.

CO-CURRICULAR ACTIVITIES

Administrative Regulation E-22 pertains to elected Associated Student Organization (ASO) officers, officers appointed to elected positions and heads of ASO Standing Committees. Administrative Regulation E-22 does not apply to clubs, club representatives, ASO special committees and all-college committees.

Administrative Regulation E-22

A student cannot be a candidate for ASO office if he or she has served more than four semesters in a student government elected and/or appointed office activities, or in any office or position where he or she voted on the expenditure of ASO funds in any college activities.

1. An officer may serve a fifth semester if he or she is eligible at the time of assuming office (e.g., has served three semesters and is a candidate for an office with a one-year term).

2. Ten weeks or more of student service in office or service anytime after the tenth week, will be counted as a full semester.

All students running for office or voting for the student officers must be paid members in good standing in the Associated Students Organization at the college where the election is being held.
A student officer or a candidate for office must be actively and continuously enrolled, attending and successfully completing classes in a minimum of nine units (Day Students), or six units taken solely in the evening and/or on Saturday (Evening Students), with a cumulative and current GPA of 2.0 at the college during the semester in which the student government office is applied for or held. All units must be taken at the college where the office is sought or held. Student officers reducing units below the required number will be required to forfeit their student offices. Unit checks will be made to assure that students maintain eligibility at least every five (5) weeks.

A candidate for student office must have a cumulative grade-point-average of 2.0 or better for all college work completed within the past two years and the number of "W" units must not exceed the number of units completed during that two-year period.

NOTE: Individual colleges, in their ASO constitutions, may set forth standards for office, which are higher than those listed above.

STUDENT TRUSTEE ELECTION PROCEDURE

The Los Angeles Community College District conducts an election annually. Each student in the District has an opportunity to be involved in the process of selecting a student representative to the Los Angeles Community College District Board of Trustees.

STUDENT CLUBS AND ORGANIZATIONS

Believing that students will enrich their college experience by participation in extracurricular activities, the College is proud of its active club program. Principal support for club programs comes from the Inter-Club Council, composed of a representative from each campus club and chaired by the vice president of the ASO.

In conforming to the California Education Code, the only recognized clubs are those chartered by the ASO. Thus, the college assumes no responsibility for activities of unchartered groups, including off-campus social organizations that consist of students or former students. State law prohibits membership in secret organizations.

COLORS AND LOGO

The college colors, selected by the students of West Los Angeles College in 1969, are royal blue and gold. The college nickname is the "Oilers," which was selected because of the proximity of the surrounding oil fields. Students are referred to as the "Oilers."

INTERCOLLEGIATE ATHLETICS AND ELIGIBILITY

West Los Angeles College is a member of the Western State Athletic Conference along with Allan Hancock, Bakersfield College, Glendale College, Los Angeles Pierce College, Los Angeles Valley College, Santa Barbara City College, Ventura College, Oxnard College, College of the Canyons, Cuesta College, Moorpark College, and Santa Monica College.

The Western Athletic States Conference, and the Community College League of California Athletic codes govern competition and eligibility. Intercollegiate competition for men is offered in basketball, cross country, football, and track & field. Competition for women is offered in basketball, volleyball, cross-country and track and field. All questions pertaining to athletic eligibility should be directed to the Conference Administrative Representative (Mr. David Follisso) or the Director of Athletics (Mr. Jim Rauck @ (310)287-4577).

INSTRUCTIONAL TELEVISION (ITV)

Each semester the district-wide Instructional Television program of the Los Angeles Community College District presents, via television, transferable college credit courses.

Instructional Television courses are convenient, flexible and especially for college students who need to supplement their on-campus program or to add classes for those times when campus attendance is not possible.

Students enroll by mail, complete reading and study assignments, attend seminars held on weekends at a Los Angeles Community College near their home, and take a midterm and final exam. A full-time Los Angeles Community College instructor is assigned to each telecourse. Interested students are invited to visit the Instructional Television Office at Los Angeles City College, 655 Vermont Ave., Los Angeles, CA 90028, or call (213) 953-4468.

INTERNATIONAL EDUCATION PROGRAM

Study Abroad Classes

The International Education Program offers college credit classes for the Los Angeles Community College District. Instructors selected from all nine colleges in the District teach classes in over twenty countries around the world. Scheduled at various times throughout the year, opportunities for study currently include Spanish language and civilization, history and art instruction in Mexico and Spain, French, French Civilization and art in Paris, Italian, Italian Civilization and art in Italy, Marine Biology in Mexico, theater in England, Humanities in Europe, and Creative Writing in Prague.

New Programs include a semestre in Oviedo, Spain. The very popular semester in Cambridge, England is being offered again. On-site investigation of the history and culture of other nations provide students and their instructors with some of the best educational experiences of their lives. The LACCD is a member of California Colleges for International Education, a
OVERVIEW OF WEST LOS ANGELES COLLEGE

A consortium of colleges offering semester programs in Paris, England, Germany, Mexico, China, and Spain. The International Education Program also cooperates with the Community Services Program at District colleges in offering non-credit travel study programs.

The International Education Program expresses the shared commitment of the Los Angeles Community Colleges in furthering the development of international and intercultural awareness. Call (213) 991-2292 for further information.

STUDENT SUPPORT SERVICES

The college provides many excellent student support services. The office of Admissions and Records, which registers and enrolls students, prepares student transcripts, verifications, and certifies that students have met requirements for transfer to a four-year college, an associate degree, or occupational certificate. The Veterans Affairs Office and the International Students Program are both integral components of the Admissions and Records Office. Other services include the Counseling Department, Financial Aid Office, Extended Opportunities Program and Services (EOP&S), Career Center, Child Development Center, and Tutorial Services. The college also offers the following honors program (Scholars Program/AT-WEST), disabled students (DSP&S), CalWORKS and AmeriCorps Office offer services and programs which are designed to address the unique needs of the bilingual and student population.

FACILITIES

The college has temporary and permanent buildings housing classrooms, laboratories, administration, faculty, repair, maintenance, and physical educational facilities. Ninety-five percent of the college is accessible to physically disabled students. For accessibility or mobility assistance, please contact Disabled Student Services and Programs office at (310)287-4254.

HELDMAN LEARNING RESOURCE CENTER (HLRC)

Located at the geographical center of the campus, the Heldman Learning Resource Center (HLRC) is easily identifiable as WLAC's tallest building. Its four stories house the Library (2nd & 3rd floors), the Instructional Media Center (1st floor), and the campus auditorium (top floor), which is the site of lectures, musical and theatrical productions, receptions and other special events.

LIBRARY

The major component of the HLRC is the Library. Most of the Library's nearly 100,000 volumes and titles are located on the third floor in the General Collection; generally, these books are available for circulation to students, faculty, administration, staff, and residents of the immediate community. The second floor is home to the Library's Reference Collection (government documents, encyclopedias, specialized dictionaries, maps, legal materials), Periodicals Collection (over 300 journals, magazines, and newspapers), and Reserve Book Section. Because these items are heavily used, circulation is restricted.

Access to all Library and Instructional Media Center materials, including audio and video tapes, on-line; that is, obtainable through the use of the Library's computer catalog, called TOMUS-the only one of its kind in the nine-campus Los Angeles Community College District-and through its CD-ROM computer. Skilled Librarians are available to guide patrons in the use of this state-of-the-art Library technology, as well as to assist students in the more traditional aspects of Library research.

Library facilities accommodate a wide range of studying and learning styles. There are private study booths, group-study rooms, conference rooms, as well as tables and modular seating arrangements. Typing rooms, with manual and electric typewriters, and photocopying machines are also heavily utilized. Current Library hours are 7:45 a.m. to 9 p.m., Monday through Thursday; 7:45 a.m. to 12 noon, Friday; and 9 a.m. to 1 p.m. on Saturdays.

INSTRUCTIONAL MEDIA CENTER

The Instructional Media Center located on the ground floor of the Heldman Learning Resources Center provides video and audiocassettes, filmstrips, laserdiscs, and English as a Second Language audiocassettes, to assist students with class assignments.

COMPUTER-ASSISTED INSTRUCTION (CAI)

Computer assisted instruction is located in the HLRC, using Macintosh, Apple IIe and Apple IIgs microcomputers is available in open laboratories. Students may enroll in open-entry/open-exit, self-paced, individualized Learning Skills courses to assist them in their academic program of study. No advanced reservations are required to use the computers.

Students may use programs in English, humanities, music, accounting, math, algebra, calculus, physiology, and biology to review and to learn new subject matter. Word processing programs are also available. to the student for assigned essays using the computer and ImageWriter or laser printer.

TUTORIAL SERVICES

A free campus-wide Tutorial Services Program provides assistance in many subjects. Arrangements can be made for individual and group tutoring (by instructor-recommended tutors) during day and evening on the first floor of the HLRC. This free tutoring program is supplemented by the Computer-Assisted Instruction center also located on the first floor of the HLRC.

WRITING LAB

The Writing Lab located on the first floor of the HLRC is available on a drop-in basis to any student wanting help with organizing, writing, and revising papers.

LANGUAGE LAB

The Language Lab is located on the first floor of the Heldman Learning Resources Center. The Language Lab houses microcomputers, videocassette players, and audiocassette players, which enable students to test and drill themselves in
foreign language grammar and vocabulary. Students will find that it is a special place to help supplement their foreign language study in an interesting and effective setting. Students who complete sixteen hours of lab work per semester receive one unit of credit.

BUSINESS DIVISION COMPUTER CENTER

A completely equipped computer center is available to all Computer Science and Office Administration (computer Applications and Office Technologies) students. The computing environment consists of IBM Compatible Pentium computers. The computers are networked utilizing NOVELL network software.

The Computer Center, in CE-101 is available for students’ use Monday through Saturday. A Lab-Course is available which provides one unit of credit for students who utilize the lab for 35 hours during a semester. This lab is designed for students who have already completed a basic computer applications course.

AVIATION AND TECHNOLOGY BUILDING

While receiving training in hydraulic system troubleshooting, sheet metal repairs, covering and finishing, welding, and alignment and rigging of aircraft, aviation maintenance students use a repair station and three well-equipped laboratories as they work through their hands-on, modularized sequence of courses.

DENTAL HYGIENE FACILITY

Dental hygiene classroom and laboratory facilities are located on campus at West Los Angeles College. The facility consist of four modern dental units where the students do preclinical work. In addition the facility has four radiology units where radiographs are taken on models. The students provide dental hygiene services on patients at UCLA Dental Clinic, at Wadsworth Veterans Hospital, at Cedars-Sinai Hospital, at Inglewood Children’s Center and at UCLA Venice Clinic. Students also observe and participate in various specialty clinics at UCLA, which include radiology, pedodontics, periodontics, oral surgery and hospital dentistry.

CENTER FOR ECONOMIC DEVELOPMENT AND CONTINUING EDUCATION (CEDCE)

The Center for Economic Development and Continuing Education (CEDCE) provides multiple programs to individuals as well as business and industry. We help individuals train for a job, acquire a job, advance in a job, and, if they lose their job, to retrain and acquire a new job. We help business maximize their competitive position throughout the business cycle from start-up, to expansion, to downsizing. Through our Tech Prep Program, we prepare high school students for technical positions in the workplace or for entry into an academic setting. Through our Community Jobs and Cooperative Family Jobs Projects, we provide training and place into jobs disadvantaged adults with serious barriers to employment. Through our Comprehensive Jobs Assistance Center (CJAC) and our Customized Training Programs, in collaboration with employers, we provide training and place individuals in career track positions in high-growth industries.

Through our Business Planning, Entrepreneur and Management and Supervision Programs, we train employed workers to enhance their skills and advance in their chosen professions; and help businesses stay competitive and develop new product lines. Through our Entrepreneurship Program, we help businesses start and finance a new start-up; through our Comprehensive Jobs Assistance Center, Customized Training Programs and Technology Conversion Program we help businesses recruit, train and hire employees or retrain existing employees to expand their business; and during a downsizing we help businesses to provide assessment, training and placement to the employees they are laying off. Finally, through our Westside Extension Program we provide continuing education and personal development courses for the community at large. The services CEDCE provides to individuals, business and industry is funded through multiple special city, state and federal funding sources.

COMMUNITY SERVICES

Community Services classes are offered through the Westside Extension Program, under the direction of the Center for Economic Development and Continuing Education (CEDCE). Westside Extension offers an array of elective, not-for-credit classes, workshops and one-day seminars in a wide variety of topics, including arts and crafts, computers, business, personal finance, performing arts, writing and personal development. Extension classes are usually taken for career development, personal growth or simple enjoyment, and usually there are no tests or homework. A class may meet just once during a semester, or for several sessions, depending on the topic. The Extension Program is self-supporting, with all revenues generated from class registration fees. Financial assistance is not available. Three to four times a year, a Westside Extension brochure of classes is mailed to local residents to promote upcoming classes. Registrations and payment of class fees are handled through the Extension office only.
ADMISSIONS AND REGISTRATION INFORMATION

ADMISSION ELIGIBILITY

Persons who possess a high school diploma or its equivalent meet the basic eligibility requirement for any public California two-year community college. Persons who do not possess a high school diploma or its equivalent but who meet additional criteria are also eligible for admission. Additional eligibility criteria include:

1. Persons who are eighteen (18) years of age.
2. Persons who are apprentices, as defined by Section 3077 of the California Labor Code.
3. Persons in grades K-12, under special circumstances.

Information regarding other eligibility criteria and/or admissions procedures is available in the Office of Admissions and Records.

The following materials must be submitted in order for students to be eligible to register for classes:

APPLICATION FOR ADMISSION

Applications are available at the Office of Admissions and Records, Students Services Building, A-13. Proof of Social Security number must be submitted with the application for admissions. The Los Angeles Community College District uses the Social Security number to identify student records. However, if students choose not to use their Social Security number the college will assign an alternate number to be used for student identification.

TRANSCRIPTS

We advise that official transcripts mailed directly from the last high school attended and from each college attended be submitted. However, this is not a requirement for admission. All transcripts become the property of the college and cannot be returned to the student.

READEMISSION

Students who have not attended for two or more semesters must file a new application.

ADMISSION ON PROBATION

Applicants for admission whose scholastic achievement at another college represents less than a “C” average may be admitted on probation for one semester. Admission on probation is a privilege granted by the college. A petition for admission on probation must be filed at the time of application.

DISQUALIFIED STUDENTS

Students who have been disqualified from another district college must file a petition for admission in addition to an application.

RESIDENCY REQUIREMENTS

CALIFORNIA RESIDENCE REQUIREMENT

To attend any of the Los Angeles Community Colleges as a resident of California, a student is required to have been a California resident for more than one year immediately preceding the Residency Determination Date. The “Residency Determination Date” is the day immediately preceding the opening day of instruction of the semester or summer session. Residence is defined as a union of act and intent.

NON-RESIDENT

A non-resident student is one who has not had residence in the State of California for more than one year immediately preceding the Residency Determination Date. Residence is defined as a union of act and intent. Physical presence alone is not sufficient to establish California residency nor is intent when not coupled with continuous physical presence in the State. Certain non-U.S. citizens are permitted to establish residency and others are not. Check with the Admissions Office regarding your particular status.

A student classified as a non-resident will be required to pay non-resident tuition fees as established by the District Board of Trustees.

NON-RESIDENT TUITION FEE

The tuition fee for non-resident students must be paid at the time of registration. This fee is subject to change each academic year.

Non-resident students are also required to pay the community college enrollment fee.

Students who qualify for financial aid may defer non-resident tuition fees until funds are received. Contact the Financial Aid Office for information and assistance.

REGISTRATION MATERIALS

Students continuing from the prior semester will automatically receive registration materials. New and returning students are issued registration information when the application for admission is processed.

INTERNATIONAL (F-1) VISA STUDENTS/ADMISSIONS

West Los Angeles College is an approved institution by the United States Immigration and Naturalization Service to issue certificates of eligibility for non-immigrant (F-1) student status. West Los Angeles College accepts a number of qualified international students each semester who wish to pursue occupational, transfer, and A.A. degree curricula.
All applicants must meet the following admission criteria:

(1) Demonstrate English language ability adequate to enable the student to profit from instruction at the college level. Adequacy of English proficiency is determined by a satisfactory score on the Test of English as a Foreign Language (TOEFL). A score of 450 is the minimum acceptable score. Transfer applications in the U.S. may substitute WLA placement exam results for the TOEFL.

(2) Evidence of academic achievement equivalent to an American high school education.

(3) Demonstrate ability to pay the non-resident tuition, enrollment fee, and personal living expenses for one year. An international student should contact the International Student Program Office in the A12 building. Once an international student has been accepted as a student at West Los Angeles College, the student must maintain a full-time academic load of 12 or more units per semester. A number of services are available to international students such as counseling, orientation, a language laboratory, and an international student organization. Information is available in the International Student Office. All students are highly encouraged to carry health insurance.

VETERANS

ADMISSIONS REQUIREMENTS FOR VETERANS
Veterans are required to follow these procedures:

(1) File application for V.A. Educational Benefits (VA Form 22-1990 or 22-5490) and an application for admittance into the college.

(2) Fill out Veterans enrollment papers for school records declaring major, transfer school, and schools previously attended. Appropriate form for over 60 units must be filed.

(3) Request transcripts from all colleges attended. Have them sent directly to the Admissions Office. This applies even if the attendance at a college was for a short time with no units completed or if it was prior to entering the service.

(4) Claims for dependents must be accompanied by a copy of the claimant's marriage license and/or birth certificates for each child dependent.

(5) File VA Form 22-1995, if you are a transfer student. Request for Change of Program or Place of Training.

(6) Apply each semester for continuous VA Educational benefits.

PROGRAM PLANNING FOR VETERANS
Veterans should select their major and choose courses from those listed under that major in the catalog. It is advisable to make an appointment with a counselor for academic assistance. The VA will not pay for courses that do not fit into a veteran's selected major.

60 UNIT RULE
Once veterans have received an Associate Degree in any major, they are eligible for further training at the college only if they take courses required for upper division status at their transfer institution, or if they change their objective. These courses must be approved by the Veterans Administration.

Veterans are strongly encouraged to consult with a college counselor in planning their course of study.

ACADEMIC PROBATION
"According to the Title 38 Code of Federal Regulations, Part 21, 5253 (d) (4), the school enforces a policy relative to standards of conduct and progress required of the student." This means that for veterans and/or eligible dependents, if such student fails to obtain a cumulative grade point average of 2.0 or better after three (3) consecutive semesters, his/her VA educational benefits will be discontinued.

ELECTIVE CREDIT FOR MILITARY SERVICE
Through the general petition process the college will maintain a written record of previous education and training of the veteran or eligible person which clearly indicates that appropriate credit has been given by the college for previous education and training, with the training period shortened proportionally and the student and VA will also be notified. Students must include a copy of their DD214, transcripts, and/or course documentation with their petitions and submit them to the Office of Admissions and Records.

Upon verification of completion of a Basic Training course in any of the armed services, the Physical Education graduation requirement will be waived. Waiver of the Health Education graduation requirement is not automatic; petitions will be evaluated on a case-by-case basis.

A veteran may also receive 3 units of elective credit for 6 months to 1 year of active-duty service or 6 units of elective credit for 1 year or more of active-duty service; petitions for this will also be evaluated on a case-by-case basis.

See also Academic Policies, credit for Military Service Training.

See the Veterans Clerk for additional information pertaining to academic status, building A13, Admission Office.
STUDENT FEES

ENROLLMENT FEE

Enrollment Fee Section 72252 of the Education Code requires community colleges to charge an enrollment fee to each student enrolling in college.

BOARD OF GOVERNORS WAIVER:

ENROLLMENT FEE ASSISTANCE

Through the Board of Governors Waiver the college offers enrollment fee assistance to students who are unable to pay the enrollment fee. For enrollment fee assistance, students should contact the college Financial Aid office to obtain:

(1) The Enrollment Fee Waiver is available to students whose families receive Aid to Families with Dependent Children (AFDC), or Supplemental Security Income (SSI), or General Relief (GR).

(2) The Enrollment Fee Credit is available to students whose family income and size fall within the following limits.

<table>
<thead>
<tr>
<th>Number in Household</th>
<th>Total Family Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>(including yourself)</td>
<td>(Adjusted Gross Income and/or Untaxed Income)</td>
</tr>
<tr>
<td>1</td>
<td>$10,800</td>
</tr>
<tr>
<td>2</td>
<td>$21,600</td>
</tr>
<tr>
<td>3</td>
<td>$23,000</td>
</tr>
<tr>
<td>4</td>
<td>$24,500</td>
</tr>
<tr>
<td>+</td>
<td>Add $1,500 for each additional dependent</td>
</tr>
</tbody>
</table>

(3) Enrollment Fee Deferment - A student who has already been awarded Financial Aid, such as Pell Grant, Cal Grant or assistance from EOP&S can defer the payment of enrollment fees.

ENROLLMENT FEE REFUND POLICY

For full term courses: The student will receive a full refund up to the end of the second week of classes. There will be no refunds after that, unless the student must drop a class due to cancellation or rescheduling by the administration/college.

For short term courses: The student will receive a full refund up to the end of a period of time equal to 10% of total class time. There will be no refunds after that, unless the student must drop a class due to is cancellation or rescheduling by the administration.

PARKING FEES

Parking Permits procedures and fee information are available in the Business Office and at the Business Office Station during registration.

ASO FEE

A $7 student activity fee which supports scholarships, enrichment programs and student events on campus. The ASO fee is paid each semester and entitles the student to the photo identification card.

NON-RESIDENT TUITION FEE

See Residency Requirement.

NON-RESIDENT TUITION REFUND CRITERIA AND SCHEDULE

A non-resident student who formally drops or otherwise separates from part or all of his enrollment may request a refund of previously paid non-resident tuition in accordance with the schedule below. Such requests must be made in writing on a form provided by the District.

The date used for non-resident refund purposes is the date on which such request is filed and time stamped, regardless of when separation may have occurred. All non-resident refunds will be made by mail.

Non-resident refunds will be computed as follows:

<table>
<thead>
<tr>
<th>CLASS TYPE</th>
<th>DATE REQUEST TIME STAMPED</th>
<th>REFUND</th>
</tr>
</thead>
<tbody>
<tr>
<td>Regular Length</td>
<td>Through second week of instruction.</td>
<td>Full Tuition</td>
</tr>
<tr>
<td>(Fall, Spring, Summer)</td>
<td>After second week of instruction.</td>
<td>No Refund</td>
</tr>
<tr>
<td>Short Term</td>
<td>Through 10 percent of class length.</td>
<td>Full Tuition</td>
</tr>
<tr>
<td>(Less than regular length)</td>
<td>After 10 percent of class length.</td>
<td>No Refund</td>
</tr>
</tbody>
</table>

INSTRUCTIONAL MATERIALS

Students may be required to provide instructional and other materials required for a credit or noncredit course. Such materials shall be of continuing value to a student outside of the classroom setting and shall not be solely or exclusively available from the district.

FAMILY EDUCATION RIGHT AND PRIVACY ACT

See Student Records and Directory Information. (P. 13)
SOCIAL SECURITY NUMBER/STUDENT IDENTIFICATION NUMBER

The Los Angeles Community College District maintains a student record system that uses the Social Security number to identify an individual. If students do not wish to report their Social Security number, an alternate identification number will be assigned by the college and shall be used at all campuses in this district. Changes in a student's ID# may be made only in the Admissions Office.

TRANSCRIPTS

Upon written request of the student a copy of the student's academic record shall be forwarded to the student or his or her designated addressee promptly by U.S. mail or other responsible forwarding agency. A student or former student shall be entitled to two free copies of the transcript of his or her record. Additional copies shall be made available to the student, or to an addressee designated by the student, at a cost of $1.00. Students may request special processing to expedite their request for an additional fee of $5. This option is subject to the college's ability to provide this service. Requests for transcripts or verifications may be obtained in the Office of Admissions. Transcripts from another institution are not available for copying.

The student's transcript may be withheld if:

(1) Any library books or other library materials are charged to the student and are unreturned, or

(2) There are any unpaid fees or charges due to the college. The transcript may be withheld until these obligations of the student to the college are discharged.

STUDENT RECORDS AND DIRECTORY INFORMATION

The Los Angeles Community College District, in compliance with Federal and State law, has established policies and procedures governing student records and the control of personally identifiable information. The Los Angeles Community College District recognizes that student records are a confidential matter between the individual student and the college. At the same time the District has a responsibility to fulfill public information needs (i.e., information about students participating in athletics, announcement of scholarships and awards, etc.). To meet this responsibility the District may release Directory Information unless the student states in writing that he or she does not want it released. The responsibility for carrying out these provisions is charged to the college records officer, designated by the chief administrative officer on each campus. The records officer may be contacted via the Office of Admissions. Copies of Federal and State laws and District policies and procedures are maintained by the records officer and are available for inspection and inquiry.

All student records maintained by the various offices and departments of the college, other than those specifically exempted by law, are open to inspection by the student concerned. The accuracy and appropriateness of the records may be challenged in writing to the records officer. A student has the right to receive a copy of his or her record, at a cost not to exceed the cost of reproduction. (Requests for transcripts should be made directly to the Office of Admissions.)

No student records, other than Directory Information, will be released without the written consent of the student concerned except as authorized by law. A log of persons and organizations requesting or receiving student record information is maintained by the records officer. The log is open to inspection only to the student and the community college official or his or her designee responsible for the maintenance of student records.

Directory Information includes the student's name, city of residence, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. Directory Information about any student currently attending the college may be released or withheld at the discretion of the records officer.

No Directory Information will be released regarding any student who has notified the records officer in writing that such information shall not be released.

All inquiries regarding student records, Directory Information, and policies for records access, release, and challenge should be directed to the records officer via the Office of Admissions.

Students have the right to file a complaint with the United States Department of Education concerning alleged violations of Federal and State laws governing student records.

AFFIRMATIVE ACTION

The policy of the Los Angeles Community College District is to implement affirmatively equal opportunity to all qualified employees and applicants for employment without regard to race, color, national origin, ancestry, religion, creed, sex, pregnancy, age, handicap, marital status, medical condition (cancer-related), sexual orientation, or veteran status. Positive action will be taken to ensure that this policy is followed in all personnel practices, including recruitment, hiring, placement, upgrading, transfer, demotion, treatment during employment, rate of pay or other forms of compensation, selection for training, layoff, or termination.

Inquiries regarding Affirmative Action at West Los Angeles College should be directed to the College Affirmative Action Representative.
MATRICULATION

MATRICULATION DEFINITION

Matriculation is defined by the California Community College Board of Governors as a process which brings the college and students who register for credit into a mutual agreement for the purpose of assisting them to achieve their educational goals. It also specifies the responsibilities of both the college and the student.

The West Los Angeles College Matriculation process is to help new college students decide, select and achieve their educational and/or career goals. At West Los Angeles College this process is called

Y.E.S., Your Educational Success. The college's responsibilities within this process are to provide the following:

1. Orientation for new and non-exempt students
2. Assessment
3. Counseling, and preparing advising in order to develop your Student Educational Plan (SEP). This process assists students from the time they enroll until the time they terminate their studies at any of the campuses of the LACCD. The student’s responsibilities under the Matriculation process are to:

(A) Express a general educational intent, initially, and after a reasonable period of time, declare a specific educational goal,
(B) Attend class and complete courses while making reasonable progress to achieve an educational goal, meeting the standards established by the college and the State of California.

ELIGIBILITY AND EXEMPTIONS FOR MATRICULATION

All students enrolling in courses for credit are required to participate in the Matriculation process unless exempted.

Students who hold an AA/AS degree or higher are exempted from all components of the Matriculation process except Admissions.

The following students are exempted from orientation, counseling and advisement, and follow-up but will be subject to the Matriculation process if their status changes. These are students who are:

- taking 6 units or fewer,
- enrolling in personal interest courses
- are concurrently enrolled in another college, and/or
- not intending to complete a degree from WLAC.

Students who do not plan to take English, English as a Second Language, or math do not have to participate in the assessment component.

Even though exempted, students may choose to participate in any Matriculation component.

COMPLAINT OF UNLAWFUL DISCRIMINATION

A student who feels that a matriculation practice has been used to unlawfully discriminate against him or her may file a petition with the Associate Dean of Student Services. The student may appeal that decision through the college grievance procedure.

ASSESSMENTS

ENGLISH AND MATHEMATICS

The purpose of assessment is to provide guidance information to assist students in selecting courses in which they can succeed and which help them to attain their educational goals. All students wishing to enroll in English, ESL or math classes are required to be assessed. Prerequisites to all math courses are enforced. For English courses, only English 101 and above prerequisites are enforced. No waivers to prerequisites will be accepted. Challenge of prerequisites forms are available in the Student Entry Center. See section in college catalog in challenge to prerequisites.

After students receive their assessment results, they should consult a counselor for academic advisement. Counseling is a major component of Matriculation. Walk-in counseling is available during registration. At the beginning of their first semester, students should make an appointment with a counselor to prepare a Student Educational Plan. The counseling office is located in building A13, telephone (310) 287-4520.

In order to be assessed, students must first file a WLAC application for admission with the Admissions Office. There is no charge for assessment.

Sample assessment questions for math or English are available in the Student Entry Center or Assessment office.

Students may not need to take an assessment exam if they have previously taken the test in the last two years, have acceptable test information from another college, or if they do not plan to enroll in English or math courses. It is the students’ responsibility to have proof that they are eligible to take a math, English or ESL course before registering.

ENGLISH AS A SECOND LANGUAGE ASSESSMENT

A special English assessment is available to students whose native language is not English and who wish to, or are advised to, enroll in ESL classes.

Students should consult the Admissions Office for English, ESL and Math assessment appointment times and further information.
PREREQUISITE, CO-REQUISITE AND ADVISORIES

Some of the courses offered at West Los Angeles College have prerequisites, co-requisites, or advisories stated in the course descriptions. A prerequisite is a condition of enrollment that a student must meet in order to enroll in the course. A co-requisite is a condition of enrollment consisting of a course that a student is required to take in order to enroll in another course. An advisory on recommended preparation is just a recommendation to the student to meet in order to be successful in the course.

Any student may challenge a prerequisite or co-requisite or other limitation on enrollment on the following grounds:

- The prerequisite or co-requisite has not been made reasonably available;
- The prerequisite or co-requisite was established in violation of regulations or is in violation of the district-approved policies and procedures;
- The prerequisite or co-requisite or limitation on enrollment is unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
- The student has the knowledge of ability to succeed in the course despite not meeting the prerequisite; or
- Other grounds for challenge that the student may feel apply to this section.

The challenge to prerequisites or co-requisites form is available in the Student Entry Center, Assessment Office or in the Admissions Office. Additional assistance with the challenge process can be found in the counseling center.
STUDENT SERVICES AND PROGRAMS

COUNSELING AND GUIDANCE

While success in college undoubtedly depends upon personal initiative and diligence, many students need personal assistance in choosing a major, a transfer college, or a career. They also benefit from clear definition of their abilities and interests. Such assistance is readily available through Academic Advisement, in the Student Entry Center.

Academic counseling at WLAC begins for new freshmen with an assessment/orientation session (see also Matriculation), during which students receive registration information and help with educational problems. In addition, walk-in counseling is available during registration. Throughout the year, help with such problems as planning a course of study, choosing a major, and meeting transfer requirements is available on an appointment or walk-in basis. This counseling is advisory only, as students are expected to assume responsibility for completing the courses of study which they have selected.

SPECIAL COUNSELING

Special counseling and academic advisement is available for EOP&S, International Students, and Disabled Students.

CAREER TESTING

The Career and Personal Appraisal program offers students the opportunity to explore their skills, interests, personality and values through a program of career testing. Career testing is available to enrolled students in the Career Development Center.

THE TRANSFER CENTER

The goal of the Transfer Center is to develop and deliver services in assisting students to transfer to four-year colleges and universities. This is done in coordination with articulation, counseling services and other transfer function services. Resource materials and catalogs are available to students, college counselors and other staff members to enhance the transfer function at West Los Angeles College.

Representatives from the University of California, as well as California State University, and private universities such as the University of Southern California visit on a regular basis to provide current information to students. Questions on topics such as financial aid, housing facilities and admission requirements are answered; and applications are available. Students are encouraged to reserve appointments for the visiting representatives. In addition to the transfer counseling services that all counselors are prepared to provide, the Transfer Center Coordinator/Counselor coordinates informational workshops and programs on various topics such as completion of college applications and financial aid. Tours to four-year institutions are provided as funds allow for this service. Each month, a calendar of events is available in the Transfer Center and displayed in prominent areas on the campus. Students are invited to call or visit the Transfer Center for planned events or services.

EOP&S

EOP&S is a state-funded program of support services which are above and beyond other services offered by the college. These services are for full-time students who are economically and educationally disadvantaged.

EOP&S at West Los Angeles College is located at B4-100. It opens Monday through Friday from 8:30-11:45 and 1:00-4:00

EOP&S Services - The following are special services that may be offered to qualified students:

Academic (Educational Plans)
Achievement Awards Ceremony
Assessment (Testing)
Book Service Vouchers
College information
Counseling (Class scheduling; Vocational; Personal)
EOP&S Student Club
Financial Assistance
Instructional Support Services
Outreach, recruitment and orientation to college
Peer Advising
Personal Development Classes
Priority Registration assistance
Referrals to community services
Special Activities
Special Workshops
Tutoring
University Transfer Assistance
University Visitations
Work Study Opportunities

DSPS

(Disabled Student Programs & Services)

Students who have special needs because of physical, communication, or learning challenges are invited to visit the DSPS program office intake (B4-102), and speak to a program representative about program eligibility and services which include:

- Assisting with Department of Rehabilitation, sponsored support services (i.e., transportation, educational materials, books, and supplies)
- Classroom accommodations for students with physical challenges.
- Diagnostic Assessment for Learning Disabilities
- Eligibility
- Introduction to and use of adaptive computer equipment
- Learning Strategies /Study Skills classes.
- Liaison with Recordings for the Blind and Dyslexic (books on tape)
- LSK 41: Study Strategies: Learning Foundations (3 units)
- LSK 41A: Study Strategies: Learning Foundations (1 unit)
- LSK 41B: Study Strategies: Learning Foundations (1 unit)
- LSK 41C: Study Strategies: Learning Foundations (1 unit)
- Program Planning and Counseling.
STUDENT SERVICES AND PROGRAM

- Registration assistance.
- Special accommodations for those with profound hearing loss/visual impairments.
- Special parking permits.
- Strategic Tutoring.
- Test proctoring and related accommodations.

For information about eligibility criteria for assistance with educational-related expenses for adults with disabilities, interested students may wish to contact the State Department of Rehabilitation directly. The local office address is 5161 Overland Avenue, Culver City; Phone: (310) 559-6140.

CARE

(Cooperative Agencies Resources for Education)

CARE is a special program for single parent head of household students who currently receive CalWORKS/TANF assistance, have at least one child under the age of 14, and who qualify for EOPS program. CARE may offer eligible students the following assistance:
- Partial child care stipends
- Book service voucher
- Grants
- Bus transportation stipends
- Parking permits stipends
- Counseling (Academic, personal, vocational)
- Educational planning
- Single parent worksheet
- Community agency referral
- Crisis intervention assistance

WHAT IS FINANCIAL AID?

Financial Aid is monies made available by the federal and state government and private sources in the form of grants, employment, scholarships, and loans. These monies are available to make it possible for students to continue their education beyond high school even if they and/or their family cannot meet the full cost of the post-secondary school they choose to attend. The basis for such programs is the belief that parents have the primary responsibility of assisting their dependents to meet educational costs and that financial aid is available only to fill the gap between a family's contribution and the student's yearly academic expenses.

HOW TO APPLY?

Students must complete a Free Application for Federal Student Aid (FAFSA) and send it to the appropriate processor listed in the application.

WHO IS ELIGIBLE?

To be considered for financial aid, students must meet the following minimum requirements:
1. Be U.S. citizens or eligible non-citizens. Eligible non-citizens are U.S. permanent residents who have a document from the Immigration and Naturalization Service verifying that their stay in the U.S. is for other than a temporary purpose.
2. Show that they have a financial need.
3. Satisfactory progress in a course of study leading to an A.A., or A.S. degree, occupational certificate, or transfer to a baccalaureate degree program.
4. Must not be in default on a Perkins Loan (formerly National Direct Student Loan), Stafford Loan (formerly Guaranteed Student) or California Loans to Assist Students (CLAS) at any school they have attended.
5. Must not owe a refund on a Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG) or State Student Incentive Grant.
6. Be registered with the Selective Service if required to males only.
7. Students must have a high school diploma or its equivalent or provide documentation of "Ability to Benefit." See Satisfactory Progress Policy for Financial Aid Recipients for further information about the requirement for students who do not have a high school diploma or it equivalent.

WHEN TO APPLY

Deadline and priority filing dates change each academic year. Students should consult the current financial aid publications for specific deadline dates. The Los Angeles Community College District has established one priority filing date for summer school and one for fall and spring semesters each year. West Los Angeles College will give first priority to completed applications received by the priority dates within the guidelines set by federal and state regulation. Students who have missed the priority deadline dates are encouraged to apply as surplus funds may be available.

If in doubt, call or visit your college Financial Aid Office. Staff members are available to answer your questions and help you complete any of the forms. Keep in mind that it takes 6-8 weeks, sometimes longer, between the time you apply for aid and the time your award is completely processed.

DETERMINING FINANCIAL NEED:

The number and amount of financial awards and payments are subject to availability of institutional, federal and state aid funds. The type of aid and the amount received will be determined by the Financial Aid Office. Financial aid awards are based on demonstrated financial need, which is the difference between allowable educational expenses and the total of the parents resources, and/or the student's own resources. Resources may include, but are not limited to, employment earnings, veteran's benefits, Social Security benefits, or parent's and/or student's contribution. Resources are then measured against the institutional student expense budget to determine the "financial need"

Resources are determined from the financial aid application submitted by the student. Documentation of resources including the 1040/Federal Income Tax Return of the parent and/or student may be required. All information is held in strictest confidence.
Throughout the year, West Los Angeles College receives announcements on scholarship opportunities for students. The focus of each scholarship is different; some require good grades, some require financial need and some are awarded to students who are majoring in certain areas. The campus Financial Aid Office will post these announcements on its bulletin boards as well as make general announcements in campus media.

THE FOLLOWING SCHOLARSHIPS ARE OFFERED THROUGH WEST LOS ANGELES COLLEGE:

1 WLAC FOUNDATION SCHOLARSHIP
Awards of $2,000 and $1,000 are offered to students of any major who have completed at least 45 units at West Los Angeles College and have demonstrated excellence in the classroom. Minimum GPA is 3.75.

2 DON LEIFFER AWARDS
Awards of $500 are made to recognize outstanding academic achievement by students representing each of the college’s seven academic divisions.

3 ASO AWARDS FOR ACADEMIC ACHIEVEMENT
The Associated Student Organization, in conjunction with the seven instructional divisions, makes one $100 award per division to an outstanding student selected by division faculty members. For further information, contact a division chairperson.

4 ASSOCIATED STUDENT ORGANIZATION LEADERSHIP AWARDS
The Associated Student Organization, in conjunction with the seven instructional divisions, makes one $100 award per division to a student who has exhibited leadership or strong involvement in college and community activities. For further information, contact a division chairperson.

5 ISABEL SHANE MEMORIAL AWARD
One $250 award is made to an outstanding art or music major. The award may be made in the areas of: art design, art ceramics, art history, art painting, choral music, instrumental music or piano.

6 ANDREW MASON MEMORIAL AWARD
This $250 award is made to a student who excels in the field of science, in honor of Andy Mason, long-time professor of Science.

7 LYDIA VERA SORRENTO AWARD
This fund provides a $250 award for academic excellence in foreign languages.

8 CARL PEDERSON MEMORIAL AWARD
This $250 award is given to an outstanding foreign language student majoring in Spanish or French.

9 CHARLES S. REMY JR. MEMORIAL AWARD
This $500 scholarship is given in honor of the first student body president of West, and is awarded to a student who has exhibited outstanding leadership on campus or in the community.

10 THE ALBERT D. SANCHEZ AWARD
One award for $700 is awarded to a student who has completed at least 20 units in the Aviation Maintenance Technician (AMT) program with at least a 3.5 grade point average (GPA) in AMT courses and a 3.0 GPA in general education courses taken to acquire an A.S. degree. In addition, the recipient must have a demonstrated record of service to the community.

11 THE HENRY KUBO MEMORIAL AWARD FOR EXCELLENCE IN MATHEMATICS
This $250 award is made annually to an outstanding student in Mathematics in honor of Henry Kubo, long-time professor of Mathematics.

12 THE MORRIS J. HELDMAN CHEMISTRY AWARD
This $250 award, in memorium of WLAC’s founding president, is made to an outstanding chemistry student.

13 IRVING R. TANNENBAUM MEMORIAL AWARD
This $250 award is made to a second-year student who intends to transfer to a four-year college or university to continue studying physical or biological science. The award is made in honor of Irving R. Tannenbaum, long-time professor of Chemistry.

14 ALPHA GAMMA SIGMA (AGS) LEADERSHIP AWARD
This $100 award is made to an AGS student who has demonstrated leadership skills for one semester or more.
15 ALPHA GAMMA SIGMA (AGS) SCHOLASTIC AWARD
This $100 award is given to an AGS student who has demonstrated outstanding scholastic achievement during the previous year.

16 THE WLAC OUTSTANDING ATHLETE AWARD
One $100 award is given to athletes who have made outstanding athletic contributions and have completed 36 units.

17 LIT AWARDS
These two awards for $200 are for all majors who work and support a family while they attend school.

18 CHARLES H. BROWN SCHOLARSHIP/LEADERSHIP AWARD
These students must have a declared major. The two awards are given to individuals who have demonstrated leadership and community service involvement.

19/20/21 INSTRUCTIONAL MEDIA, LIBRARY/IMC AND HLRC CHAIR SCHOLARSHIPS
Three individual awards of $200 and one for $250. For the students who recognize that learning goes beyond the classroom and that libraries and learning resource centers are vital to developing and sustaining life-long intellectual curiosity and study.

22 LINDA M. THOR AWARD
This $250 award is given to a single parent who is employed full-time. While academic achievement is an important criterion for selection, the potential for community service and leadership is also important.

23 DOROTHY G. GIBSON AWARD
This $250 award is given to a student who has been out of college at least two years and has returned to WLAC in the last year to continue his or her education. The student must also have demonstrated financial need.

24 EOPS/CARE SCHOLARSHIP
This $100 award is for an EOPS-eligible single parent student with an unmet financial need.

25 WLAC FACULTY ACADEMIC SENATE SCHOLARSHIP
One scholarship of $100 is awarded to a student who has completed at least 24 units and is on a transfer track to a four-year college/university. Student must show leadership skills or involvement in school government, community activities or extracurricular activities.

26 AVALON FOOD SCHOLARSHIP
Four scholarships of $250 each awarded to outstanding ASO or club officers with demonstrated leadership ability.

27 ELIZABETH P. NUCKOLLS MEMORIAL AWARD
This $300 award is given to a student with demonstrated excellence in physical or life sciences. The Zonta Club of Los Angeles administers this award on behalf of Liz Nuckolls, a long-time Professor of Science and former club member.

28 ALPHA GAMMA SIGMA SERVICE AWARD
This $100 award is made to an AGS student who has demonstrated outstanding volunteer services.

Complete information and scholarship applications are available in the Financial Aid Office, the Student Services Office, and the Student Activities Building.
STUDENT SERVICES AND PROGRAM

TYPES OF FINANCIAL AID AVAILABLE

GRANTS

FEDERAL PELL GRANT

The Federal Pell grant is a federally funded program. To be eligible, an applicant must be an undergraduate student and demonstrate financial need. Grants range from $200 to $3,000 per academic year for Los Angeles Community College District students. The amount of the award is determined by the Federal Pell Grant Program, and is in most cases based on the previous year’s income and current asset information provided in the application. Students who want to apply for the Pell Grant and other federal financial aid programs should complete the Free Application for Federal Student Aid (FAFSA).

In certain cases, a family’s financial situation can change because of:

Death in the family
Separation or divorce
Loss of employment
Loss of non-taxable income or benefits

In this case, the student will need to contact the Financial Aid Office for assistance.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

The FSEOG program is a federal program designed to supplement other sources of financial aid for students with exceptional need. FSEOG awards at West Los Angeles College generally range from $100 to $800 per academic year. FSEOG is available for as long as it takes to complete the first undergraduate degree within the time frame coinciding with the LACCCO’s Satisfactory Progress Standards. When students apply for financial aid, they will automatically be considered for this program based on the eligibility requirements and packaging policies.

All applicants must file the Free Application for Federal Student Aid (FAFSA) in order to be considered for this program.

BUREAU OF INDIAN AFFAIRS GRANT (BIA)

BIA Grants provide money to help defray the cost of education for students of American Indian heritage. Students may apply if they:

1. are at least one-quarter American Indian, Eskimo, or Aleut, as certified by the BIA and/or
2. tribal group services by the BIA;
3. have financial aid eligibility and scholastic ability;
4. are working toward an undergraduate or graduate degree; and
5. have completed all of the application requirements.

Amounts of the grants vary and are set by the individual agencies of the BIA. The BIA grant is advantageous because, unlike other grants, it may be used to replace the loan or work portion of the financial aid package.

Applications are available through the office of the Bureau of Indian Affairs or at the Central California Agency, Vocational Grants, 1824 Tribute Toad, Suite J, Sacramento, CA 95815. Higher Education Grant applications, write to Office of Indian Education, 2800 Coughie Way, Sacramento, CA 95825.

CAL GRANTS

The State of California, through the California Student Aid Commission, sponsors several grant programs for undergraduate students. These include but are not limited to CAL Grants, a program to assist the dependents of law enforcement officers who have been killed or disabled in the line of duty and a Bilingual Teacher Grant Program. See the Financial Aid Office for a complete listing of grants, scholarships and loans offered through by the California Student Aid Commission.

To qualify for any of the state-funded grants, students must be California residents, be U.S. citizens or an eligible non-citizens, obtain a Social Security number, and be attending (or plan to attend) an eligible school or college in California. Students can receive only one CAL Grant, either Cal Grant A, B, or C.

CAL GRANT A

Although this grant is used at a four-year college, students are encouraged to apply for one while attending the Los Angeles Community Colleges. Cal Grant A helps low and middle income students with tuition costs. Grant winners are selected on the basis of financial need and grade point average.

Students who qualify for a grant and who want to attend a public community college can have the Student Aid Commission hold their award until they transfer to a four-year college. The grant can be held up to two years, but not for more than two years, provided that the student continues to qualify financially.

To be eligible for a new (first-time) CAL Grant A award, students must have a minimum of one full academic year of school work remaining and must be enrolled in at least 6 units of course work.

To apply, students must submit a (FAFSA) by the deadline date.

CAL GRANT B

This grant provides a living allowance for entering college freshmen who come from very low income families. Because this grant is intended for students who would be unable to attend college without such help, all new Cal Grant B awards are available to students who have completed no more than one semester of full-time college work (16 semester units or 24 quarter units).

There are approximately 250 special Cal Grant B awards for community college students transferring to four-year colleges.
The special award requires enrollment on at least a half-time basis at an eligible four-year tuition/fee charging college in the fall of the semester the funds will be received. The applicant's last school of attendance must be a community college. Those who have already transferred to a four-year college are not eligible for a special Cal Grant B. at a community college; it can range from $100 to $1,410 per academic year.

To apply, students must submit a Free Application for Federal Student Aid (FAFSA) by the deadline date.

**CAL GRANT C**

This grant is intended for students who desire to train for specific occupations, vocations or technical careers, but do not have the financial resources to enter training programs because they are from low to middle income families.

Grants are limited to $530 at community colleges for programs ranging in length from four months to two years. Students must be enrolled in at least 6 units and demonstrate occupational achievement or aptitude in the chosen field.

To apply, students must submit a Free Application for Federal Student Aid (FAFSA) by the deadline date. The applications are available from the campus Financial Aid Office.

**LAW ENFORCEMENT PERSONNEL DEPENDENTS SCHOLARSHIPS**

This grant program provides educational benefits to the dependents of California police and other law enforcement officers (Chief of Police, Police Officer, Sheriffs, Deputy Sheriffs, Marshall, Deputy Marshall, etc.) who have been killed or totally disabled in the line of duty.

For more information and application material write directly to the California Student Aid Commission, 1410 Fifth Street, Sacramento, CA 94245-0001.

**BOARD OF GOVERNORS ENROLLMENT FEE WAIVER (BOGW)**

The Board of Governors Waiver (BOGW) is offered by the California Community Colleges to help low income students pay enrollment fees. Fees paid for students under this program include enrollment charges for the academic year and for summer session(s). Applicants do not have to be enrolled in a specific number of units or courses to receive this waiver. The BOGW does not require repayment. Please see “Enrollment Fee Assistance,” for further information.

NON-RESIDENT students are not eligible for BOGW. Note: the Admissions Office makes Determination of whether a student is a California resident or non-resident.

---

**FEDERAL FAMILY EDUCATION LOAN PROGRAMS (FFELP)**

**FEDERAL PERKINS LOAN (FORMERLY NATIONAL DIRECT STUDENT LOAN - NDSL)**

This loan is a long term loan repayment program to help students with exceptional need meet their educational expenses. Students may borrow up to $4,500 at the community college and up to $9,000 to complete their undergraduate degrees. A Perkins Loan is available to students showing "exceptional need".

**REPAYMENT OF LOANS**

Repayment status begins nine months after the borrower graduates, withdraws, or ceases to be at least a half-time student, and can be extended to ten years and nine months after such date. During the repayment period, five percent interest is charged on the unpaid balance of the loan principal.

Students who are interested in the terms and conditions of the loan prior to applying for aid should come to the Financial Aid Office and ask for a copy of the promissory note.

**FEDERAL STAFFORD LOAN PROGRAM (FORMERLY THE GUARANTEED STUDENT LOAN PROGRAM)**

Eligibility for the Stafford Loan Program is based on financial need. The current interest rate on these loans is 7.66% Interest rates may vary from year to year. Students with outstanding 7%, 8%, and 9% loans will continue borrowing at that rate. The federal government pays the interest while the student is enrolled on a full time basis in an eligible educational institution and for a six-month grace period afterwards.

These loans are available through participating banks, savings and loan associations, and credit unions to California residents or non-residents who will attend a Los Angeles Community College and also, to California residents who attend institutions outside of California for the period of enrollment in school. The loans are guaranteed by the State of California and insured by the federal government. In order to apply, applicants must submit a Stafford Loan Application as well as a Free Application for Federal Student Aid (FAFSA) or an ACT application. The maximum amount that a student can borrow the first year is $2,625; the second year is $3,500. To be eligible, a student must be enrolled in at least 6 units for the entire loan period. Repayment begins six months after a student ceases being a half-time student, withdraws, or graduates from school. All Potential borrowers must attend a Debt Management Loan Workshop prior to consideration of being processed for Stafford Loan. The school which the applicant will attend must certify Part B of the Stafford Loan Application before it is submitted to the lender.

Students should refer to the Financial Aid Handbook for the loan limits set by the Los Angeles Community College District in an effort to emphasize and promote prudent debt management.
OTHER SOURCES OF FINANCIAL AID

EMPLOYMENT - FEDERAL COLLEGE WORK STUDY PROGRAM (FCWS)

The FCWS program is a Federal program, which enables students to earn part of their financial aid, award through, part-time employment. To be eligible, students must be a U.S. citizens or eligible non-citizens, enrolled in the appropriate number of units, and must maintain good academic standing while employed under the program. Hourly wages vary with the type of work and the number of units completed and work experience. Work-study is also available for students qualifying for financial aid during the summer.

HOW IS STUDENT FINANCIAL AID DETERMINED?

Most financial aid awards are based on demonstrated financial need, which is the difference between cost of attendance and the expected family contribution. (e.g. Cost of Attendance - Expected Family Contribution - Need)

Parents’ or student’s contribution is determined from the information reported on the FAFSA and may be verified by a Federal Income Tax Return (1040), and by agencies providing non-taxable income to the family.

Once the student’s financial need and eligibility are established, a "package of aid" is provided which may be a combination of different aid programs. This package can consist of a combination of grant, work-study and loan monies.

The LACCD prefers to meet a student’s need with a combination of grant and self-help aid whenever possible.

ADDITIONAL INFORMATION

The Student Financial Aid section of this catalog is intended to give students an overview of the Financial Aid Programs at West Los Angeles College. A Financial Aid Handbook entitled “THE HELPING HAND” is available from the Financial Aid Office. It was written especially to inform West Los Angeles College students about matters pertaining to financial aid on this campus and it contains a more comprehensive explanation of satisfactory academic progress standards, financial aid programs, procedures and regulations.

SATISFACTORY ACADEMIC PROGRESS POLICY FOR FINANCIAL AID RECIPIENTS

All of the following standards must be met by a student to be eligible to receive financial aid.

INITIAL ELIGIBILITY

In order to establish initial eligibility when applying for financial aid, students must be enrolled in a minimum number of units and are expected to meet all standards of satisfactory progress based on work that is part of the Los Angeles Community College District’s official student records.

If applicants have one semester in which progress was sub-standard, they will be placed on probation and considered for aid. Applicants with two or more semesters of sub-standard progress are not eligible and are expected to go through the appeal process to be considered.

EDUCATIONAL GOAL

Each student must have an educational goal or objective that can be met at the institution from which financial aid is requested. Within the LACCD an educational goal objective is defined as:
1. Enrolled in an eligible program or course of study leading to an Associate of Arts or Associate of Science Degree.
2. Enrolled in a course leading to a Certificate upon completion, or
3. Be enrolled in transfer program leading to a baccalaureate granting degree program.

SATISFACTORY PROGRESS STANDARDS

1. Students must maintain a semester and cumulative GPA of 2.00.
2. Students must have completed fewer that 72 units within the LACCD at the start of the academic year. The college may make exceptions for students who may require additional units to complete their educational goal.
3. Eligibility for financial aid for classes of Instructional Television (ITV) must meet the same standards of regular courses.

<table>
<thead>
<tr>
<th>Type of Class</th>
<th>Financial Aid Eligibility</th>

<tbody>
<tr>
<td>Credit No/Credit Basis</td>
<td>X*</td>
</tr>
<tr>
<td>ITV*</td>
<td>X*</td>
</tr>
<tr>
<td>Audited Classes</td>
<td>X</td>
</tr>
</tbody>
</table>

*Students enrolled in more than 50% of their units in ITV may be eligible for financial aid through Los Angeles City College. For all other colleges, ITV courses cannot exceed 50% of total number of units. They will not be counted until completed, regardless of the institution.

4. Students are allowed 72 units within the LACCD in which to complete their educational goal. Attending full time (12 or more units per semester, excluding summer sessions), students would be expected to complete their program in three years. Attending part time (6 units), students would be expected to complete their program in six year.

5. Students must complete more than 56% of semester units attempted with a grade of A, B, C, D, F, or CR each semester or cumulatively.
NOTE: Students should refer to the current college catalog for rules relating to repeatability of certain classes.
Continued eligibility is based on progress at the institution from which aid is requested except for total unit limitation.

APPLICATION OF STANDARDS
Satisfactory progress will be determined:
1. Upon publication of grades by the college Admissions Office.
2. Prior to the first disbursement of the fall and/or spring semester(s) for students on probation.
3. Review of the 72 unit's limit will occur at the beginning of the student's first semester of attendance. Students with fewer than 72 units within LACCD at the time of review will be considered eligible for the remainder of that academic year so long as all other standards are met.

FAILURE TO MEET THE STANDARDS OF SATISFACTORY PROGRESS
Students failing to meet any one or more of the standards will be either placed on financial aid probation or disqualified from financial aid. Students must be notified of their status.

PROBATION
1. Students who transfer from colleges outside of the Los Angeles Community College District who do not submit academic transcripts from those colleges will be placed on financial aid probation for one semester.
2. Los Angeles Community College students receiving financial aid who fail to meet any one or more of the standards of satisfactory progress during their last semester or cumulatively will be placed on financial aid probation for one semester. Students who failed to meet the standards at any college in the LACCD are on probation at all colleges within the LACCD. Students who failed to meet the standards of satisfactory progress may be permitted additional aided probationary semesters in which to meet the standards -i.e., students on probation who have made measurable improvement but who have failed to achieve the minimum standards of satisfactory progress, may be granted additional aided probationary semesters. The colleges establish specific guidelines as to the circumstances under which continued probation will be granted.

DISQUALIFICATION
Students who are ineligible for financial aid at any LACCD college are ineligible at all colleges within the LACCD.

DETERMINATION OF DISQUALIFICATION
1. Students who have met their educational goal are ineligible for further financial aid.
2. Students who have failed to meet the standards of satisfactory progress during their probationary semester and who have not been granted continued probation the following semester are ineligible for further financial aid.
3. Students who have completed 72 units with LACCD are ineligible for further financial aid beyond the academic year in which the 72 units were completed.
4. Students who first received aid in 1987/88 or later who do not achieve a cumulative GPA of 2.00 or better by the end of the second academic year must be disqualified. The second academic year is defined as a period of time and is not a function of the level of enrollment. Additionally, all other standards of satisfactory progress must be reviewed and met in order to continue eligibility.

APPEALS
Students may appeal financial aid probation or disqualification by submitting a written appeal to the College Financial Aid Office. The College Financial Aid office establishes deadline dates for submission of appeals through administrative channels established at the College. Students may be reinstated when they have met all of the satisfactory progress standards or by an appeal; however, awards cannot be paid retroactively.

ABILITY TO BENEFIT
Students who have the qualifications listed below have demonstrated the "Ability to Benefit" from a college education in accordance with applicable Federal Regulations.
1. Received a high school diploma;
2. Received a certificate of General Education Development (GED); or Certificate of State Equivalency of High School.
3. Successfully completed a two-year program that is acceptable for full credit toward a bachelor's degree.
4. Passed an independently administered test that is approved by The Secretary of the Department of Education. The Financial Aid Office is located in Building A-13, Telephone (310) 287-4510

CAL WORKS/WORKFORCE DEVELOPMENT & AMERICORP
(CALWORKS formerly GAIN)
CalWORKS (California Responsibility to Kids) program provides Welfare-to-Work services designed to help remove barriers to employment and encourage personal responsibility to economic self-sufficiency. It replaces AFDC. CalWORKS includes vocational education, childcare, student work-study opportunities, and academic support services. The CalWORKs Office is located in the Workforce Development Center, Building A-4, behind the Student Center.
CITIZENSHIP PROGRAM

The Citizenship Education Program of West Los Angeles College provides classes in preparation for U.S. Naturalization. Classes include basic English with emphasis on oral and written language for everyday life. Classes focus on U.S. History, U.S. and California government structure, and the duties and privileges of U.S. Citizenship. Students are provided assistance in completing the N-400 Form for Naturalization as part of the class. Classes are non-credit and are offered at off campus locations. The Citizenship Program Office is located in the Heldman Learning Resources Center, First Floor, Room 140. For dates, locations of classes and further information call (310) 287-4427.

VETERAN SERVICES

A Veterans Affairs Office, located in the Student Services building, provides information and services for veterans.

West Los Angeles College programs are approved by the Veterans Administration. Consequently, the College works in close cooperation with the Veterans Administration in offering training under the provisions of Public Law 894 (Federal Education Rehabilitation Program) and Public Law 634 (War Orphans Act) and with the California Veterans Educational Institute under the provisions of Chapter 34, Title 38, United States Code.

In order to be eligible to receive subsistence, students must apply to the college, meet all admission requirements, and complete the necessary "Veterans Educational Benefits" forms (obtained from and returned to the Veterans Affairs Office). Veterans receiving assistance are responsible for knowing and observing strictly the regulations regarding change of objectives, withdrawals, overpayment, program planning and the 60-unit rule.

SELECTIVE SERVICE

Under Veteran Affairs; according to duration Code section 66500, all male applicants to undergraduate admissions is obligated to register with the Selective Service.

CHANGES OF OBJECTIVES

Veterans may make one change of objective during the period of their entitlement. A change of major, however, is not necessarily a change of objective. A change of major results in a change of objective when an extension of time is necessary to complete the new objective or when a new degree is required.

WITHDRAWALS

It is the responsibility of veterans to immediately inform the Office of Veterans Affairs of any changes in enrollment status (changes in units taken). The last day of veteran's attendance in class must be immediately reported to the Veterans Administration in order to avoid overpayments. An excessive number of units of W may lead to academic probation or disqualification. Filling out the appropriate form or giving written notice to the Admissions Office completes official withdrawal from a class.

OVERPAYMENT OF VETERANS

The Veterans Administration holds both the college and the veteran liable for overpayments. The most common overpayment occurs when veterans cease to attend class. The Veterans Administration considers veterans ineligible to receive monthly benefits after their last date of attendance.

Students with career terminal objectives should select the Associate degree as their ultimate objective and not the BS or BA degree. They may then take courses, which are not necessarily, transfer courses.

All veterans are encouraged to seek assistance from the Veterans Office on campus with program planning and financial assistance.

SERVICES FOR STUDENTS

BOOKSTORE

The WLAC Bookstore serves students and staff, providing textbooks and classroom supplies as well as apparel, sports equipment, confections, magazines, paperbacks, greeting cards, study aids, and personal care items. A special book order service is provided. Visa, Master Charge, Discover and pre-printed personal checks with addresses matching both WLAC registration fee receipt and California Driver's License/California I.D. are accepted.

A current check guarantee card may be substituted for the registration fee receipt.

The Bookstore will buy back books from the college community only in quantities determined by Bookstore needs. Books are purchased during the final examination period at 50 per cent of list price if the title will be adopted for the following semester. A wholesale book company representative will buy most other titles at that time at wholesale prices. Books in an unsalable condition will be refused.

The Bookstore telephone number is (310) 287-4560 OR (310) 287-4381.

AVAILABILITY OF USED BOOKS

The best selection of used books is available immediately before each semester and on the first day of classes.

CHILD DEVELOPMENT CENTER

The Center is a nurturing place for children of WLAC student-parents, providing parents a low cost, safe learning environment. The licensed, well-equipped facility operates under the supervision of certificated faculty.

The Center is opened Monday - Thursday from 7:45a.m. to10:00 p.m. Friday availability subject to enrollment. (Check with the Center) Children ages 2-12 years accepted.
STUDENT SERVICES AND PROGRAM

The Center offers opportunities for parents to learn more about their children's development. To this end, it involves parents in the education and development of their children through parent meetings and the children's program; fostering cooperative teamwork between parents and the Center faculty. Supervised training is available to students interested in teaching young children.

Children must attend a minimum of two sessions a week. Fees are based on a sliding scale ranging from 75 cents to $2.00 an hour. If families qualify, the Center has grants from CalWORKS and the State of California, to reimburse tuition.

Applications are available in Counseling Center, EOP&S, the Workforce Development Office and Child Development Center, which is located in parking lot 5. For more information call (310) 287-4357.

FOOD SERVICE

Full service vending machines are available in the Pavilion located on the campus upper terrace and near the HLRC.

IMMUNIZATION POLICY

The Department of Health Services wishes students to be immunized against measles. The college will require such immunization only if it is deemed essential by the Department of Health Services.

HOUSING

The college does not provide residence facilities on campus. Rooms and apartments are available in nearby communities. Housing information is available in the Student Information Office (Campus Center).

JOB PLACEMENT SERVICES

A student graduating from West Los Angeles College is entitled to use the job placement services of any of the other Los Angeles Community Colleges. The Job Placement Office is located in Building A-4.

An Employment Development Department outstation is located on campus to provide job listing information and referrals to WLAC students and members of the community. Contact the State Employment Department.

PARKING AREAS AND TRANSPORTATION

Well-lighted parking facilities are available on campus for over 1,000 cars. All vehicles must have a current parking permit visible (21113A V.C.); visitors may obtain temporary permits from the Police and Safety Office in Building A9. (See campus map for short-term visitor and handicap parking areas).

All California vehicle code rules and regulations are applicable at the college. The campus speed limit is 10 m.p.h.

WLAC is served by Culver City Bus Lines 3 and 4, which connect with Southern California Rapid Transit District buses. The College can be reached from the San Diego Freeway north and south by exiting at the Jefferson Boulevard off-ramp. It can also be reached from the Santa Monica Freeway east and west by exiting at the Overland off-ramp and proceeding south to Freshman Drive.

PARKING LOT DISCLAIMER

The Board of Trustees or the District will not be responsible for damage, loss of vehicle or its contents unless the District is liable under the Government Codes, including but not limited to Government Codes 810 to 966.6 inclusive.

SAFETY AND POLICE SERVICES

The Los Angeles Community College District maintains a Police Department. All officers of this department are peace officers of the State of California and are fully trained in the Los Angeles County Sheriff's Department Academy. They exceed all requirements necessary for police employment.

The Police Department is located across from Admissions. The office is open from 8 a.m. to 10 p.m. The College Police are on campus 24 hours a day, throughout the year. The Police Department handles civil and criminal complaints and illness and injury problems. The Police also provide a lost and found service, parking decals and general assistance relating to information about the campus. Telephone (310) 287-4314 or (310) 287-4315. The Police Department is located in building A9.
STUDENT CONDUCT

STANDARDS OF STUDENT CONDUCT

A student enrolling in one of the Los Angeles Community Colleges may rightfully expect that the faculty and administrators will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities in the classroom and on the campus. As members of the college community, students should be encouraged to develop the capacity for critical judgments; to engage in sustained and independent search for truth; and to exercise their rights to free inquiry and free speech in a responsible, non-violent manner.

All students will be asked to sign a certification on the Application for Admissions to West Los Angeles College that they have received a copy of the Code of Student Conduct, which is found in each Schedule of Classes.

The following is based on the provisions of the California Education Code, the California Penal Code and the LACCD Board of Trustees.

STUDENT DISCIPLINE PROCEDURES

Community college districts are required by law to adopt standards of student conduct along with applicable penalties for violation (Education Code Section 66300). The Los Angeles Community College District has complied with this requirement by adopting Board Rule 9803, Standards of Student Conduct (See above).

The District has adopted Board Rule 9804, Student Discipline Procedures, to provide uniform procedures to assure due process when a student is charged with a violation of the Standards of Student Conduct. All proceedings held in accordance with these procedures shall relate specifically to an alleged violation of the established Standards of Student Conduct. These provisions do not apply to grievance procedures, student organization councils and courts, or residence determination and other academic and legal requirements for admission and retention. Disciplinary measures may be taken by the College independently of any charges filed through civil or criminal authorities, or both.

<table>
<thead>
<tr>
<th>Board Rule 9901</th>
<th>Based on Supreme Court decisions, defines colleges as &quot;non-public forums&quot; except for free speech areas, which are defined as &quot;limited public forums.&quot; Free speech areas are available for free expression subject only to the operational needs of the college.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Board Rule 9902</td>
<td>Each college shall have a free speech area within the area of the normal flow of student traffic. Eliminates any form of prior restraint the college might have been able to exercise. Moves responsibility for monitoring content of speeches from the District to the speaker.</td>
</tr>
<tr>
<td>Board Rule 9902.11</td>
<td>Relates to the distribution of flyers or literature in the free speech area. Eliminates the restrictions on distribution of lewd or offensive material. Eliminates predistribution review by college.</td>
</tr>
<tr>
<td>Board Rule 9902.12</td>
<td>2. No solicitations for money, sale of tickets, etc. unless such solicitations are made by an associated student organization or club or an organization which is registered with the Secretary of State as a non-profit corporation.</td>
</tr>
<tr>
<td>Board Rule 9902.13</td>
<td>Provides the college the chance to monitor the extent of use of the forum. It guarantees equal treatment by imposing a first come/first serve regulation.</td>
</tr>
<tr>
<td>Board Rule 9903</td>
<td>Allows the college president to set aside areas exclusively for student, faculty, and staff speech.</td>
</tr>
<tr>
<td>Board Rule 9903.10</td>
<td>Eliminates the use of bulletin boards as an open forum to non-students. By restricting use of the bulletin boards to students, the District implicitly reserves the right to reject the posting of flyers and advertisements by outside interests. All material shall be dated with the date of posting by the college president's designee. Designee does not approve posted material. The president shall prescribe a reasonable length of time for materials to be posted.</td>
</tr>
<tr>
<td>Board Rule 9905</td>
<td>Visitor use of facilities and grounds is subject to Civic Center Permit rules (unless activity takes place in Free Speech Area).</td>
</tr>
<tr>
<td>Board Rule 91002</td>
<td>The president may adopt additional rules as long as they are consistent with this article.</td>
</tr>
<tr>
<td>Board Rule 91004.12</td>
<td>The institutional control of campus facilities shall not be used as a device of censorship. It shall be made clear to the academic and larger community that sponsorship of guest speakers does not indicate approval or endorsement.</td>

</table>
GUIDELINES FOR THE FREE SPEECH AREA

This guide recognizes the students’ guaranteed rights to assemble for a free and peaceful expression of grievances.

DISTRICT RULES FOR FREEDOM OF SPEECH AREAS

Board Rules, Article IX. 9901. Adopted 4-20-89
Colleges as Non-Public Forums. The colleges of the Los Angeles Community College District are non-public forums, except for those portions of each college designated as Free Speech Areas by their respective college presidents. The Free Speech Areas are hereby designated as limited public forums, which designation may be removed and reverted to non-public forum designation by the Board of Trustees.

Board Rules, Article 9902. Adopted 4-20-89
Free Speech Areas. The college president shall designate an area or areas on the college campus as areas for free discussion and expression by all persons. A Free Speech Area may only be located where there is a normal flow of student traffic with unlimited accessibility. Necessary campus rules governing the operation of such areas shall govern only the time, place and manner in which said areas are to be used. All such rules shall be applied equally and fairly to all person desiring to use the Free Speech Areas. No restrictions shall be placed on subject matter, topics or viewpoints, expressed in Free Speech Areas.

Board Rules, Article 9902.10. Adopted 4-20-89
Responsibilities of Persons using Free Speech Areas. All persons using the Free Speech Area of the college are expected to monitor the content of their speech such that the expression (1) is not obscene, libelous or slanderous according to current legal standards, (2) does not create a clear and present danger of the commission of unlawful acts on community college premises, (3) is not violative of lawful community college regulations, or (4) does not substantially disrupt the orderly operation of the college. Any person who is found to have expressed speech in violation of this section may be subject to the sanctions applicable respectively to students, staff, faculty or visitors.

STUDENT RESPONSIBILITY

The college believes that education requires the concentrated effort of both the teacher and the student. Consequently, the student is held responsible for providing the time and personal effort and motivation necessary to meet the requirements of all his/her courses. This would include regular and prompt attendance, adequate study time, and careful adherence to the specific course work requested by the instructor.

SUMMARY OF SEXUAL HARASSMENT POLICY

The policy of the Los Angeles Community College District is to provide an educational environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment. Employee, students, or other persons acting on behalf of the District who engage in sexual harassment as defined in the policy or federal law shall be subject to discipline, up to and including discharge, expulsion or termination of contract. The specific rules and procedures for reporting charges of sexual harassment and for pursuing available remedies are incorporated in the Board Rules in Chapter 15.

The Los Angeles Community College District has a policy which provides formal and informal procedures for resolving complaints. Copies of the policy and procedures may be obtained from the Sexual Harassment Compliance Officer at West Los Angeles College, the college Advocate for Students at West Los Angeles College, or by calling the Office of the Vice Chancellor of Educational Services at (213) 991-2276, or the Office of Affirmative Action Programs at (213)891-2315.

Any member of the College Community, which includes students, faculty, and staff, who believes, perceives, or actually experienced conduct that may constitute sexual harassment, has the right to seek the help of the College. Every employee has the responsibility to report such conduct when it is directed towards students to the Sexual Harassment Compliance Officer.

Potential complaints are advised that administrative and civil law remedies, including but not limited to injunctions, restraining orders or other orders may be made available.

If this process fails and the student chooses to file a formal grievance, the student must contact the campus ombudsperson. The ombudsperson can be reached at (310) 287-4383. Under the formal grievance procedures, efforts will be made to resolve the complaint by the ombudsperson. If the matter is not resolved, a Formal Grievance Hearing may be held before a Grievance hearing Committee, if the grievance meets the criteria for a Hearing.

DRUG FREE CAMPUSES

West Los Angeles College adheres to, supports, and is in full compliance with requirements that maintain our college as a drug-free institution of higher education.

STANDARDS OF CONDUCT

On September 5, 1990, the Board of Trustees adopted the following standards of conduct:

Students and employees are prohibited from unlawfully possessing, using or distributing illicit drugs and alcohol on district premises, in district vehicles, or as part of any activity of the Los Angeles Community College District.

Additionally, on April 20, 1989, the District Board of Trustees adopted Rule 903.19, which prohibits:

Alcohol and Drugs Any possession of controlled substances which would constitute a violation of Health and Safety Code section 11350 or Business and Professions Code section 4230, any use of controlled substances, the possession of which are prohibited by the same or any possession or use of alcoholic beverages while on any property owned or used by the District or colleges of the District. "Controlled substances," as used in this section, include, but are not limited to the following drugs and narcotics:
STUDENT SERVICES & PROGRAMS

a. opiates, opium and opium derivatives
b. mescaline
c. hallucinogenic substances
d. peyote
e. marijuana
f. stimulants and depressants
g. cocaine

The board’s policy on the Drug-Free Workplace, adopted on March 22, 1989, restates these prohibitions.

Legal Sanctions - Federal laws regarding alcohol and illicit drugs allow for fines and/or imprisonment. Other legal problems include the loss of driver’s license and limitations of career choices.

Health Risks - Health risks associated with the abuse of controlled substances include malnutrition, damage to various organs, hangovers, blackouts, general fatigue, impaired learning, dependency, disability, and death. Both drugs and alcohol may be damaging to the development of an unborn fetus.

Other Risks - Personal problems include diminished self-esteem, depression, alienation from reality, and suicide. Social problems include loss of friends, academic standing, and extra-curricular opportunities, alienation from and abuse of family members, and chronic conflict with authority. Economic problems include loss of job, financial aid eligibility, homes, savings, and other assets.

COUNSELING, TREATMENT AND REHABILITATION

Students should contact their campus Counseling Office for assistance and referrals, employees should contact the Los Angeles Community College District Employee Assistance Program.

SMOKING POLICY

Smoking is not permitted in any classroom or other enclosed facility, which any student is required to occupy or which is customarily occupied by nonsmoking students.

RECORDING DEVICES

State law in California prohibits the use of any electronic listening or recording device in a classroom without prior consent of the teacher and college administration. Any student who needs to use electronic aids must secure the consent of the instructor. If the instructor agrees to the request, a notice of consent must be forwarded to the Vice President of Academic Affairs for approval.

Obtain Instructors’ permission.

STUDENT GRIEVANCE PROCEDURES

The purpose of the Student Grievance Procedures is to provide a prompt and equitable means for resolving student grievances. The procedures enumerated in Administrative Regulation E-55 shall be available to any student or applicant for admission, who believes a college decision or action has adversely affected his or her status, rights, and/or privileges as a student. And grievances relating to course grades are governed by Education Code Section 76224(a).

Section 76224(a) provides:

“When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the students’ grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final.”

Before filing a grievance, each student with a complaint shall first try to resolve the problem informally by contacting and discussing the matter with the person involved. If that effort fails and the complaint involves a faculty member, the student shall contact the appropriate department chairperson next and then contact the appropriate dean of academic affairs if the matter is not resolved.

If the complaint involves a staff member and is not resolved after discussing the matter with the staff person, the student will contact the immediate supervisor and manager if the matter is not resolved.

DISCIPLINARY ACTION

Violation of the above Board Rule shall result in student discipline imposed in accordance with the Student Discipline Procedures as stated in

Board Rule 91101.

Discipline includes warning, reprimand, disciplinary probation, suspension or termination of financial aid, suspension, withdrawal of consent to remain on campus, expulsion subject to reconsideration and permanent expulsion.

Furthermore, institutional policies and practices may impose disciplinary sanctions on students and employees consistent with local, state, and federal law, up to and including expulsion, termination of employment, and referral for prosecution for violations of the standard of conduct.

The Los Angeles Community College District is committed to drug- and alcohol-free campuses, and we ask you to share in this commitment and dedication.
ENROLLMENT AND ATTENDANCE DISTRICT POLICIES

OPEN ENROLLMENT
Unless specifically exempted by law, every course for which state aid is claimed is fully open to any person who has been admitted to the college and who meets the appropriate academic prerequisites.

UNITS OF WORK/STUDY LOAD

STUDY LIST LIMITATIONS
Maximum and minimum unit requirements may apply, as follows:

Unit Maximum. The maximum study load is 18 units during a regular semester and 7 units during a summer session. The normal class load for students in the fall or spring semester is from 12 to 18 units a semester for full-time students. A college program of 15 units is equal to at least a 50-hour work week for most students. Students who desire to take 19 or more units must obtain approval from a counselor.

Those students who will be employed while attending college should consider reducing their programs accordingly. It is suggested that those students who are employed full-time should enroll in no more than one or two classes or 9 units maximum.

ATTENDANCE STATEMENT
Only students who have been admitted to the college and are in approved active status may attend classes.

Students should attend every meeting of all classes for which they register. To avoid being dropped from class, students should contact the instructor when they are absent for emergency reasons.

Students who are preregistered in a class and miss the first meeting may lose their right to a place in the class, but the instructor may consider special circumstances. Whenever students are absent more hours than the number of hours the class meets per week, the instructor may drop them from class. In addition, the instructor will consider whether there are mitigating circumstances which may justify the absences. If the instructor determines that such circumstances do not exist, the instructor may exclude a student from the class. Students are encouraged to advise their instructors of anticipated absences.

Students are responsible for officially dropping a class that they stop attending. See section “Adding and Dropping.”

AUDITING
Students may be permitted to audit a class under the following conditions:
1. Payment of a fee of $15 per unit. Fees may not be refunded. Students enrolled in classes to receive credit for ten or more semester units shall not be charged a fee to audit three or fewer semester units per semester.
2. Students auditing a course shall not be permitted to change their enrollment in that course to receive credit for the course.
3. Priority in class enrollment shall be given to students desiring to take the course for credit.
4. Permission to enroll in a class on an audit basis is at the instructor’s discretion.
5. Participation in class activities by student auditors will be solely at the discretion of the instructor, who may provide a written statement of the extent of participation allowed beyond observation.

CONCURRENT ENROLLMENT
Concurrent enrollment in more than one section of the same course during a semester is not permitted, with the exception of certain Physical Education classes on a limited basis.

Concurrent enrollment in courses which are cross referenced to each other is not permitted (i.e., courses designated "same as" in the District Directory of Education Programs and Courses).

Violation of this regulation will result in exclusion from class and denial of course credit in both courses.

Enrolling in classes scheduled or conducted during overlapping times is not permitted. In addition to exclusion from both classes and denial of credits, violators will be subject to disciplinary action (See Standards of Student Conduct).

FINAL EXAMINATIONS
The college assumes that a student registers in good faith for a full semester’s work inclusive of all course requirement. The College Calendar clearly indicates the beginning and the end of each semester, and the instructional program is predicated upon this time plan.

All students, as a part of their course work, are required to take final examinations in all subjects in accordance with an examination schedule made available each semester by the Dean of Academic Affairs. No student will be excused from final examinations.

No special final examinations are given at times other than scheduled except through the Office of the Vice President of Academic Affairs, and no such examination will be offered before the scheduled examinations.

ADDING AND DROPPING CLASSES

ADDING CLASSES
Only students who have been admitted to the college and are in approved active status may add or attend classes.

Enrolled students who wish to add a class must obtain an add card from the instructor.
DROPPING CLASSES

Students wishing to drop one or more classes must do so through the Admissions Office by filing a DROP CARD.

It is the student's responsibility to drop from class. Any drops or exclusions that occur between the end of the 4th week (or 30% of the time the class is scheduled, whichever is less) and the end of the 14th week (or 75% of the time the class is scheduled, whichever is less) will result in a "W" on the student's record which will be included in the determination of progress probation. Drops are not permitted beyond the end of the 14th week.

A grade (A, B, C, D, F, CR, I, or NC) will be assigned to students who are enrolled past the end of the 14th week even if they stop attending class, except in cases of extenuating circumstances. After the last day of the 14th week (or 75% of the time the class is scheduled, whichever is less) students may withdraw from class upon petition demonstrating extenuating circumstances and after consultation with the appropriate faculty.

WITHDRAWAL FROM THE COLLEGE

The college recognizes that a student does not leave college for superficial reasons. Students in need of mature advice should see a counselor prior to withdrawal.

Official withdrawal requires completion of a form in the Admissions Office or a written notice to that office. A student who does not comply with these requirements may receive failing grades. See the calendar in the class schedule for the deadlines for withdrawal. Information on class withdrawal policy is included under Grading Symbols and Definitions.

COURSE CREDIT

CREDIT FOR PREREQUISITES

Students may not concurrently enroll in and receive credit for an advanced course and its prerequisite(s).

Students may not enroll in and receive credit for the prerequisite(s) to an advanced course if they have previously completed the advanced course.

Violation of this regulation will result in exclusion from class and denial of course credit.

CREDIT BY EXAMINATION

Some courses in the college catalog are eligible for credit by examination.

1. Methods of obtaining credit by examination
   a. Achievement of a score of 3 or higher on an Advanced Placement Examination administered by the College Entrance Examination Board.
   b. Achievement of a score that qualifies for credit by examination in the College Level Examination Program.
   c. Credit by satisfactory completion of an examination administered by the college in lieu of completion of a course listed in the college catalog.
   d. Achievement of a score that qualifies for credit on an examination administered by other agencies approved by the college.

2. Determination of Eligibility to Take College Administered Examinations. Students who qualify:
   a. Must be currently registered in the college, in good standing, and with a minimum grade point average of 2.0 in any work attempted at the college.
   b. May petition for credit by examination if they are
      1) eligible to take such course for credit under existing regulations.
      2) have not completed a course or are not in the process of taking a course, which is more, advanced than the course for which credit is requested. This requirement may be waived at the discretion of the appropriate administrator.

3. Maximum credit allowable for credit by examination

The maximum number of credits allowable for credit by examination for the Associate Degree shall be fifteen (15) units. Credit by examination transferred from other institutions is counted toward this maximum.

4. Limitations

Credits acquired by examination are not applicable to meeting such unit load requirements as selective Service deferment, Veteran's or Social Security benefits.

5. Recording of credit
   a. If a student passes the examination, the course shall be posted on his/her cumulative record indicating "Credit" in the "Grade" column.
   b. The number of units of credit recorded for any course may not exceed those listed in the college catalog.

CREDIT BY EXAMINATION COURSES

Credit by Examination request forms are available in the Admissions Office. Students may petition for Credit by Examination for only the subjects that are listed on the current approved list of Credit by Examination courses.

Approved Credit by Examination courses by division:
Behavioral Science / Social Science Division
Anthropology 101 and 102
Psychology 1 and 2
ACADEMIC POLICIES

Business Division:
- Business 1 and 38
- Law 1
- Management 2
- Marketing 1
- Real Estate 1, 3, 5, 7, 9 and 21

Humanities and Fine Arts Division
- Foreign Language*
- Humanities 1
- Music 101, 201, 211 and 321
- Philosophy 1

Language Arts Division: (None)

Mathematics and Science Division:
- Astronomy 1
- Biology 3 and 4
- Environmental Science 1 and 2
- Geology 1 and 2
- Oceanography 1

*Students may apply for an examination to establish advanced standing in a foreign language. However, no credit is allowed for these examinations. Arrangement for the examination needs to be made through the chairman of the Humanities and Fine Arts Division.

RECORDING OF GRADE
Students who successfully pass an approved examination shall have the record of such examination entered on their record as "CR" as provided by the District Grading Symbols and Definitions Policy. The student’s records shall also be annotated "Credit by Examination."

Credit by examination shall be entered on the student's record as "CR" or "NC," as provided by the District Grading and Symbols Definitions Policy. The student’s record shall also be annotated "Credit by Examination."

LIMITATION ON PETITIONING FOR EXAMINATION
The maximum number of units for which a student may petition for credit by examination at the college shall be 15 units.

MAXIMUM UNITS ALLOWABLE
The maximum number of credit by examination units with a grade of "CR" that may be applied toward graduation requirements shall be limited to 15 units.

ACCEPTANCE TOWARDS RESIDENCE
Units for which credit is given pursuant to the provision of this section shall not be counted in determining the 12 units of credit in residence requirement.

COURSE REPETITION: SPECIAL CIRCUMSTANCES
Repetition of courses for which substandard work has not been recorded shall be permitted only upon advance petition of the student and with written permission of the college president or designee based on a finding that circumstances exist which justify such repetition. In such repetition under special circumstances, the student’s permanent academic record shall be annotated in such a manner that all work remains legible. Grades awarded for repetition under special circumstances shall not be counted in calculating a student’s grade-point average.

Students may petition for approval to repeat up to a total of 15 units in which substandard grades (less than “C,” “2.0”) were awarded. Students may repeat the same course only once for this purpose.

Upon completion of a course repetition, the most recent grade earned will be computed in the cumulative grade-point-average and the student’s academic record so annotated. No specific course or categories of courses shall be exempt from course repetition.

COURSE REPETITION AND ACTIVITY REPETITION
Certain courses in the catalog may be repeated for additional unit credit. These courses, marked "RPT" in the Course Section of the catalog, allow the student an expanded educational experience each time the student enrolls in the course. Enrollment in these courses is limited in any similar activity to a maximum of three repeats for a total of four (4) enrollments regardless of the repeatability of individual courses. The activity limitation also applies to courses which are not repeatable in them but for which similar activities exist. For example, there are several similar course titles in Art, Music, Theater, and Physical Education, which are considered to be the same activity. A student may enroll four times in courses, which are considered to be the same activity. Any combination may be used as long as 4 enrollments in one activity is not exceeded.

This activity enrollment limitation began with the Fall 1983 term. Excess enrollment will result in administrative drop. Consult a counselor for the latest restricted activity enrollment list.

NOTE: Whenever the student's record is reviewed for the purpose of determining his or her unit credits, all of the student’s record is reviewed, not just the course work since the beginning of Fall 1983.

CREDIT FOR COURSES COMPLETED AT NON-ACCREDITED INSTITUTIONS
Students transferring from non-accredited institutions may, after successful completion of 30 units with a "C" or better grade-point-average, apply for up to 15 units of credit courses, which parallel the offerings of the college.

The following exceptions may be made to this regulation:

1. CREDIT FOR MILITARY SERVICE
Students who are currently serving in or have served in the military service, may, after successful completion of at least one course with the Los Angeles Community Colleges, request an evaluation of credit earned through military service training schools and/or military occupational specialties.
ELECTIVE CREDIT FOR MILITARY TRAINING

Six units of elective credit for military service will be approved upon petition for graduation if the following conditions have been met:
1. Completion of a minimum of 12 units at West Los Angeles College.
2. Current enrollment.
3. Service of 181 days or more in the armed services.
4. Students must present Honorable Discharge (DD 214 form)

Elective credit for military service will not include subject credit for a physical education activity or Health Education 10 class. No grade points will be given for military credit.

ADDS AND DROPS FOR VETERANS

Add Cards or drop cards must be turned in to the Admissions Office and the Veterans Clerk must be notified of program changes. To fail to do so may result in an overpayment or underpayment. The Veterans Administration holds the veteran responsible for reimbursement of overpayments.

3. CREDIT FOR LAW ENFORCEMENT ACADEMY TRAINING

Credit for basic recruit academy training instructional programs in Administration of Justice or other criminal justice occupations shall be granted as follows:
1. Credit will be given for training from institutions, which meet the standards of training of the California Peace Officers Standards and Training Commission.
2. Credits granted by an institution of higher education for basic recruit academy training, under the above provisions shall not be identified as equivalent to any required course in the major.

GRADES AND GRADE CHANGES

The instructor of the course shall determine the grade to be awarded to each student in accordance with the following Grading Symbols and Definitions Policy. The determination of student’s grade by the instructor is final in the absence of mistake, fraud, bad faith, or incompetence. The instructor of the course shall only do the removal or change of an incorrect grade from a student’s record upon authorization.

In the case of fraud, bad faith, or incompetence, the college president will make the final decision concerning removal or change of grade after the grievance procedure is completed.

(See Student Grievance procedures under Student Services and Programs)

GRADING SYMBOLS AND DEFINITIONS

Only the symbols in the grading scale given in this section shall be used to grade all courses offered in fulfillment of the requirements for an associate or baccalaureate degree, a certificate, diploma, or license.

Grades shall be averaged on the basis of the point equivalencies to determine a student’s grade-point-average, using the following evaluative symbols:

<table>
<thead>
<tr>
<th>SYMBOL</th>
<th>DEFINITION</th>
<th>GRADE POINT</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>Passing, less than satisfactory</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
<td>0</td>
</tr>
<tr>
<td>CR</td>
<td>Credit</td>
<td>(at least equal to a &quot;C&quot; or better-Units awarded are not counted in GPA)</td>
</tr>
<tr>
<td>NC</td>
<td>No-Credit</td>
<td>(equal to a &quot;D&quot; or &quot;F&quot; grade- Units are not counted in GPA)</td>
</tr>
</tbody>
</table>

(CR and NC grades may be given only in courses authorized by the District Credit/No-Credit Option and Credit by Examination Policies.)

The following non-evaluative symbols may be entered on a student’s record:

<table>
<thead>
<tr>
<th>SYMBOL</th>
<th>DEFINITION</th>
</tr>
</thead>
<tbody>
<tr>
<td>&quot;I&quot;</td>
<td>Incomplete</td>
</tr>
</tbody>
</table>

Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an "I" symbol being entered in the student’s record. The instructor in a written record shall state the condition for removal of the "I".

This record shall contain the conditions for removal of the "I" and the grade assigned in lieu of its removal. This record shall be given to the student with a copy on file in the college Admissions Office until the "I" is made up or the time limit has passed. A final grade shall be assigned when work stipulated has been completed and evaluated, or when the time limit for completing the work has passed.

The "I" symbol shall not be used in calculating units attempted or for grade points. THE "I" MAY BE MADE UP NO LATER THAN ONE YEAR FOLLOWING THE END OF THE TERM IN WHICH IT WAS ASSIGNED. The student may petition for a time extension due to unusual circumstances.

Note: Courses in which the student has received an incomplete ("I") may not be repeated unless the "I" is removed and has been replaced by a grade of "D" or "F". This does not apply to courses, which are repeatable for additional credit.

IP      In Progress

The "IP" symbol shall be used only in those courses, which extend beyond the normal end of an academic term. "IP" indicates that work is "in progress," but that assignment of a substantive grade must await its completion. The "IP" symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and appear on the student’s record for the term in which the required work of the course is completed. The "IP" shall not be used in calculating grades.
grade-point averages. If a student enrolled in an "open-entry, open-exit" course is assigned "IP" at the end of an attendance period and does not complete the course during the subsequent attendance period, the appropriate faculty will assign a grade as specified above to be recorded on the student's permanent record for the course.

W Withdrawal

It is the student's responsibility to withdraw from class. Students cannot rely upon faculty to exclude them. Withdrawal from a class or classes shall be authorized through the last day of the fourteenth week of instruction or 75% of the time the class is scheduled to meet, whichever is less.

No notation ("W" or other) shall be made on the record of a student who withdraws during the first four weeks, or 30% of the time the class is scheduled, whichever is less.

Withdrawal between the end of the fourth week (or 30% of the time the class is scheduled to meet, whichever is less) and the last day of the fourteenth week of instruction (or 75% of the time the class is scheduled to meet, whichever is less) shall be authorized after informing the appropriate faculty. A student who remains in class beyond the fourteenth week or 75% of the time the class is scheduled shall be given a grade other than a "W," except in cases of extenuating circumstances.

After the last day of the fourteenth week (or 75% of the time the class is scheduled, whichever is less), the student may withdraw from class upon petition demonstrating extenuating circumstances and after consultation with the appropriate faculty. Students should obtain a petition in the Admissions Office. Extenuating circumstances are verified cases of accident, illness, or other circumstances beyond the control of the student. Withdrawal after the end of the fourteenth week (or 75% of the time the class is scheduled, whichever is less) which has been authorized in extenuating circumstances shall be recorded as "W."

The "W" shall not be used in calculating units attempted or for the student's grade-point average.

CREDIT/NO-CREDIT OPTION

The college president may designate courses in the college catalog wherein all students are evaluated on a "credit/no-credit" basis or wherein each student may elect on registration no later than the end of the first 30% of the term whether the basis of evaluation is to be "credit/no-credit" or a letter grade. These courses will be noted in the college catalog as being eligible for the Credit/No-Credit Option.

1. USAGE FOR SINGLE PERFORMANCE STANDARD. The credit/no-credit grading system shall be used in any course in which there is a single satisfactory standard of performance for which unit credit is assigned.

A grade of Credit (CR) shall be assigned for meeting that standard, and a grade of No-Credit (NC) shall be assigned for failure to do so.

2. ACCEPTANCE OF CREDITS. All units earned on a "credit/no-credit" basis in accredited California institutions of higher education or equivalent out-of-state institutions shall be counted in satisfaction of community college curriculum requirements.

3. RECORDING OF GRADE. A student who is approved to be evaluated on the "credit/no-credit" basis shall receive both course credit and unit credit upon satisfactory completion of the course. Satisfactory completion for credit is equivalent to the grade of "C" or better. A student who does not perform satisfactorily will be assigned a "No-Credit" (NC) grade.

4. GRADE POINT CALCULATION. Units earned on "credit/no-credit" basis shall not be used to calculate grade-point averages. However, units attempted for which "No-Credit" (NC) is recorded shall be considered in probationary and dismissal procedures.

5. STANDARDS OF EVALUATION. The student who is enrolled in a course on a "credit/no-credit" basis will be held responsible for all assignments and examinations required in the course and must meet the standards of evaluation which are identical for all students.

6. CONVERSION TO LETTER GRADE. A student who has received credit for a course taken on a "credit/no-credit" basis may not convert this credit to a letter grade.

7. COURSE REPETITION. A student who has received a grade of "No-Credit" (NC) may repeat the course by meeting the requirements set forth by the District Course Repetition to Improve Substandard Grades Policy.

REGULATIONS FOR CREDIT/NO CREDIT (PASS/FAIL): Not all courses will be offered on a credit/no credit basis. The appropriate divisions will make determination of courses.

A maximum of 15 units of credit/no credit work may be used towards the AA degree. A maximum of one course per semester may be taken for credit/no credit. However, this restriction does not apply to students who already possess a bachelor's or higher degree.

Credit/no-credit may not be used for courses required toward a certificate, AA degree major or transfer preparation for a major and/or certification, or as a prerequisite for another course.

- English 101 may not be taken for credit/no-credit.
- Courses for CSU General Education required areas may not be taken for credit/no credit.
- CSU will allow no more than 30 units total "credit" graded courses toward the bachelor's degree.
- UC will allow only 14 units of credit/no credit toward transfer.

Students must notify the Admissions Office by the end of the sixth week of the course if they wish to take a course credit/no credit; otherwise all courses are for a letter grade. This decision will be irrevocable.

Credit/No Credit is similar to Pass/Fail. A credit grade is granted for performance, which is equivalent to the letter grade of "C" or better. Students electing credit/no credit grading should be aware that although such grades are not calculated into the grade-point average at West Los Angeles College, four-year colleges, in considering applications for admission may consider the credit grade as the equivalent of "C." Consultation with a counselor is advisable before making such elections.
The following courses will be accepted for Credit/No Credit

**BEHAVIORAL AND SOCIAL SCIENCES DIVISION**
- All Anthropology courses
- Political Science 385
- Psychology 52

**BUSINESS DIVISION**
- All Accounting, Business, Computer Science, Law, Management, Marketing, And Real Estate Courses,
- Office Administration 64 (Credit/No-Credit only)

**HEALTH AND PHYSICAL DIVISION**
- Dental Hygiene 87

**MATHEMATICS AND SCIENCE DIVISION**
- Biology 3, 4, 5
- Earth Science 1
- Environmental Science 1, 2
- Geography 1, 2, 3, 7
- Geology 1, 6
- Mathematics 100 (Credit/No-Credit only)
- Meteorology 3
- Oceanography 1

**HUMANITIES AND FINE ARTS DIVISION**
- Art 101, 102, 103, 201, 202, 203, 204, 205, 206, 208, 209, 300, 301, 302, 304, 305, 501, 502, 503, 706, 708, 709, 710, 711, and 712
- French 1, 2, 3, 4, 5, 6, 185, 285, and 385
- Humanities 5, 30, and 31
- Music 101, 111, 112, 141, 201, 211, 321, 501, 581, and 775
- Philosophy 1, 3, 6, 8, 9, 20, 23, and 41
- Spanish 1, 2, 3, 4, 5, 6, 8, 14, 21, 22,

**LANGUAGE ARTS DIVISION**
- Theater Arts 505.

**LEARNING RESOURCE CENTER DIVISION**
- Library Science 101
- Learning Skills

**COURSE REPETITION TO IMPROVE SUBSTANDARD GRADES**
Students may petition for approval to repeat up to a total of 15 units in which substandard grades (less than "C," 2.0) were awarded.

Students may repeat the same course only once for this purpose.

Upon completion of a course repetition, the most recent grade earned will be computed in the cumulative grade-point-average and the student's academic record so annotated.

No specific course or categories of courses shall be exempt from course repetition.

This policy is adopted for use in the Los Angeles Community College District only. Other institutions may differ and students planning to transfer to another college should contact the institution regarding its policy.

**ACADEMIC STANDARDS AND CREDIT POLICIES**

**ACADEMIC RENEWAL**

**ACADEMIC STANDARDS AND CREDIT POLICIES**

Students may submit a petition to the Office of Admissions and Records to have their academic record reviewed for academic renewal action of substandard academic performance under the following conditions:

1. Students must have achieved a grade-point average of 2.5 in their last 15 semester units, or 2.0 in their last 30 semester units completed at any accredited college or university, and

2. At least two calendar years must have elapsed from the time the course work to be removed was completed.

If the above conditions are met, academic renewal shall be granted, consisting of:

A) Eliminating from consideration in the cumulative grade-point-average up to 18 semester units of course work, and

B) Annotating the student's academic record indicating where courses have been removed by academic renewal action. The permanent academic record shall be annotated in such manner that all grades assigned remain legible, ensuring a true and complete academic history.

**Academic renewal actions are irreversible.**

Graduation honors and awards are to be based on the student's cumulative grade-point average for all college work attempted.

This policy is adopted for use in the Los Angeles Community College District only. Other institutions may differ and students planning to transfer to another college should contact that institution regarding its policy.

**ACADEMIC STANDARDS FOR PROBATION**

The following standards for academic and progress probation shall be applied as required by regulations adopted by the Board of Governors of the California Community Colleges. Probation shall be determined based on student course work dating from Fall, 1981; course work completed prior to Fall of 1981 is excluded from probation calculations.

**PROBATION**

Students shall be placed on probation if any one of the following conditions prevail:
1. **ACADEMIC PROBATION.** Students have attempted a minimum of 12 semester units of work and have a grade-point average less than a "C" (2.0).

2. **PROGRESS PROBATION.** Students have enrolled in a total of at least 12 semester units and the percentage of all units in which they have enrolled and for which entries of "W" (Withdrawal), "I" (Incomplete), and "NC" (No Credit) are recorded reaches or exceeds fifty percent.

3. **TRANSFER STUDENTS.** Students have met the conditions of 1. or 2. above at another college within the Los Angeles Community College District.

**UNITS ATTEMPTED**

"Units Attempted," for purposes of determining probation status only, means all units of credit in the current community college of attendance for which students are enrolled.

**REMOVAL FROM PROBATION**

Students shall be removed from probation upon meeting the criteria specified in this section.

**ACADEMIC PROBATION**

Students on academic probation for a grade point deficiency shall be removed from probation when their cumulative grade-point average is 2.0 or higher.

**PROGRESS PROBATION**

Students on progress probation because of an excess of units for which entries of No-Credit (NC), Incomplete (I), and/or Withdrawal (W) are recorded shall be removed from probation when the percentage of units in this category drops below fifty percent (50%).

**ACADEMIC STANDARDS FOR DISMISUAL**

Students shall be subject to dismissal and subsequently be dismissed under the conditions set forth within this section. Dismissal shall be determined based on student course work dating from Fall, 1981; course work completed prior to Fall of 1981 is excluded from dismissal calculations.

**ACADEMIC PROBATION**

Students who are on academic probation shall be subject to dismissal if they have earned a cumulative grade-point average of less than 2.0 in all units attempted in each of 3 consecutive semesters.

Students who are on academic probation and earn a semester grade-point average of 2.0 or better shall not be dismissed as long as this minimum semester grade-point average is maintained.

"According to the Title 38 Code of Federal Regulations, Part 21, 5253 (d) (4), the school enforces a policy relative to standards of conduct and progress required of the student." This means that for veterans and/or eligible dependents, if such student fails to obtain a cumulative grade point average of 2.0 or better after three (3) consecutive semesters, his/her VA educational benefits will be discontinued.

**PROGRESS PROBATION**

Students who are on progress probation shall be subject to dismissal if the cumulative percentage of units in which they have been enrolled for which entries of No-Credit (NC), Incomplete (I), and/or Withdrawal (W) are recorded in at least 3 consecutive semesters reaches or exceeds fifty percent (50%).

Students who are on progress probation shall not be dismissed after a semester in which the percentage of units in which they have been enrolled for which entries of "W," "I," and "NC" are recorded is less than fifty percent (50%).

**APPEAL OF DISMISUAL**

Students who are subject to dismissal may appeal to the Dean of Student Services. Dismissal may be postponed and the students continued on probation if they show significant improvement in academic achievement but have not been able to achieve to a level that would meet the requirements for removal from probation.

**DISMISUAL**

Students who are subject to dismissal, and who have not been continued on probation throughout the appeal process, shall be notified by the college president, or designee, of dismissal which will become effective the semester following notification.

Dismissal from any one college in the District shall disqualify students from admission to any other college in the District.

**RE-ADMISSION AFTER DISMISUAL**

Students who have been dismissed may request reinstatement after 2 semesters have elapsed. Students shall submit a written petition requesting re-admission to college in compliance with college procedures. Re-admission may be granted, denied, or postponed subject to fulfillment of conditions prescribed by the college.

**ACADEMIC HONORS**

**DEANS LIST REQUIREMENT**

West Los Angeles College encourages academic excellence. Students who have completed at least 12 units in one semester with a grade point average of 3.5 or better are placed on the Deans List and remain there from semester to semester by maintaining a 3.5 grade-point average. Part-time students are placed on the Deans List after they have accumulated 12 units of work with a grade-point average of 3.5 or better and additionally for each semester's increment of 6-11 units for which a grade point average of 3.5 is maintained.

Notation of Deans List achievement is made on the students' permanent records. Further recognition is given these students at a reception in their honor and by means of a personal letter from the deans. Students of outstanding personality, scholarship and leadership are recognized through the yearly presentation of awards within the various college divisions. Award recipients are determined through divisional procedures.
HONOR CORDS
Braided gold Honor Cords are awarded to those who graduated "With Great Distinction". This indicates a grade point average of 3.50 or better. Honor cords in the college colors (blue and gold) are awarded to students who are graduated "With Distinction". This requires a "B+" average of 3.00 to 3.49. Honor cords are presented only to students who qualify and participate in the June Commencement exercises. Students who possess an Associate, equivalent or advanced degree are not eligible for these awards.

ALPHA GAMMA SIGMA
A chapter of the Alpha Gamma Sigma honor society exists on the West Los Angeles College campus. The purpose of the organization is to promote and to recognize scholastic achievement, cultural activities and leadership. For specific membership requirements, contact the faculty advisor, Dr. McMaster, (310) 287-4219.

PHI THETA KAPPA
PHI THETA KAPPA, a scholastic honor society for two-year college students, recognizes academic achievement and provides leadership, service, and fellowship opportunities. Cumulative grade point average of 3.5 required for membership.

THE SCHOLARS PROGRAM
A TRANSFER ALLIANCE PROGRAM
Also known as TAP (UCLA), TSP (USC), WAVE (Pepperdine), PATH (Pomona)

The West Los Angeles College Scholars Program is designed to provide a challenging and stimulating academic environment that will prepare students to transfer with junior-level status to UCLA, USC, UC Santa Cruz, Pepperdine University or any other four-year college or university.

The program is small to allow students to actively participate and to provide students with individual counseling and attention. Small classes encourage close interaction with faculty mentors. In addition, tutoring and support are available to help students through the program.

Films, plays, videos, and field trips to such locations as the LA County Museum of Art, the Huntington Library, the Museum of Contemporary Art, and the LA Theatre Center complement class discussion.

Guaranteed priority consideration for admission to UCLA’s College of Letters and Science upon completion of the program

UCLA library privileges

Small liberal arts college environment

Agreements with USC, UC Santa Cruz, and Pepperdine University.

TO BE ADMITTED TO THE PROGRAM
Have a 3.0 grade point average from high school or in 15 transferable college units.
Be eligible for English 101
Complete enrollment application

Dr. Mary J. McMaster, Alpha Gamma Sigma advisor
GRADUATION AND TRANSFER REQUIREMENTS

West Los Angeles College provides educational programs that lead to transfer to four-year colleges and universities as well as career programs that lead to an Associate Degree or Certificate.

CAREER CERTIFICATES AND ASSOCIATE DEGREES

The following Associate Degree or Certificate programs are offered for students seeking immediate employment in a new position or upgrading in their current job.

- Accounting
- Administration of Justice
- Aircraft Electronics Technology
- Aviation Maintenance Technician
- Business
- Child Development
- Computer Science - Information Technology
- Computer Science - Information Technology (Application Software)
- Dental Hygiene
- Electronics
- Law (Legal Assistant/Paralegal)
- Management
- Management (Small Business)
- Marketing
- Office Administration (General)
- Office Administration (Word Processing Option)
- Real Estate
- Theater Arts/Entertainment Studies
- Travel (Basic and Advanced Certificates, and AA Degree)

Students wishing an Associate Degree may obtain two years of career training along with selected General Education courses in a chosen field. Students desiring only career oriented courses may choose a Certificate Program as their objective.

Certificate programs are usually one-year educational programs, which offer necessary courses needed to prepare students for immediate employment. The Certificate Program is specific, and no course substitution will be permitted unless approved by the department. A "C" (2.0) grade point average or better is required in all work attempted toward the Certificate curriculum. Completion of at least 12 units of work in residence and attendance at West Los Angeles College during the semester in which the requirements are completed are also necessary. During the final semester in which completion of requirements takes place, students should petition for a Certificate from the Admissions Office. Units earned toward a Certificate may be applied toward the Associate Degree of the same major.

For both the Degree and Certificate program, transcripts from all other colleges attended must be on file in the Admissions Office. A 2.0 GPA is required for all certificates as well as graduation.

TRANSFER ASSOCIATE DEGREES

The following Associate Degree transfer programs are offered by the college:

- Administration of Justice
- Anthropology
- Art
- Biology
- Biology (Health Science Option)
- Business Administration
- Chemistry
- Child Development
- Computer Science
- Information Technology
- Economics
- Engineering
- English
- French
- Geography
- Geology
- History
- Liberal Arts
- Mathematics
- Music
- Philosophy
- Physical Education
- Physics
- Political Science
- Psychology
- Sociology
- Spanish
- Speech

For complete information on Transfer Associate Degree requirements, the student should refer to "Graduation Requirements" and "Transfer Programs" in this section. Lower division requirements of four-year colleges and universities are found under "Transfer Requirements." Because baccalaureate institutions differ in their majors' requirements, it is vitally important for transfer students to consult the Counseling Department before registration to get the best available information about courses they need to take.

GRADUATION REQUIREMENTS

The Board of Governors of the California Community Colleges has authorized the Los Angeles Community College District Board of Trustees to confer the degrees of Associate in Arts and Associate in Science.

The awarding of an Associate Degree symbolizes a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights. Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in
thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, the student should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

The following requirements apply to students entering "the first time after July 1, 1990". Continuing students with uninterrupted attendance and demonstrating satisfactory progress, exclusive of summer session, should refer to the graduation requirements listed in the catalog in effect at the time of their initial enrollment. A continuing student is one who has completed a minimum of one course per semester, except that completion with a "W" will be accepted for one semester only.

Students who interrupt their attendance become subject to any new requirements which are in effect at the time they re-enroll.

I. Unit Requirement. 60 to 64 units of course credit in a selected curriculum. One credit hour of community college work is approximately three hours of recitation, study, or laboratory work per week throughout a term of 16 weeks.

II. Scholarship Requirement. A "C" (2.0) grade average or better in all work attempted.

III. Competency Requirement. Students must demonstrate competence in reading, in written expression, and in mathematics. The following courses and examinations are approved to meet the competency requirement for the Associate Degree as defined in Board Rule 9201.12:

A. The competency requirement in reading and written expression may be met by:
1. Completion of a course in College Reading and Composition with a grade of "C" or better; English 101

or

2. Completion of a course in Intermediate Composition with a grade of "C" or better; English 28

B. The Competency requirement in mathematics may be met by:
1. Completion of Math 115 or 116, or 117 and 118, or a higher math class with a grade of "C" or better

or

2. Achieving a satisfactory score on the District Math Competency Examination given by the math department.

IV. Residence Requirement. Completion of at least 12 units of work in residence and attendance at the college during the semester in which the graduation requirements are completed. Exceptions may be made under special circumstances.

V. Course Requirements. Students who are majoring in programs of study for which 18-35 units are required in the major shall complete Graduation Plan A. Students who are majoring in programs of study for which 36 or more units are required in the major shall complete Graduation Plan B.

**GENERAL EDUCATION REQUIREMENTS FOR ASSOCIATE DEGREE**

**PLAN A** is for students whose majors as described in the West Los Angeles College Catalog require less than 36 units;

**PLAN A** requires a minimum of 30 units of the following General Education requirements.

**PLAN B** is for students whose majors require 36 or more units;

**PLAN B** requires a minimum of 18 units of the following General Education requirements.
## GRADUATION & TRANSFER REQUIREMENTS

### WEST LOS ANGELES COLLEGE

**GENERAL EDUCATION REQUIREMENTS FOR ASSOCIATE DEGREE**

**FOR STUDENTS IN CONTINUOUS ENROLLMENT**

**AT WEST LOS ANGELES COLLEGE FROM FALL 1998 OR AFTER**

**WARNING:** Consult a WLAC counselor BEFORE taking courses outside WLAC to be used in this AA degree plan, particularly if taking courses elsewhere in the LACCD. Every community college may apply its courses differently even if the course has the same course title and number.

PLAN A is for students whose majors as described in the West Los Angeles College Catalog require less than 36 units: PLAN A requires a minimum of 30 units of the following General Education requirements. PLAN B is for students whose majors require 36 or more units: PLAN B requires a minimum of 18 units of the following General Education requirements. An AA degree requires a minimum of 60 units.

### A. NATURAL SCIENCES

DOUBLE COUNTING NOTE: Courses may satisfy a general education requirement AND at the same time a requirement for the major up to a maximum of five courses. A minimum of 60 units, however, must be completed for a degree. It is important to discuss proposed double-counting of courses with a counselor.
# Graduation and Transfer Requirements

**West Los Angeles College 39-Unit General Education Certification for the California State University**

**Effective Fall 1998 Through Summer 1999**

**Warning:** Consult a WLAC counselor BEFORE taking courses outside WLAC to be used in this CSU GE plan, particularly if taking courses elsewhere in the LACCD. Every community college may apply its courses differently even if the course has the same course title and number. A minimum of 56 transferable units must be completed in order to transfer to the CSU system.

## A. Communication in the English Language 9 Units (3 Units in Each Area)

Course work must be taken in each area. Note: "D" grades are not accepted.

1. **Oral Communication:** Speech 101, 102, 121, 151
2. **Written Communication:** English 101
3. **Critical Thinking:** English 102, 103; Philosophy 6, 8, 9; Speech 104

## B. Physical Universe and Its Life Forms 9 Units

Select at least one course from each area and no more than one course from each subject area. Include one laboratory course. +Meets laboratory requirement.

1. **Physical Universe:** Astronomy 1; Chemistry 101+, 102+, 60+, 12 (same as Env.Sci 12), 13+(same as Env. Sci 13); Earth Science 1; Environmental Science 1, 12, 13+; Geography 1, 3, 15+; Geology 1, 2, 6+, 7; Meteorology 3 (same as Geog 3); Oceanography 1; Physical Science 1; Physics 6+, 7+, 12, 14+, 37+
2. **Life Science:** Anatomy 1; Anthropology 101; Biology 3A with 3B+, 4, 5A with 5B+, 6+, 7+; Environmental Science 2; Microbiology 20+; Physiology 1+, Psychology 2
3. **Laboratory Activity:** One of the courses from B1, or B2 must be a lab course designated by a +
4. **Math/Quantitative Reasoning:** Math 215, 225, 226, 235, 236, 240, 260, 261, 262 (Note: "D" grades are not accepted.)

## C. Arts, Literature, Philosophy and Foreign Language

9 Units (At least one course from the Arts and one from Humanities)

1. **Arts:** Art 101, 102, 103, 104, 109, 111, 201, 501, 502, 708, 709; Humanities 73; Music 101, 111, 112, 121, 122, 415, 501, 561, 725, 775; Phys Ed 460, 462, 463, 814; Theater 100, 110, 200, 505
2. **Humanities:** English 127, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 215, 218, 219, 234, 239, 240; Humanities 1, 30, 31, 60, 61, 73; Philosophy 1, 3, 20, 23, 24; Speech 135; French 1, 2, 3, 4, 5, 6, 10 (same as History 22); Hebrew 21, 22; Japanese 21, 22; Spanish 1, 2, 3, 4, 5, 6, 21, 22

## D. Social, Political and Economic Institutions and Behavior: Historical Background 9 Units

No more than one course from any area; courses must be in at least 2 disciplines.

Note: Courses to satisfy CSU American Institutions requirement are denoted by a [*]

1. **Anthropology and Archeology:** Anthropology 102, 103, 121
2. **Economics:** Business 1; Economics 1, 2
3. **Ethnic Studies:** African-American Studies 2; English 219, 234, History 25, 41, 42, 43, 44; Sociology 11
4. **Gender Studies:** English 239
5. **Geography:** Geography 2, 7
6. **History:** History 1, 2, 5, 6, 11*, 12*, 13*, 14*, 22(Fr.10), 25, 41*, 42*, 43*, 44*, 68
7. **Interdisciplinary Social and Behavioral Science:** None
8. **Political Science, Government, and Legal Institutions:** Law 3; Political Science 1*, 2, 4, 7, 8, 14
9. **Psychology:** Child Development 1; Psychology 1, 41
10. **Sociology and Criminology:** Administration of Justice 1, 4; Sociology 1, 2, 7, 11

*California State Universities Require Political Science 1 and a U.S. History (History 11, 12, 13, 14, 41, 42, 43, or 44) for a Bachelor’s degree.

## E. Lifelong Understanding and Self Development: 3 Units (No more than 1 unit of PE)
### 1. INTEGRATED ORGANISM: Family and Consumer Studies 21; Health 2, 11; Psychology 16, 41, 52

### 2. ACTIVITY: Physical Education 102, 262, 289, 301, 460, 462, 665, 666, 667, 668, 682, 683, 684, 690

### WLAC POLICIES FOR CSU GENERAL EDUCATION CERTIFICATION

**CERTIFICATION:** West Los Angeles College has an agreement with the California State University system through which students can complete all or part of the lower division general education requirements for any CSU campus by taking appropriate courses at WLAC. All CSU's require 39 units of lower division general education and 9 upper division units.

**THE COURSES WILL CERTIFY ONLY ONCE.** Students should petition for full or partial certification toward the end of their final semester.

**FULL CERTIFICATION:** If the entire 39-unit pattern described on the other side of this page is completed, WLAC will, upon student petition, certify on the student's transcript that all lower division general education requirements have been met.

**PARTIAL CERTIFICATION:** If the student completes any area (A through E), that area will, upon petition, be certified to the CSU system as having been completed. In all areas not certified, the student is responsible to fulfill those areas in accordance with the appropriate catalog of the university attended after transfer.

**TO PETITION FOR CERTIFICATION:** Toward the end of your final semester at WLAC, get a petition for certification of General Education in the Admissions Office. Fill out the petition. Fill out this form, writing in the courses used in the correct space. Attach the forms together and turn them in to the Admissions Office. Make an appointment with a counselor if you need help in completing this form. Official transcripts from colleges outside of the LACCD District must be on file. It is the student's responsibility to request those transcripts be sent to WLAC.

**NOTE:** California State Universities require Political Science 1 and U.S. History (History 11, 12, 13, 14, 41, 42, or 44) for the Bachelor's degree.

**PASS-ALONG POLICY:** West Los Angeles College will certify CSU certifiable courses taken at other community colleges, using the designated area at the former college(s). There will be no limit to the amount of courses "passed-along." For students who have taken courses out of state at California 4-year institutions, attempts will be made to find WLAC course equivalents and credit those courses comparable to courses in the WLAC CSU General Education Certification list. Students are responsible for official transcripts from other colleges.

*If a CSU certification list for the former community college cannot be obtained, equivalent courses will be ascertained and certified in WLAC areas.

# Graduation and Transfer Requirements

**For Transfer to Either CSU or UC**  
West Los Angeles College  
Intersegmental General Education Transfer Curriculum  
Advising Form-Effective Fall 1998 Through Summer 1999

**Warning:** Consult a WLAC counselor BEFORE taking courses outside WLAC to be used in this IGETC plan, particularly if taking courses elsewhere in the LACCD. Every community college may apply its courses differently even if the course has the same course title and number.

Completion of all of the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education requirements.

The course requirements for all areas must be completed before the IGETC can be certified. All courses must be completed with a grade of "C" or better. Official transcripts from colleges outside of LACCD District must be on file.

Directions: Circle courses taken at your college, list courses taken at other colleges. Indicate name of test if requirement was met with Advanced Placement (AP). Score on AP must be a 3 or better. 60 units are required for transfer.

*West Los Angeles College/ 1998-2000 Catalog*
GRADUATION AND TRANSFER REQUIREMENTS

REQUIREMENTS FOR A SECOND ASSOCIATE IN ARTS OR ASSOCIATE IN SCIENCE DEGREE

The college strongly discourages "multiplication of degrees." Accordingly, a student who contemplates acquiring a second Associate degree should discuss this matter with a counselor to determine whether the student's goal would better be met by either a Baccalaureate degree or occupational certificate, or whether acquisition of a second Associate degree meets a bona fide occupational requirement. The college grants very few petitions for a second Associate degree. The decision of the Dean of Student Services will be final.

The requirements for a second Associate in Arts or Associate in Science degree for someone already having earned an Associate, Bachelor's or higher degree are as follows:

1. Completion of at least 30 NEW units, including those required by the new major. No units completed before the date of the last previous degree awarded can be used again.
2. "C" (2.0) grade points average or better in all work attempted for the second degree.
3. Completion of at least 12 units of work in residence and attendance at West Los Angeles College during the semester in which the graduation requirements are completed.
4. Persons requesting a second degree must submit documentation of all college work completed elsewhere, including official transcripts documenting the first degree, when filing a graduation petition for the second degree. The graduation petition must be filed in the Admissions Office before the deadline date posted, during the semester all requirements are being met.
5. General education requirements will be considered to have been met by the person who has an Associate, Baccalaureate or higher degree from an accredited institution. Students who plan to earn a bachelor's degree should take a pattern of courses designed to complete the lower division preparation for their major and the general education pattern of the college to which they will transfer. Students also have the option of choosing to follow the Intersegmental General Education Curriculum (IGETC) for CSU or UC campuses or the CSU Certification requirements, which will enable them to complete all their lower division general education courses at West Los Angeles College.

West Los Angeles College can provide the lower division preparation for most major's at most public and private four-year institutions.

For the purposes of classification, students who are paralleling the work of senior colleges and universities are indicated as "transfer students".

Two principal kinds of requirements must be met in order to attain full junior standing at the University of California or other institutions maintaining equivalent standards to which students expect to transfer.

These are the following:
1. Completion of the specific requirement for junior standing in the proposed senior college or university.
2. Completion of the lower division prerequisites for upper division majors and minors. These vary according to the institution of higher education in which students expect to enroll.

NOTE: Students expecting to transfer to a four-year institution should see a West Los Angeles College counselor and consult a catalog of these institutions recording specific requirements for upper division standing.

General education transfer requirements for the University of California (UC) and California State University (CSU) follow.

TRANSFER REQUIREMENTS

Students who plan to earn a bachelor's degree should take a pattern of courses designed to complete the lower division preparation for their major and the general education pattern of the college to which they will transfer. Students also have the option of choosing to follow the Intersegmental General Education Curriculum (IGETC) for CSU or UC campuses or the CSU Certification requirements, which will enable them to complete all their lower division general education courses at West Los Angeles College.

West Los Angeles College can provide the lower division preparation for most major's at most public and private four-year institutions.

For the purposes of classification, students who are paralleling the work of senior colleges and universities are indicated as "transfer students".

Two principal kinds of requirements must be met in order to attain full junior standing at the University of California or other institutions maintaining equivalent standards to which students expect to transfer.

These are the following:
1. Completion of the specific requirement for junior standing in the proposed senior college or university.
2. Completion of the lower division prerequisites for upper division majors and minors. These vary according to the institution of higher education in which students expect to enroll.

Note: Students expecting to transfer to a four-year institution should see a West Los Angeles College counselor and consult the catalog of these institutions regarding specific requirements for upper division standing.

General education transfer requirements for the University of California (UC) and California State University (CSU) follow.
GRADUATION & TRANSFER REQUIREMENTS

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses that students can use to satisfy lower division general education requirements at any CSU and almost every UC Campus. The IGETC is recommended for student intending to transfer to a UC campus, or for those students who are considering either a UC or CSU school. CSU-bound students also have the option of following the CSU Certification requirements.

Students should note that completion of the IGETC is not a requirement for transfer to a CSU or UC school, nor is it the only way to fulfill the lower division, general education requirements of the CSU or UC prior to transfer. Also, the IGETC is often not appropriate for students majoring in certain areas such as engineering or business administration. Interested students should consult with a counselor for detailed information and updated requirements.

WEST LOS ANGELES COLLEGE
INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM

AREA 1 - ENGLISH COMMUNICATION
CSU: 3 courses required, one from each group below.
UC: 2 courses required, one from each group A and B
Group A: English Composition, 1 course, 3 semester, 4.5 quarter units English 101
Group B: Critical Thinking-English Composition, 1 course, 3 semester, 4.5 quarter units English 103
Group C: Oral Communication (CSU requirement only) 1 course, 3 semester, 4.5 quarter units. Speech 101, 102, 104, 151

AREA 2 - MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING
1 Course, 3 semester, 4.5 quarter units

Mathematics 225, +235, +236, +260, +261, +262, 263, 270, 275

AREA 3 - ARTS AND HUMANITIES
At least 3 courses with at least one from the Arts and one from Humanities. 9 semester, 12-15 quarter units.
- Arts: Art 101, 102, 103; Music 111, 112, 122, 141; Theater 100, 110, 505
- Humanities: English 102, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 215, 219, 234, 239, 240, 250; French 1, 3, 4, 5, 6; 10; Humanities 1, 30, 31, 60; Philosophy 1, 3, 20, 23, 41; Spanish 2, 3, 4, 5, 6

AREA 4 - SOCIAL AND BEHAVIORAL SCIENCES
At least three courses from at least two disciplines or an interdisciplinary sequence 9 semester, 12-15 quarter units.

African American Studies 2, Anthropology 102, 103, 121; Economics 1, 2; Geography 2; History 1, 2; +11*, +12*, 13*, 22#, +41*, +42*, +43*, +44*; Political Science 1*, 2, 7, 8; Psychology 1, 41; Sociology 1

AREA 5 - PHYSICAL AND BIOLOGICAL SCIENCES
Two courses, one Physical Science course and one Biological Science course; at least one must include a laboratory (indicated by L in parentheses) 7-9 semester, 9-12 quarter units.

- Physical Sciences: Astronomy 1; Chemistry 101(L), 102(L), +51(L), +60(L), 12, 13(L); Earth Science 1; Env. Sci. 1, 12, 13(L); Geography 1, 3#; 15(L); Geology 1, 2, 6(L), 7 (L); Meteorology 3#; Oceanography 1; Physics +6(L), +7(L), +12, 14(L), 37(L), +38(L), +39(L)
- Biological Sciences: Anatomy 1(L); Anthropology 101; Biology +3 [A with B(L)], 4, 5+ [A with B(L)], 6(L), 7(L); Env. Sci. 2, Microbiology 20(L); Physiology 1(L); Psychology 2

LANGUAGE OTHER THAN ENGLISH (UC REQUIREMENT ONLY)
Complete 2 years of the same foreign language of high school level work with a grade of "C" or better OR earn a score of 3 or higher on the Foreign Language Advanced Placement test, OR 550 on the College Board Achievement Test in Foreign Language OR complete one of the courses below.
- French 1; Spanish 1; Hebrew +22; Japanese +22

Courses above proficiency level may also be used to meet this requirement.

CSU GRADUATION REQUIREMENT U.S. HISTORY, CONSTITUTION, AND AMERICAN IDEALS

6 units, one course from group 1 and one course from group 2
1. Political Science 1*
2. History 11*, 12*, 13*, 41*, 42*, 43*, 44*

Note: Courses used to meet this requirement may not be used to satisfy requirements for IGETC.

# = Cross-listed
+ = Indicates that UC course credit may be limited. Please consult the counseling office for additional information
* = Courses designated with an asterisk may be counted in one area only.

MAJOR DEPARTMENTAL REQUIREMENTS

In addition to the preceding general requirements, students should complete the lower division courses required by each department or curriculum. Consult the particular University of California or California State University catalog for complete information on the lower division requirements for the desired major. The Counseling Office assists in determining the appropriate courses at West Los Angeles College which meet the major department requirements.

Completion of the above program with a total of 60 units and meeting graduation requirements as described in this catalog entitles students to the Associate Degree at West Los Angeles College.

West Los Angeles College 1998-2000 Catalog
GRADUATION AND TRANSFER REQUIREMENTS

CALIFORNIA STATE UNIVERSITY
CERTIFICATION OF GENERAL EDUCATION REQUIREMENTS

Under agreement with the California State University system, West Los Angeles College can certify up to 39 units toward the general education requirements for the Baccalaureate degree at any one of the campuses of the State University system. Under this certification process the receiving college will accept the units certified toward completion of the general education requirements as the institution prescribes them. The college to which the student transfers would agree not to reduce this number nor to question the units certified. It is important for the student to follow the required patterns as listed below and to take courses in as many different areas as possible. Students planning to transfer should consult with the counselor concerning these general education requirements as soon as they have determined the college they wish to attend because the requirements are periodically revised.

CSU GENERAL EDUCATION REQUIREMENTS

Course work must be taken in each area.

A. Communication in the English language 9 units (3 units in each area)

1. Oral Communication
   Speech 101, 102, 121, 151
2. Written Communication
   English 101
3. Critical Thinking
   English 102, 103; Philosophy 6, 8, 9; Speech 104

B. Physical Universe and Its Life Forms 9 units

Select at least one course from each area and no more than one course from each subject area. Include one laboratory course. +Meet laboratory requirement.

1. Physical Universe
   Astronomy 1; Chemistry 101+, 51+, 60+, 12 (same as Env. Sci. 12), 13+ (same as Env. Sci. 13); Earth Science 1; Environmental Science 1, 12, 13+; Geography 1, 3, 15+; Geology 1, 2, 6+, 7; Meteorology 3 (same as Geog. 3); Oceanography 1; Physical Science 1; Physics 8, 7, 12, 14+, 37+
2. Life Science
   Anatomy 1+; Anthropology 101; Biology 3A and B, 4, 5A and B, 6+, 7+; Environmental Science 2; Microbiology 20+; Physiology 1+; Psychology 2
3. Math/Quantitative Reasoning
   Mathematics 215, 225, 226, 235, 236, 240 260, 261, 262

C. Arts, Literature, Philosophy and Foreign Language

9 units (at least 1 course in the arts, 1 in humanities)

1. Arts
   Art 101, 102, 103, 109, 111, 201, 501, 502, 708, 709; Humanities 73; Music 101, 111, 112, 121, 122, 141, 501, 561, 725, 775; Phys Ed 460, 462, 463, 814; Theater 100, 110, 200, 505

2. Humanities

6. History
   History 1, 2, 11*, 12*, 13*, 14*, 22(Fr.10), 25, 41*, 42*, 43*, 44*, 68
7. Interdisciplinary Social or Behavioral Science
   None
8. Political Science, Government, and Legal Institutions
   Political Science 1*, 2, 4, 7, 8, 14
9. Psychology
   Child Development 1; Psychology 1, 41
10. Sociology and Criminology
   Administration of Justice 1, 4; Sociology 1, 2, 7, 11
E. Lifelong Understanding and Self-Development

3 units (no more than one unit of PE)

E1. Integrated Organism
   Family and Consumer Studies 21; Health 2, 11;
   Psychology 16, 41, 52
E2. Activity
   Physical Education 102, 262, 289, 301, 460, 462, 463, 665, 666, 667, 668, 682, 683, 684, 690

Only courses on this list may be used. No courses may be used more than once.

*California State Universities require Political Science 1 and a U.S. History (History 11, 12, 13, 14, 41, 42, 43, or 44) for the Bachelor's Degree.

LIBERAL STUDIES

Liberal Studies programs in the California State University are designed for students who desire a broad education in the Liberal Arts, often with a goal of teacher preparation, particularly on the elementary level. Students with the teaching credential objective must complete professional education requirements leading to the multiple subject credential and do so either simultaneously with, or subsequent to, completion of the Liberal Studies degree. Requirements for the BA Programs for prospective teachers require a minimum
of 84 semester (126 quarter) units with approximately equal distribution among the following four areas:

1) English
2) Mathematics and the Physical and Life Sciences
3) Social Sciences and
4) Humanities and the Fine Arts.

Students in the Liberal Studies major who have career objectives other than teaching will generally find:
1) greater freedom in the use of electives
2) opportunities for course substitution within major requirements and
3) possibilities of accomplishing additional objectives, such as completion of a second major or of professional requirements.

All CSU Liberal Studies programs consist of both upper and lower-division course work. The distribution between these two levels is not the same in any two campus programs. In some programs upper-division course work is not based on any particular lower-division preparation. In others, certain upper-division courses may require specific lower-division prerequisites. General Education requirements are accommodated in Liberal Studies programs in different ways. However, in all cases it is possible for a student to complete general education and major requirements in such a manner as to eliminate or minimize the loss of transfer units.

Students interested in pursuing a multiple subject teaching credential are encouraged to make a counseling appointment during their first college semester. All transfer institutions offer "waiver" programs. A waiver program exempts students from taking and passing the difficult National Teacher’s Examination. Each transfer college requires completion of specific courses in the four areas listed above to qualify for the waiver program. A counselor will assist students in selecting the required courses.

There are also waiver programs available for single-subject credentials. (See a counselor)

NOTE: Always review the requirements of the institution to which you wish to transfer. See a counselor for accurate planning and current information.

Other programs are performing arts, dance, economics, environmental studies, foreign language, law, philosophy, physical education, physics, political science, psychology, chemistry, education, geology, humanities, journalism, sociology and speech.

INDEPENDENT CALIFORNIA COLLEGES AND UNIVERSITIES

California’s fully accredited independent colleges and universities provide a host of options at undergraduate, graduate and professional levels for students planning to continue their education beyond community college.

ADMISSION POLICIES

Students who transfer to independent colleges or universities find they are given academic credit for most, if not all, of their community college studies. Virtually all institutions give full credit for general education courses and usually other courses designated for transfer by the community college.

Some colleges and universities stipulate a certain number of completed units before considering students eligible for transfer. Others do not and will accept students at any time. The requirements are outlined in the respective college catalogs, available upon request from the college’s Office of Admissions.

Independent institutions are generous in awarding credit. They invite students to make an appointment with their Office of Admissions in order to discuss transfer opportunities on a personal basis.

FINANCIAL AID

The application is simple. Students are to complete the Student Aid Application for California (SAAC) and request a copy to be sent to the college of their choice. Forms are available in the Office of Financial Aid at West Los Angeles College. For further information, students should contact the Office of Financial Aid at the college of their choice.
INSTRUCTIONAL PROGRAMS

Students should refer to the "Graduation Requirements" section for additional information. Check prerequisites before scheduling courses. Students are encouraged to seek assistance from counselors and faculty. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

ACCOUNTING

ASSOCIATE IN ARTS DEGREE

CERTIFICATE PROGRAM

This program is designed to prepare the student for entry into the business community in such entry-level positions as bookkeeper, accounting clerk and assistant auditor. Skills required for maintaining records, controlling finances, and preparing financial reports are presented.

Students desiring to acquire only an associate degree in Accounting should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

All courses must be completed with a grade of C or better to count towards the accounting certificate. Upon completion of the requirements, a petition for the accounting certificate needs to be filed in the Office of Admissions and Records.

*Accounting 21 plus Accounting 22 are the equivalent of Accounting 1.

ADMINISTRATION OF JUSTICE

ASSOCIATE IN ARTS DEGREE

CERTIFICATE PROGRAM

Administration of Criminal Justice includes law enforcement, the courts, and the correctional system at the community, county, state and federal levels. There is an ever-increasing demand in these fields for men and women with a college education with a wide variety of career opportunities offered in public and private law enforcement. Included are police and sheriff's departments, state police, highway patrols and various federal and state investigative agencies. Private security opportunities include retail, airline, merchant, railroad, bank, shopping center, college, university and hospital security.

Students desiring to acquire only an associate degree in Administration of Justice should follow the course requirements listed below. Transfer students wishing a degree in Criminal Justice should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice.
Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

### ANTHROPOLOGY

**ASSOCIATE IN ARTS DEGREE**

The Associate Degree program in anthropology is designed for those who wish to complete a baccalaureate degree in the field at a four-year institution or a university. Professional opportunities with such curriculum could lead to a career in archaeology, linguistics, the social and natural sciences, international affairs, urban renewal, social welfare, museum work, the National Park Service, conservation programs, ergonomics and forensics. Anthropology also provides valuable background for those seeking careers in such fields as sociology, psychology, social work, medicine, nursing and mental health, the foreign service and trade, geriatrics, child development, journalism, documentary film production, and the legal professions.

### ART

**ASSOCIATE IN ARTS DEGREE**

The Associate Degree program in art enables a student to transfer to a baccalaureate program at a four-year institution. The art curriculum has been planned for those intending to enter the fields of design, illustration, art history, and art education.

Students desiring to complete only an associate degree in Art should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

CERAMICS OPTION REQUIREMENTS:

Minimum of 12 units in addition to the above Core Program requirements. 12 units from Art, 708, 709, 710, 711

AVIATION

MAINTENANCE TECHNICIAN

ASSOCIATE IN SCIENCE DEGREE

CERTIFICATE PROGRAM

To meet the aerospace industry’s demand for well-trained, certificated aircraft mechanics, the college offers an Aviation Maintenance Technician Associate Degree, an Airframe Maintenance Technician Certificate, and an Aircraft Powerplant Technician Certificate. Upon qualifying by written, oral, and practical examination, students are issued Federal Aviation Administration licenses.

Note: Aviation Maintenance Technician Classes 1-24 must be completed with a grade of C or better.

Note: The Aircraft Maintenance Program is a continuing program with classes starting every 9 weeks with a full-time year round schedules.

Credit for FAA Licenses

A student can be awarded 30 units of credit toward the AS degree if he or she has a FAA Airframe license.

Similarly, a student can be awarded 30 units of a credit toward the AS degree if he or she has a FAA Powerplant license.

If a student has both licenses, a total of 60 units can be allowed toward the AS degree. To be awarded an AS degree, the student also must complete all general education requirements.

BIOLOGY

(HEALTH SCIENCE OPTION)

ASSOCIATE IN ARTS DEGREE

The Health Science option of the Biology Associate Degree program provides an orientation to the health sciences while including the general background required for the fields of nursing, dental hygiene, respiratory therapy, physical therapy, and other health fields.

Students desiring to acquire only an associate degree in Biology (Health Science Option) should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

### BUSINESS ADMINISTRATION

#### ASSOCIATE IN ARTS DEGREE

The Associate Degree program in business administration enables the student to transfer to a baccalaureate program at a four-year institution. Career opportunities are available in multiple fields, including accounting managers, stockbrokers, financial consultants, insurance brokers, marketing managers and computer specialists. In addition, the prospective professor of business may get a start in the Associate and baccalaureate programs in business administration.

Students desiring to acquire only an associate degree in Business Administration should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

### CHEMISTRY

#### ASSOCIATE IN ARTS DEGREE

The Associate Degree in chemistry will provide most lower division requirements for the student planning to transfer to a four-year institution with a chemistry major while at the same time establishing a strong basic foundation in this science.

Students desiring to acquire only an associate degree in Chemistry should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

ASSOCIATE IN ARTS DEGREE

CERTIFICATE PROGRAM

This curriculum offers instruction to students interested in careers in computing. A computer science option and an application software option are offered. Regardless of option chosen, a student may obtain either an Associate in Arts degree or a professional Certificate by completing the appropriate course requirements listed below.

Students desiring to acquire only an associate degree or occupational certificate should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general
## INSTRUCTIONAL PROGRAMS

Education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

### DENTAL HYGIENE

#### ASSOCIATE IN SCIENCE DEGREE

(Admission by Special Selection)

The Dental Hygienist, as a member of the dental health team, is qualified by education and license to provide primary care to patients for the maintenance of oral health and prevention of oral disease.

Under supervision of the dentist, the hygienist removes deposits and stains from teeth, applies agents to help prevent tooth decay, prepares clinical tests and provides oral health instruction.

The program in dental hygiene is accredited by the Commission on Dental Accreditation. The commission is a specialized accrediting body recognized by the Commission on Recognition of Post Secondary Accreditation and by the United States Department of Education. Admission to the dental hygiene program is highly selective and by special selection. The admission requirements are available from the counseling office or the dental hygiene department.

In the curriculum below, courses are planned in sequence. Satisfactory completion of all courses, with a C grade or better in a given semester, is required before the student may continue to the next semester in dental hygiene. It is necessary to obtain at least a C grade in all courses in order to continue in the dental hygiene program. All required courses in each semester are co-requisites and prerequisites for the subsequent semester. Candidates for graduation must satisfactorily complete the dental hygiene program, according to the State of California Dental Practice Act guidelines for curriculum. With the approval of the dental hygiene department, a candidate may qualify to take the Dental Hygiene National Board Examination, the State Board Examination, and earn an Associate in Science Degree.

#### ECONOMICS

**ASSOCIATE IN ARTS DEGREE**

The following curriculum is a general pattern for students wishing to transfer to a four-year institution as an economics major. Careers in business, education, writing, and government are open to those with advanced work in this field.

Students desiring to acquire only an associate degree in Economics should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

ENGLISH

ASSOCIATE IN ARTS DEGREE

The English sequence is recommended for those who wish to obtain the baccalaureate degree in this field. Emphasis is placed on meeting common lower division university requirements.

Students desiring to acquire only an associate degree in English should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

ASSOCIATE DEGREE

REQUIRED COURSES  UNITS
ENGLISH 101  College Reading & Composition I.............. 3
ENGLISH 102  College Reading & Composition II............. 3
And 6 units from English 205, 206 (English Literature I and II) English 203, 204 (World Literature I and II) English 207,208 (American Literature I and II) English 211, 212, 213

AND 6 UNITS OF ELECTIVES FROM THE FOLLOWING:

Foreign Language through Course 4
Philosophy 41 (Introduction to the Philosophy of Literature)
English 127, 203, 204, 205, 206, 211, 212, 213, 215, 218, 219, 234, 239, 240.

ENTERTAINMENT STUDIES:
THEATER ARTS

The Language Arts Division's Theater Arts Certificate is offered in Entertainment Studies to meet the current demand in the industry. Topics included are listed below.

CERTIFICATE PROGRAM

REQUIRED COURSES  UNITS
THEATER 100  Introduction to the Theater.................... 3
THEATER 110  History of the World Theater................... 3
THEATER 200  Introduction to Acting......................... 3

6 units may be selected from among the following courses:

THEATER 240  Voice and Articulation for the Theater...... 3
                       (Same as Speech 111)
THEATER 285  Directed Study - Theater.................... 2

THEATER 505  History of Motion Pictures and TV............ 3
            (Same as Cinema 3)
THEATER 911  Cooperative Education - Theater.............. 1
THEATER 921  Cooperative Education - Theater.............. 2
THEATER 931  Cooperative Education - Theater.............. 3
THEATER 941  Cooperative Education - Theater.............. 4
SPEECH 130  Introduction to Oral Interpretation........... 3
            (Same as Theater 210)
SPEECH 135  Storytelling.................................... 3

Note: Also, see Theater Arts Listing.

FRENCH

ASSOCIATE IN ARTS DEGREE

The Associate Degree program in French enables a student to transfer to a baccalaureate program at a four-year institution. Professional opportunities which such a curriculum could lead to occur in foreign trade, travel, translating, teaching, and government (especially in the State Department). French also provides valuable background for those pursuing studies in art, music, cinema, and literature.

Students desiring to acquire only an associate degree in French should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

ASSOCIATE DEGREE

*For those transferring to UCLA, History 41 and 42 may be substituted for History 11 and 12 respectively.
INSTRUCTIONAL PROGRAMS

LAW
(LEGAL ASSISTANT/ PARALEGAL)

ASSOCIATE IN ARTS DEGREE
CERTIFICATE PROGRAM

The continued growth of the legal profession has created a need for paralegals/legal assistants to combine some of the duties of a legal secretary with some of the duties of an attorney. These paraprofessionals are highly trained in various aspects of the law and work under the supervision of lawyers. The field of paralegal/legal assistant covers legal research, real estate law, probate, torts, wills, family law, insurance claims, personal injury and civil litigation. These duties were previously beyond the training of legal secretaries and, therefore, were performed by lawyers.

NOTE: This program is not designed for preparation for law school admission. Students should consult catalogs of law schools of their choice or a counselor when planning to attend law school.

Students must complete English 101 with a grade of C or better.

PRE-LAW

Students interested in the professions of law should see a counselor regarding specific transfer institution course requirements.

LIBERAL ARTS

ASSOCIATE IN ARTS DEGREE

The Liberal Arts major is designed for both transfer and career majors.

I. The Liberal Arts major requires 30 units of General Education Plan A in the current catalog.

II. No course may be used to fulfill more than one general education requirement.

III. A minimum of 18 units in the major is required in any one of the following patterns:

PATTERN A

Using Graduation Plan A as described in the appropriate catalog, at least three additional units from each of the following:

A - Natural Science ...........................................(3 units)
B - Social & Behavioral Science ................................(3 units)
C - Humanities ..................................................(3 units)

In addition to the above, select an additional 9 units from Plan A in Areas A, B, C, D.

PATTERN B

For transfer students, 18 units to include courses in preparation for their transfer major at the university of their choice. Major sheets produced by the Counseling Office may be used as general guidelines.
PATTERN C

For career students, 18 units in any discipline in which West Los Angeles College is authorized to offer a career diploma. Courses clearly and logically related to or supportive of the discipline may also be used. Remedial and developmental courses may not be used toward a major. This pattern requires a contract signed by the student, a counselor, and the appropriate division or discipline chairperson.

PACE

PACE is one option for satisfying the requirements for the Liberal Arts Major pattern A.

Program for Accelerated College Education is a two-year college Associate of Arts degree program designed with the full-time worker in mind.

PACE is both fast and convenient. Students are able to finish an AA degree in Liberal Arts and complete most of the lower division requirements for transfer to the California State University System and to many private universities in four semesters (and two Summers). During each semester, students attend one evening a week for four hours, six to eight Saturdays from 8:00 a.m. to 6:00 p.m. and watch two hours of instructional television per week. Twelve units of college credits are completed each semester.

The PACE format is based upon a two-year semester cycle. Students may enter any semester. A student need not register for all semesters. Students are required to enroll in at least three of the four courses offered in any particular semester to benefit from PACE. Students are enrolled semester long for all courses although formal instruction is divided; half the semester instruction will be given in two of the courses and half in the other two. Each semester is organized around a particular theme.

MATHMATICS

ASSOCIATE IN ARTS DEGREE

The following curriculum is a general pattern for students wishing to transfer.

Students desiring to acquire only an associate degree in Mathematics should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

MUSIC

ASSOCIATE IN ARTS DEGREE

The music curriculum is designed to meet the requirements for students matriculating to a baccalaureate level program at the four-year colleges and to prepare students for many music vocations and careers.

Students desiring to acquire only an associate degree in Music should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

PSYCHOLOGY

ASSOCIATE IN ARTS DEGREE

The Associate in Arts Degree in psychology is designed for those who wish to complete a baccalaureate degree in the field. Emphasis is placed on meeting lower division requirements at a four-year institution or university. Professional opportunities which the curriculum could lead to occur in the helping professions; natural sciences; marriage, child, and family counseling; industry and business; public health; social welfare; National Park Service; environmental improvement and conservation programs; and zoological institutions. Psychology also provides valuable background for those seeking careers in such fields as anthropology, sociology, social work, law, medicine, nursing and mental health facilities, the foreign service and trade, geriatrics, and child development.

Students desiring to acquire only an associate degree in Psychology should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

SPANISH

ASSOCIATE IN ARTS DEGREE

The Associate Degree program in Spanish enables a student to transfer into a baccalaureate program at a four-year institution. In addition, this curriculum generates and upgrades professional opportunities in business, industry, education, and government work, as well as providing personal enrichment in understanding Hispanic language and culture.

Students desiring to acquire only an associate degree in Spanish should follow the course requirements listed below. Transfer students should consult the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice. Transfer students who wish to also obtain an associate degree may do so by completing all WLAC general education requirements plus at least 18 units in the major as required by the transfer institution (a total of 60 units for associate degree).

TRAVEL

ASSOCIATE IN ARTS DEGREE

CERTIFICATE PROGRAM

The travel industry is today a major economic and social force in the world. Travel by millions of people brings about inter-relationships of enormous importance in domestic and international affairs.

The number of travel agencies in the United States has grown to more than 34,000 in 1997. Today, the travel industry offers more challenging opportunities than ever before to the person who is prepared to meet the requirements of this interesting field. Instruction is offered for persons wishing to enter the travel industry, and for persons already in the travel industry who wish to develop greater competency in their profession. Effective course selection can prepare a student for a career in one of the many travel-related businesses.

ASSOCIATE DEGREE

Students completing this curriculum should be prepared and available for opportunities for employment, and/or advancement in present employment, in various areas of the travel industry. The Degree requirements will be fulfilled by completing any 12 of the 14 3-unit travel classes listed below, plus 24 semester units of general education subjects, as described in this catalog, for a total of 60 semester units.

ADVANCED CERTIFICATE

The Advanced Certificate is designed for students who have completed the Basic Certificate program and then complete any four of the remaining courses.

To obtain the Advanced Certificate, students may not apply any course, which was previously used to obtain their Basic Certificate.

In order to receive a basic or advanced Certificate of Completion or a Degree in Travel, students must submit a petition to the Admissions Office during the semester in which the requirements will be completed. All courses must be completed with a grade of C or better.
The courses offered are listed alphabetically with brief course descriptions. The number in parentheses following the course title indicates the credit value of each course in semester units. Each unit represents one hour a week for lecture or recitation, or two or more hours per week of laboratory. Some courses may be repeated for credit. For example, RPT 3 indicates that the course may be repeated three times for credit. Prerequisites are stated if the course requires them. If the number of hours in which a class meets differs from the number of units, the course description states the actual number of lecture and/or laboratory hours.

All West Los Angeles College courses are offered for college credit. All courses that meet the major requirement of the educational programs listed in this catalog may be applied towards graduation requirements for the Associate Degree. All transfer courses may be applied to the Associate Degree. Some courses which are offered for college credit, but which cannot be applied toward graduation requirements for the Associate Degree are designated by the code NDA, non degree applicable. Transfer courses are acceptable for credit at the University of California and at the California State University according to the following codes:

**University of California**

UC - Courses so designated are acceptable for credit at all campuses of the University of California.

**California State University**

CSU - Courses so designated are acceptable for credit at all campuses of the California State University. Courses designated CSU are certified as being appropriate for baccalaureate degree credit for determining admission eligibility as an undergraduate transfer. If nothing appears after the course title, then the course is not transferable. For specific course equivalents, see a counselor.

**California Articulation Numbering System (CAN)**

Courses listed with a "CAN" designate those that are identically listed in the California State University and University of California higher education systems. The basic premise of the CAN numbering system is that identically numbered CAN courses are acceptable "in lieu of" each other and will assist students and counselors in decisions concerning transfer to those systems. While the courses are comparable, they are not necessarily identical. The numbering system was recently implemented and additional courses with the CAN designation will be added on an ongoing basis.

---

**Course Repeatability for Credit**

The symbol RPT identifies courses, which may be taken more than once for credit. The number, which follows RPT symbol, indicates the number of times a course may be repeated for credit.

**Course Prerequisite Policy**

To help students succeed in classes, many courses in this catalog list either "required" or "recommended" prerequisites or co-requisites. (Anything listed after "Prerequisite:" is required; recommended prerequisites simply say, "Recommended.") Prerequisite means the preparation or previous course work considered necessary for success in the course. Co-requisite refers to concurrent enrollment in another course, and unless indicated as "recommended" is required. Although it is not absolutely mandatory for a student to have met the recommended prerequisites to be successful, the college strongly advises students to complete such prerequisites as pre-enrollment preparation. Every effort has been made in this catalog to list only required or recommended prerequisites that have been established or reviewed in accordance with current Title 5 regulations.

**Required Prerequisites include:**

1. Courses for which specific prerequisites have been validated in accordance with Title 5 regulations.
2. Sequential course work in a degree program
3. Courses in which a prerequisite is necessary for transfer to a four-year college

Students who have questions about prerequisites should consult a college counselor or an instructor before registration.

**Required Prerequisite Challenge Procedure.**

Students may petition to challenge a prerequisite. A waiver requires written explanation of alternative course work, background, or abilities, which adequately prepare students for the course. Prerequisite challenge petitions are available in the Admissions Office, Student Entry Center or Assessment Office.

Reasons for seeking a prerequisite challenge must include one or more of the following:

1. The prerequisite course is not available
2. The student has reason to believe prerequisite has not been validly established and is in violation of Title 5 regulations
3. The student has the knowledge or ability to succeed in the
4. Course without meeting the prerequisite. The student believes the prerequisite is discriminatory or being applied in a discriminatory manner.
COURSE DESCRIPTIONS

ACCOUNTING

(See Also Business)

1 Introductory Accounting I (5) UC:CSU
This course emphasizes basic accounting theory and practices which include an analysis of records of original entry and their relationship to the general ledger, controlling accounts and their subsidiary ledgers, voucher system, periodic adjustments, worksheet, financial statements and closing the ledger. Students complete a simulated set of books of records for a sole proprietorship form of mercantile firm using business papers.

Note: Same as Accounting 21 with Accounting 22

2 Introductory Accounting II (5) UC:CSU
Prerequisite: Accounting 1 or Accounting 22 with a grade of C or better or equivalent.
Accounting principles and procedures relating to partnerships and corporations, accounting for manufacturing, cost accounting, branch and departmental accounting, interpretation of financial statements, supplementary statements, data processing and management controls are covered. Students complete a manufacturing firm practice set.
Acceptable for Management 1B credit, UCLA

15 Tax Accounting I (3) CSU
Prerequisite: Accounting 1 or equivalent.
Credit allowed for only one of Accounting 15 or Business 10.
Tax laws, accounting procedures, and preparation of returns required for federal and California State individual income taxes are covered.

16 Tax Accounting II (3) CSU
Prerequisite: Successful completion of Accounting 15.
This course deals with tax laws, accounting procedures and preparation of state and federal tax returns required for partnerships, corporations, estates and trusts. Federal and state returns for inheritance and gift taxes will also be considered along with review of individual tax returns to update the student on new tax laws and forms.

17 Payroll Accounting (2)
This course presents methods and procedures of compiling payroll records and preparation of payroll tax returns required by state and federal laws, including state and federal unemployment and social security, insurance and worker's compensation reports.

20 Managerial Accounting (3) CSU
The application of accounting analysis to business decision, planning, and control is presented. The emphasis is on the usefulness and appropriateness of data.

21 Bookkeeping and Accounting I (3) UC:CSU
Fundamentals of double entry bookkeeping, preparation of the trial balance, work sheets and simple financial statements, use of controlling accounts, the control of cash and bank reconciliation statements are presented. Students complete a mercantile firm practice set. Credit allowed only for either Accounting 1 or 21.

Note: UC Transfer Credit Limit: A maximum of 5 units from Accounting 1, 21 and 22 will be acceptable for UC credit. Accounting 21 and 22 together equal Accounting 1.

22 Bookkeeping and Accounting II (3) UC:CSU
Prerequisite: Accounting 21 or equivalent.
The voucher system; payroll accounting; accounting of notes, bad debts, inventories, cost of goods sold, fixed assets, depreciation, adjustments and interim statements are dealt with. Students complete a mercantile firm practice set. Together with Accounting 21, equals Accounting 1.

Note: UC Transfer Credit Limit: A maximum of 5 units from Accounting 1, 21 and 22 will be acceptable for UC credit.

25 Automated Accounting Methods and Procedures (3)
Prerequisite: Completion of one semester of Accounting Principles (or equivalent), through and including material on payroll accounting with a grade of C or better.
This Introduction to Accounting, using the microcomputer, will provide information and practice in the basic machine operations, plus instruction in the following areas: general ledger, depreciation, accounts receivable, accounts payable, and payroll. Real-world applications will be stressed throughout the course.

ADMINISTRATION OF JUSTICE

1 Introduction to Administration of Justice (3) UC:CSU
Philosophy and history of law enforcement, overview of crime and police problems, organization and jurisdiction of local, state and federal law enforcement agencies, survey of professional career opportunities and qualifications required for entry into a career in Administration of Justice are presented.

Note: UC Transfer Credit Limit: A maximum of one course from Administration of Justice 1, 4 will be acceptable for UC credit.

2 Concepts of Criminal Law (3) UC:CSU
Structure, definitions, and the most frequently used sections of the Penal Code and other criminal statutes pertaining to law enforcement are covered.

3 Legal Aspects of Evidence (3) CSU
A careful study of the kinds and degrees of evidence and rules governing the admissibility of evidence in court is made.

4 Principles and Procedures of the Justice Systems (3) UC:CSU
Procedures from incident to final disposition including the police, prosecution court and correctional process, principles of constitutional, federal, state and civil laws are considered as they apply to and affect law enforcement. Theories of crime and punishment are included.

Note: UC Transfer Credit Limit: A maximum of one course from Administration of Justice 1, 4 will be acceptable for UC credit. No UC credit if taken after summer 1995

5 Criminal Investigation (3) CSU
This course covers the fundamentals of investigation; crime scene search and recording, collection and presentation of physical evidence; scientific aids; modus operandi; sources of information; interviews and interrogation; follow up and case preparation.

70

West Los Angeles College /1998-2000 Catalog
6 Patrol Procedures (3) CSU
Prerequisite: Administration of Justice 1. 
This course is a study of the responsibilities, techniques and methods of police patrol. Topics include patrol distribution, selective enforcement, pull-over and approach methods, emergency pursuit driving, search of suspects and buildings, field interrogations, procedures in the handling of calls for police service and special police problems.

7 Traffic Control (3) CSU
This course covers traffic law enforcement regulation and control, fundamentals of traffic accident investigation, and the California Vehicle Code.

8 Juvenile Procedures (3) CSU
This course is a study of the organization, functions and jurisdiction of juvenile agencies; the processing and detention of juveniles; juvenile case disposition; juvenile statutes and court procedures.

14 Report Writing for Peace Officers (3) CSU
Lecture 3 hours.
This course includes the study of and practice in preparing various types of police reports required by the criminal justice system, review of basic writing skills, technical and legal terminology, and the requirements for preparation of legally admissible documents.

15 Police Supervision (3) CSU
Prerequisite: Employment in law enforcement.
This course is specifically designed to prepare law enforcement officers for the duties and responsibilities of the police supervisor. It is primarily concerned with supervisory functions, techniques and the underlying principles governing their applications.

16 Recruitment and Selection Process (3) CSU
An in-depth coverage of the legal selection process designed to assist students with employment into a law enforcement agency. Course includes written exam techniques, agility exam, explanation of background investigation, psychology test, medical exam, and practical ways to assist the candidate through the academy.

42 Advanced Criminal Law (3) CSU
Prerequisite: Administration of Justice 2.
This course is the study of criminal law with special emphasis on major crimes of particular interest to peace officers and examines penal provisions in State codes and leading case law.

56 Physical Evidence (3)
This course was designed for field investigators in the recognition, collection, identification, and preserving physical and scientific evidence. The student will be introduced to the various methods of crime scene investigation and techniques. Special emphasis will be placed on crime scene sketches, photography, latent prints, report writing and court testimony.

60 Arrest, Search and Seizure (3) CSU
This course covers the history and development of the laws and custom of arrest, search and seizure and the "Exclusionary Rules." Consideration is given to landmark decisions and current case law which directs the applications of procedures and techniques as they relate to law enforcement officers and others in the apprehension of criminals and the procuring of evidence.

62 Fingerprint Classification (3) CSU
A practical course which covers the technical terminology of fingerprinting, pattern interpretation, and classification of fingerprinting, searching and filing procedures. Time will also be devoted to laboratory work in the classroom. A certificate will be awarded on completion.

63 Introduction to Criminology (3)
This is a scientific approach to the study and nature of crime causation and control. This course will examine a few of the reasons why people commit crimes and the theories of criminal behavior. The student will develop a new understanding of the root causes of crime.

67 Community Relations I (3) UC:CSU
An in-depth exploration of the roles of the Administration of Justice practitioners and their agencies is offered. Through interaction and study the student becomes aware of the interrelationships and role expectations among the various agencies and the public. Principal emphasis is placed upon the professional image of the system of Justice Administration and the development of positive relationships between members of the system and the public.

75 Introduction to Corrections (3) CSU
This basic course deals with the nature of correctional work; aims and objectives of Correctional Administration; probation and practices; skills, knowledge and attitudes required for employment in this field; types of institutions and services and career opportunities.

86 Issues in Law Enforcement (3)
Lecture 3 hours.
This course surveys literature and media presenting the issues, problems and perceived image of law enforcement.

101 Extended Academy (18)
Prerequisite: AJ 102 Police Academy Orientation
This course meets the minimum training requirements established by the Peace Officer Standards and Training (P.O.S.T) commission for individuals entering the career of law enforcement. All students must meet the minimum requirements for a police officer as established by the P.O.S.T Commission and be eligible to carry a firearm in California.

102 Orientation to Public Service Academy (1)
This course will detail the curricula and requirements of the public service training academy courses and prepare the student for a successful completion of the academy courses. This course is required as a prerequisite for all academy courses as established by the Peace Officer Standards and Training (P.O.S.T) commission from individuals entering the career for law enforcement. Document processing fee of $50. required of all students.

285 Directed Study (2)
Allows students to pursue Directed Study in Administration of Justice on a contract basis under the direction of a supervising instructor.
COURSE DESCRIPTIONS

385 Directed Study · Administration of Justice (3)
UC:CSU
Conference 1 Hour Per Unit
Allows students to pursue Directed Study in Administration of Justice on a contract basis under the direction of a supervising instructor.
Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

AFRICAN-AMERICAN STUDIES

2 The African-American in Contemporary Urban Society (3) UC:CSU
A survey of the urbanization of African-Americans with emphasis on social and political contemporary problems, proposed solutions to civil rights, and equality of opportunity.

ANATOMY

1 Introduction to Human Anatomy (4) UC:CSU
Recommended: College Biology.
Lecture 3 hours; laboratory 3 hours.
This course presents the structure of the human body by subdividing it into individual body systems. The functional anatomy of each level of organization is then studied from the microscopic level of organization to the gross level. In addition, the embryological development of each body system and selected pathologies will be examined. Laboratory exercises include the study of histological slides, photomicrographs, x-rays, human skeleton and the dissection of a cat. This course is intended to meet the requirements of students majoring in nursing, dental hygiene, occupational therapy, psychology, physical education and life sciences, or for those who wish to extend their knowledge of the human body beyond the scope of introductory biology.

ANTHROPOLOGY

101 Human Biological Evolution (3) UC:CSU
(CAN ANTH 2)
The course focuses on the relationship between human biology, culture and the physical environment, as interpreted within the framework of evolutionary theory and the science of genetics. It traces man's place in the animal kingdom, with special emphasis on primates. Archeological evidence, associated with human fossils, is examined and human physical variability is probed within the context of Mendelian and population genetics.

102 Human Ways of Life: Cultural Anthropology (3)
UC:CSU (CAN ANTH 4)
The course presents an anthropological understanding of the varieties of life styles in human societies throughout the world, from nomadic hunting-gathering tribes to highly technologically-developed societies such as ours. The varied forms of marriage and the family, economic, political, and legal arrangements; religious expressions; and art forms are examined in their own contexts and compared to others. Extensive use is made of audio-visual materials.

103 Archaeology: Reconstructing the Human Past (3)
UC:CSU (CAN ANTH 6)
The course focuses on the discovery and reconstruction of the ways of life of extinct societies through the excavation, analysis and interpretation of their material remains, including refuse, stone tools, pottery, burials, housing. By examining these remains within the context of the environment and change over time, students acquire a means of understanding the human past. Extensive use is made of audio-visual materials.

121 Anthropology of Religion, Magic, and Witchcraft (3)
UC:CSU
This course provides a socio-cultural understanding of religious behaviors. It deals with the components, function and symbolism of religious behavior, as manifested through practices such as magic, witchcraft, totemism, divination, shamanism, ancestor worship and cults. Belief in gods, demons, ghosts, spirits, manna, the other world, and the soul are probed. Special emphasis is given to tribal religious systems through the use of information gathered by anthropologists in the field. Non-tribal religious systems are included for comparative purposes. Extensive use is made of audio-visual materials.

ART

(Outstanding works of students' art may be retained for a maximum of two years by the college art gallery.)

UC Transfer Credit Limit: A maximum of 12 units of the following courses will be acceptable for credit: Art 501, 502, 503, 708, 709, 710, 711. A maximum of 16 units of the following courses will be acceptable for credit: Art 201, 202, 203, 204, 205, 206, 300, 301, 302, 304, 305.

101 Survey Of Art History I (3) UC:CSU (CAN ART 2)
This course introduces the student to some of the great civilizations of the world. By studying the visual arts, which they created, the student will come to understand the beliefs and aspirations of such cultures as Ancient Egypt, Greece and Rome, as well as Africa, India, and Pre-Conquest Central America.

102 Survey Of Art History II (3) UC:CSU (CAN ART 4)
NOTE: Art 101 is not a prerequisite to Art 102. This course introduces the student to the visual arts of Western Europe and the U.S. beginning with the Renaissance and ending in the late 20th century. The constantly changing world view of this period will be studied in the works of such artists as Michael Angelo and Rembrandt and also through such movements as Romanticism, Impressionism, Expressionism and Cubism.

103 Art Appreciation I (3) UC:CSU
This broad introduction to the nature, vocabulary, media, and history of art, with selections from western and non-western cultures, is designed to expand awareness and understanding of the visual art as a unique medium for human inter-relationship.
107 Mexican Art: Modern (3) UC:CSU
This course surveys the pictorial arts of Mexico from the Pre-Revolutionary years of 1900 to the present day. It includes the Renaissance of Indigenous Mexican Art, the contemporary popular and fine arts, and investigates the development of Mexican-American Art. Among the artists discussed are Rivera, Tamayo, and Barragan.

109 Arts of Africa, Ocean, and Ancient America (3) UC:CSU
This course introduces the student to some of the great cultures of the world. The Ife and Benin kingdoms of Africa, as well as the Maya and Aztec kingdoms of Central America are just some of civilizations which are brought to life once more through a study of their visual arts.

111 History of Contemporary Art (3) UC:CSU
This course traces the development of 20th century European and U.S. painting, sculpture and architecture. Beginning with the late 19th century art movements of Impressionism and Post-Impressionism, this course attempts to reveal the meaning behind such visually challenging "isms" as Cubism, Expressionism, Dadaism, and Surrealism. Artists discussed will include Monet, Picasso, Matisse, Dali, and Warhol.

201 Drawing I (3) UC:CSU (CAN ART 8)
Lecture 2 hours; studio 2 hours.
This course can teach you how to draw. Students learn to draw the world around them while developing their personal expressive visions. Various media, including pencil, ink and charcoal are used. Students are expected to complete an additional 2 hours per week of studio homework.

202 Drawing II (3) UC:CSU
Recommended: Art 201 with a grade of C or better or equivalent.
Lecture 2 hours; studio 2 hours.
Compositional aspects of drawing as applied to still life, natural forms, landscape and the human figure are explored. Students are expected to complete an additional 2 hours per week of studio homework.

203 Drawing III (3) UC:CSU
Recommended: Art 202 with a grade of C or better or equivalent.
Lecture 2 hours; studio 2 hours.
Working primarily from the nude model, the student learns to render the human figure in expressive and aesthetic way. A variety of media are used. Students are expected to complete an additional 2 hours per week of studio homework.

204 Life Drawing I (3) UC:CSU
Recommended: Art 201 with a grade of C or better or equivalent.
Lecture 2 hours; studio 2 hours.
An introductory study of human structure and proportion is provided. Fundamental drawing approaches are explored in black and white media with emphasis upon the development of observation and skill in graphic representation. Students are expected to complete an additional 2 hours per week of studio homework.

205 Life Drawing II (3) UC:CSU
Recommended: Art 204 with a grade of C or better or equivalent.
Lecture 2 hours; studio 2 hours.
This course consists of drawing from the human figure with emphasis upon the development of observation, structure and draftsmanship. Various media are explored stressing line and tone. Students are expected to complete an additional 2 hours per week of studio homework.

206 Life Drawing III (3) UC:CSU
Recommended: Art 205 with a grade of C or better or equivalent.
Lecture 2 hours; studio 2 hours.
This course is a continuation of Art 205. Students are expected to complete an additional 2 hours per week of studio homework.

300 Introduction to Painting (3) UC:CSU
Recommended: Art 201 or 501 with a grade of C or better or equivalent.
Lecture 2 hours; studio 2 hours.
This course provides a solid foundation or success in painting using a variety of media and techniques, the student learns to paint aesthetically and expressively. Students are expected to complete an additional 2 hours per week of studio homework.

301 Watercolor Painting I (3) UC:CSU
Recommended: Art 300 with a grade of C or better or equivalent.
Lecture 2 hours; studio 2 hours.
This course is an introduction to and an exploration of watercolor media in varied styles, techniques and pictorial methods. Students are expected to complete an additional 2 hours per week of studio homework.

302 Watercolor Painting II 3 UC:CSU
Recommended: Art 301 with a grade of C or better or equivalent.
Lecture 2 hours, studio 2 hours.
This is a continuation of Art 301. Students are expected to complete an additional 2 hours per week of studio homework.

304 Acrylic Painting I (3) UC:CSU
Recommended: Art 300 or 501 with a grade of C or better or equivalent.
Lecture 2 hours; studio 2 hours.
This course is an introduction to fundamental skills in acrylic media, canvas preparation and brush techniques. Composition and color theory are studied as applied to still life, landscape and natural forms. Students are expected to complete an additional 2 hours per week of studio homework.

305 Acrylic Painting II (3) UC:CSU
Recommended: Art 304 with a grade of C or better or equivalent.
Lecture 2 hours; studio 2 hours.
This course is a continuation of Art 304. Students are expected to complete an additional 2 hours per week of studio homework.

501 Beginning Two-Dimensional Design (3) UC:CSU (CAN ART 14).
Lecture 2 hours; studio 2 hours.
This course lays the foundation for all the arts. By learning how to organize how dimensional space, the student will be prepared to successfully work in such other areas as painting, drawing, and graphic design. Students are expected to complete an additional 2 hours per week of studio homework.
502 Beginning Three-Dimensional Design (3) UC:CSU
Recommended: Art 501 with a grade of C or better or equivalent. Art 503 may be taken concurrently.
Lecture 2 hours; studio 2 hours.
This course provides an introduction to the organization of forms in three dimensions. Experimental problems in a variety of materials using various spatial constructions are dealt with. Students are expected to complete an additional 2 hours per week of studio homework.

503 Intermediate Design (3) UC:CSU
Recommended: Art 501 with a grade of C or better.
Lecture 2 hours; studio 2 hours.
This course teaches the student how to organize three dimensional space, and lays the foundation for such other areas as sculpture, ceramics, and architecture. Students are expected to complete an additional 2 hours per week of studio homework.

708 Introduction to Ceramics (3) UC:CSU
Lecture 1 hour; studio 5 hours.
This course provides a general introduction to the materials and processes of ceramic art. Instruction in basic hand construction methods of vessel forms is provided. Analysis of form, function and decoration emphasizing the proper use of materials and tools is emphasized.

709 Ceramics I (3) UC:CSU
Recommended: Art 708 with a grade of C or better or equivalent.
Lecture 1 hour; studio 5 hours.
Continued utilization of an expansion upon skills developed in Art 708. Increased emphasis upon individual growth in creative design abilities. Introduction to use of the potter’s wheel.

710 Ceramics II (3) UC:CSU
Recommended: Art 709 with a grade of C or better or equivalent.
Continued utilization of an expansion upon skills developed in Art 709. Increased emphasis upon individual growth in creative design abilities. Introduction to use of the potter’s wheel.

711 Ceramics III (3) UC:CSU
Recommended: Art 710 with a grade of C or better or equivalent.
Lecture 1 hour; studio 5 hours.
Continued utilization of an expansion upon skills developed in Art 710. Increased emphasis upon individual growth in creative design abilities. Increased skill building on the potter’s wheel.

712 Ceramics Workshop (2)
This course provides a studio experience for beginning and advanced students. A variety of construction methods are undertaken simultaneously, including hand-building and wheel-thrown objects. Techniques for surface enrichment, glazing and firing are explored at various levels of ability.

185 Directed Study - Art Honors (1) UC:CSU
285 Directed Study - Art Honors (2) UC:CSU
385 Directed Study - Art Honors (3) UC:CSU
Conference 1 Hour Per Unit
Allows students to pursue Directed Study in Art on a contract basis under the direction of a supervising instructor.
Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

ASTRONOMY

1 Elementary Astronomy (3) UC:CSU
All areas of modern astronomy are discussed in this introductory course. Major topics include: the sun, moon and planets; stars and galaxies; telescopes and other instruments; constellations; and the history of astronomy.

AVIATION

MAINTENANCE TECHNICIAN

Note: Subject credit for courses in this program may be obtained at California State University, San Jose and at National University after transfer.

Program entrance requirement: All new and re-entering students must have appropriate placement level demonstrated through the assessment process.

1 Maintenance Procedures (3)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 2
Lecture 3 hours.
Instruction is offered in ground operation, servicing airplanes, maintenance publications, forms, records, and mechanic's privileges and limitations. Aircraft materials and processes are identified with emphasis on inspection procedures.

2 Maintenance Procedures Laboratory (2)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 1
Laboratory 6 hours.
Instruction and practice is offered in the ground operations and servicing of airplanes. Maintenance publications, forms, and records are used in conjunction with inspection and repair procedures. Materials are identified and inspected to specifications.

3 Basic Aircraft Science (3)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 4
Lecture 3 hours.
Instruction is offered in applied mathematics, physics, aircraft drawing, and application of aircraft coverings, doping, and corrosion control composites.

4 Basic Aircraft Science Laboratory (2)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 3
Laboratory 6 hours.
Instruction and practical application is offered in basic mathematics, physics, aircraft drawings and prints. Instruction and practice is also given in wood structures, aircraft coverings, aircraft finishing and corrosion control.
5 Basic Electricity and Auxiliary Systems (3)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 6
Lecture 3 hours.
Instruction is offered in basic electricity, Ohm's law, DC and AC circuits, semi-conductors, metric prefixes, and scientific notation. Communication and navigation systems, cabin atmosphere control, and ice and rain control systems are also covered.

6 Basic Electricity and Auxiliary System Laboratory (2)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 5
Laboratory 6 hours.
This course describes relationships between voltage, current and power and explains how to use testing and measuring equipment in the inspection, checking, servicing and repair of the following systems: air-conditioning, communication and navigation, and ice and rain control.

7 Electrical and Instrument Systems (3)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 8 and satisfactory completion of AMT 5
Lecture 3 hours.
Instruction is offered in the function of aircraft electrical systems and components, generators, and aircraft instruments, including flight, navigation, engine instruments, and position and warning systems.

8 Electrical and Instrument Systems Laboratory (2)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 7 and satisfactory completion of AMT 6
Laboratory 6 hours.
An analysis is made of series, parallel and complex electrical circuitry in D.C. and in A.C., supplemented by discussion of testing and measuring equipment. Description, operation, and maintenance procedures for aircraft instrumentation are also explained, plus position and warning systems.

9 Assembly, Rigging and Inspection (3)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 10.
Lecture 3 hours.
Instruction is offered in assembly and rigging techniques, with weight and balance theory and procedure emphasized, and in the fabrication and installation of fluid lines and fittings.

10 Assembly, Rigging and Inspection Laboratory (2)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 9.
Laboratory 6 hours.
Instruction is provided in the skills and techniques needed for the assembly and rigging of airframe structures, including weight and balance computation. Opportunity is provided to fabricate fluid lines and fittings.

11 Aircraft Metal Assembly (3)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 12.
Lecture 3 hours.
This course offers a study of metal and non-metal repair procedures, including the materials and methods of fastening by welding, riveting, and other accepted techniques.

12 Aircraft Metal Assembly Laboratory (2)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 11.
Laboratory 6 hours.
Instruction and practice is offered in cutting, bending, forming, welding and fastening metal structures. Plastic enclosures, honeycomb and composites are evaluated. Structural repairs using various fastening and bonding techniques are emphasized.

13 Hydraulic, Landing Gear, and Fuel Systems (3)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 14.
Laboratory 3 hours.
Instruction is offered in the study of hydraulic landing gear, and aircraft fuel systems. Emphasis is placed on component design, operation, relationships, and system troubleshooting.

14 Hydraulic, Landing Gear, & Fuel Systems Laboratory (2)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 13.
Laboratory 6 hours.
Hydraulic, landing gear, and fuel systems are studied and operated, with components removed and reinstalled. Emphasis is placed on procedure and techniques, troubleshooting, and diagnosis.

15 Propeller and Powerplant Systems (3)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 16.
Lecture 3 hours.
Instruction is offered in propellers, powerplant lubrication, cooling, induction, and exhaust systems. Fire protection, including fire detection and extinguishing systems, is included.

16 Propeller and Powerplant Systems Laboratory (2)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 15.
Instruction and practice is offered in identifying lubrication; troubleshooting engine lubricating systems; servicing and repairing propellers and control systems; troubleshooting and repairing powerplant cooling, induction and exhaust systems; and inspecting and servicing powerplant fire protection systems.

17 Ignition and Fuel Metering Systems (3)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 18.
Lecture 3 hours.
Instruction is offered in the principles and practices of aircraft powerplant ignition systems and fuel metering systems.

18 Ignition and Fuel Metering Systems Laboratory (2)
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 17.
Laboratory 6 hours.
Instruction and practice is offered in inspecting, checking, servicing, troubleshooting, and repairing aircraft ignition and fuel metering systems.

19 Reciprocating Powerplant Overhaul (3)
Prerequisite: Aviation Maintenance Technician 15 and 17.
Co-requisite: Must be taken concurrently with Aviation Maintenance Technician 20.
Instruction is offered in maintenance, publications, basic engine theory and overhaul procedures of reciprocating engines.
COURSE DESCRIPTIONS

20 Reciprocating Powerplant Overhaul Laboratory (2)
Prerequisite: Aviation Maintenance Technician 16 and 18. Co-
requisite: Must be taken concurrently with Aviation
Maintenance Technician 19.
Laboratory 6 hours.
Instruction and practice is offered is use of maintenance publication
records relative to overhaul procedure. Complete engine overhaul
procedures and methods and practice are presented.

21 PowerPlant Trouble Shooting and Testing (3)
Prerequisite: Aviation Maintenance Technician 19.
Co-requisite: Must be taken concurrently with Aviation
Maintenance Technician 22.
Lecture 3 hours.
Instruction is offered in power plant inspection and
troubleshooting procedures for power plants. Course includes
turbine engine theory and operation.

22 PowerPlant Trouble Shooting and Testing Laboratory
(2)
Prerequisite: Aviation Maintenance Technician 20.
Co-requisite: Must be taken concurrently with Aviation
Maintenance Technician 21.
Laboratory 6 hours.
Instruction and practice is offered in the installation, operation, and
troubleshooting of aircraft powerplants.

23 Inspection and Evaluation (3)
Note: Student must have a minimum 2.0 GPA in Aviation
Maintenance Technology prior to enrollment in AMT 23, 24.
Prerequisite: Aviation Maintenance Technician 1 through
Aviation Maintenance Technician 22 or authorization for
written exams. Must be taken concurrently with Aviation
Maintenance Technician 24.
Lecture 3 hours.
Instruction is offered in conducting 100-hour inspections.
General airframe and powerplant subjects for the Airframe
and/or Powerplant License are reviewed. Emphasis is placed on
preparation for Federal Aviation Administration written
examinations.

24 Inspection and Evaluation Laboratory (2)
Note: Student must have a minimum 2.0 GPA in Aviation
Maintenance Technology prior to enrollment in AMT 23, 24.
Prerequisite: Aviation Maintenance Technician 1 through
Aviation Maintenance Technician 22 or authorization for
written exams. Co-requisite: Must be taken concurrently with
Aviation Maintenance Technician 23.
Laboratory 6 hours.
Instruction and practice is offered in conducting a 100-hour
inspection on an airframe and powerplant using the
appropriate reference material and correct procedures to
determine airworthiness of an airframe or powerplant.
Students perform general, airframe, and powerplant practical
projects.

31 Inspection Authorization for Aviation Mechanics
(3) NDA
Prerequisite: FAA Mechanic Certificate with Airframe and
Powerplant ratings.
Lecture 3 hours.
Instruction is offered on the Certified Aviation Mechanic
reviewing regulations, inspection procedures and preparation for the
Federal Aviation Administration Mechanic Inspection Authorization.

32 Aviation Management (3) NDA
This course surveys general aviation management principles
and practices, including airport and airline management.
Among specific topics are repair station requirements, flight
operations, aircraft maintenance, safety, regulations,
personnel management, marketing, office administration, and
trends.

BIOLOGY
(See also: Anatomy, Environmental Science,
Microbiology, and Physiology)

3 Introduction to Biology (4) UC:CSU
Lecture 3 hours; laboratory 3 hours.
This is a course in general biology designed to fulfill a
laboratory science requirement for students not majoring in
biology. Students must be enrolled concurrently in a lecture
and a lab section. The lecture portion of the course (Biology
3A) emphasizes the basic principles in biology and the
fundamental characteristics of all living organisms. Lecture
topics include the scientific method, cell structure and
function, levels of organization of living organisms, heredity,
the genetic control of cellular processes, evolution, and
ecology. The laboratory portion of the course (Biology
3B) emphasizes the diversity of living organisms. Laboratory
topics include an introduction to the microscope, study of the cell, a survey
of the microorganisms, plants, and animals that comprise the
kingdoms of life, and the anatomic study of the earthworm,
grasshopper, and fetal pig.
Note: UC Transfer Credit Limit: A maximum of one course from
Biology 3, 5 will be accepted for credit. No credit will be given
for Biology 3 or 5 if taken after Biology 6.7.

4 Heredity and Human Development (3) UC:CSU
Lecture 3 hours.
This is an introductory genetics course for non-science majors.
Emphasis is placed on the facts and fictions of heredity
including its relationship to evolution, reproduction, genetic
counseling and various human conditions and diseases. This
course fulfills a non-laboratory science requirement.
5 Introduction to Human Biology (4) UC:CSU
Lecture 3 hours; laboratory 3 hours.
This is a course in biology, emphasizing the human. It is designed to fulfill a laboratory science requirement and will also provide a foundation for advanced courses in biology, including human anatomy, physiology, and microbiology. Students must be enrolled concurrently in a lecture and a lab section. The lecture portion of the course (Biology 5A) emphasizes the fundamental principles in biology, cell structure and function, and the levels of organization in the human body. Lecture topics include the scientific method, an introduction to biological chemistry, heredity, the genetic control of cellular processes, and the organ systems of the body. The laboratory portion of the course (Biology 5B) includes an introduction to the microscope, detailed study of cells and tissues, and the dissection of the fetal pig.

Note: UC Transfer Credit Limit: A maximum of one course from Biology 3, 5 will be accepted for credit. No credit will be given for Biology 3 or 5 if taken after Biology 6, 7.

6 General Biology I (5) UC:CSU
(Biology 6 & 7 equal CAN BIO I SEQ A)
Prerequisite: Chemistry 101 with a grade of C or better.
Lecture 3 hours; laboratory 6 hours.
The principles of molecular biology, cell structure and function, genetics, evolution and organization at the tissue level in plants and animals are studied. Biology 6 and 7 satisfy requirements of lower division zoology and botany for biological science majors, pre-medical, pre-dental and pre-pharmacy majors.

7 General Biology II (5) UC:CSU
(Biology 6 & 7 equal CAN BIO I SEQ A)
(Biology 7 may be taken before Biology 6.)
Lecture 3 hours; laboratory 6 hours.
This course covers the principles of organ and organ system physiology in plants and animals, ecology and the course of evolution. A survey of the various plant and animal groups is included. Many four-year institutions recommend the completion of both Biology 6 and 7 as a core program.

185 Directed Study - Biology (1) UC:CSU
285 Directed Study - Biology (2) UC:CSU
385 Directed Study - Biology (3) UC:CSU
Conference 1 hour per unit.
Allows students to pursue Directed Study in Biology on a contract basis under the direction of a supervising instructor.
Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

BUSINESS

Also listed alphabetically in this catalog: Accounting, Business, Computer Science, Finance, Law, Management, Marketing, Office Administration, Real Estate.

1 Introduction to Business (3) UC:CSU
(Note: Students who are business majors or who are considering a change to this major are advised to take this course as a foundation. It is a survey of the fundamental aspects of all phases of business.)
Forms of business organization, finance, personnel problems, marketing, managerial aids and business-government relations are surveyed. Students are given an overview of all facets of business.

5 Business Law I (3) UC:CSU (Same as Law I)
Essentials of the law of contracts, agency, employment, personal property, bailments, sales and real property in their application to everyday problems pertaining to business and to the individual. Elementary safeguards regarding sales and sales contracts. Case discussion and lecture method.

31 Business English (3)
This course offers intensive review of grammar (function and application of the parts of speech) sentence structure, punctuation, capitalization, proofreading concepts and letter style formats. These principles are applied to the writing of concise sentences and paragraphs, which will contribute to success, and advancement of careers requiring good communication skills.

32 Business Communications (3) CSU
Prerequisite: Business 31 with a grade of C or better.
Business 32 develops the ability to use techniques of expository and argumentative writing when composing business letters, memos, and reports. Emphasis is placed on the fundamentals of clear, direct expression, correct English usage, and the psychology of business letter composition and communication.

38 Business Computations (3) CSU
This course provides a brief review of the fundamentals of computations followed by applications of non-algebraic mathematics to wage payment methods and payroll preparations; percentage, markon, markup, markdown and turnover, cash and trade discounts; simple interest and applications of compound interest principles to investment, annuity and depreciation problems.

185 Directed Study - Business (1) CSU
285 Directed Study - Business (2) CSU
385 Directed Study - Business (3) CSU
Conference 1 hour per unit.
Allows students to pursue Directed Study in Business on a contract basis under the direction of a supervising instructor.
Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.
CHEMISTRY

12 Environmental Chemistry (3) UC:CSU
(Same as Environmental Sciences 12)
Co-requisite: Chemistry 13.
Recommended: One year of high school algebra or Mathematics 115.
Lecture 3 hours.
This course introduces the fundamentals of chemistry governing the forms of matter and their chemical transformations within the context of environmental issues. Specific topics include inorganic and organic reaction and equations, atmospheric pollutants, photochemical smog, acidic deposition (acid rain) and the complex of chemical reactions that result in acidification. Chemistry 12 and Chemistry 13, taken together, can be used to meet CSU general education requirements.

13 Environmental Chemistry Laboratory (1) UC:CSU
(Same as Environmental Sciences 13)
Laboratory 3 hours.
The associated experiments for this laboratory course will compliment Chemistry 12. Areas to be explored will include laboratory techniques for safe handling, storage, and transformation of hazardous materials, quality assurance/control, and chemical instrumentation. Physical and chemical property measurements of aqueous, non-aqueous, and solid samples of environmental importance.

51 Fundamentals of Chemistry (5) UC:CSU
(Formerly Chem 3)
Recommended: One year of high school algebra or Mathematics 115.
Lecture 3 hours; laboratory and/or discussion and quiz, 4 hours.
A descriptive course in inorganic and organic chemistry. Topics include the metric system of measurement; chemical symbols; formulas and nomenclature systems; chemical equations; physical properties including density, solubility and states of matter; chemical properties; acids, bases, buffer and pH; basic principles of equilibrium and an introduction to radioactivity. Organic topics focus on functional group identification including hydrocarbons, organic halides, alcohol, ketones, acids, esters, amines, carbohydrates, lipids and proteins. This course is designed for nursing and other allied health majors, students in environmental hazardous materials, elementary education or liberal arts who do not intend to take Chemistry 101.

60 Introduction to General Chemistry (5) UC:CSU
(Formerly Chem 10)
Prerequisite: One year of high school algebra or Mathematics 115.
Lecture and conference 5 hours; laboratory 2 hours.
This basic chemistry course presents elementary principles of general chemistry, including nomenclature and problem solving. Students whose previous chemistry background is inadequate for Chemistry 101 should take this course in preparation for Chemistry 101. Chemistry 60 is also recommended for students who have been away from high school chemistry for more than two years.
UC transfer credit limit Maximum of one course from Chemistry 51 or 60. No credit for Chemistry 51 or 60 if taken after Chemistry 101.

70 Introductory Organic and Biochemistry (4) UC:CSU
(Formerly Chem 9)
Prerequisite: Chemistry 101, 51 or 60, with a grade of C or better.
Lecture 3 hours; laboratory 3 hours.
This course is designed for students who are majoring in dental hygiene, home economics or nursing. Emphasis is placed on organic chemistry and the processes that occur in living tissues. The relationship between organic and biochemistry is presented at the molecular as well as the cellular level.
Note: UC Transfer Credit Limit: A maximum of two courses from Chemistry 70, 211, 221 or 18 will be accepted for UC credit.

101 General Chemistry I (5) UC:CSU (CAN CHEM 2)
(Formerly Chem 1)
Prerequisites: 1. Either high school chemistry or Chemistry 60 with a grade of C or better.
A minimum of two years of high school mathematics or completion of Mathematics 125 or its equivalent.
Lecture and conference 5 hours; laboratory 4 hours.
This is a basic course emphasizing principles and theories. It includes discussions of chemical stoichiometry, atomic and molecular structure and the periodic table, gases, liquid solids, solutions, oxidation-reduction, acid and bases, and an introduction to chemical thermodynamics. The laboratory emphasizes basic laboratory skills, chemical principles, and quantitative relationships.
No UC credit for Chemistry 51 or 60 if taken after Chemistry 101. One course maximum credit for 51 or 60.

102 General Chemistry II (5) UC:CSU (CAN CHEM 4)
(Formerly Chem 2)
Prerequisite: Chemistry 101 with a grade of C or better.
Lecture and conference 5 hours; laboratory 4 hours.
This course is a continuation of Chemistry 101, with an introduction to chemical kinetics, chemical equilibrium with emphasis on aqueous equilibria, electrochemistry, nuclear chemistry, organic chemistry, and descriptive inorganic chemistry. The laboratory includes both quantitative experiments and qualitative analysis.
No UC credit for Chemistry 51 or 60 if taken after Chemistry 101.

211 Organic Chemistry for Science Majors I (5) UC:CSU
(Formerly Chem 14)
Prerequisite: Chemistry 102 with a grade of C or better.
Lecture 3 hours; laboratory 6 hours.
The student is introduced to structure, bonding, stereochemistry and functional group chemistry with emphasis on mechanisms. In the laboratory the essential skills of preparation, isolation, purification and identification of organic compounds are presented.
Note: UC Transfer Credit Limit: A maximum of two courses from Chemistry 70, 211, 221 will be accepted for UC credit.

78

West Los Angeles College /1998-2000 Catalog
COURSE DESCRIPTIONS

212 Organic Chemistry for Science Majors II (5) UC:CSU  
(Formerly Chem 18)  
Prerequisite: Chemistry 211  
Lecture 3 hours; Laboratory 5 hours.  
Chemistry 212 is a continuation of Chemistry 211 with additional  
emphasis on mechanisms in stereochemistry. Special attention is  
given to reactions and organic compounds of biochemical  
importance. Significant laboratory time is devoted to  
synthesis of complex organic compounds.  
Note: UC Transfer Credit Limit: A maximum of two courses  
from Chemistry 70, 211, 212, 221 will be accepted for UC  
credit.

221 Biochemistry for Science Majors (5) UC:CSU  
(Formerly Chem 15)  
Prerequisite: Chemistry 211 with a grade of C or better.  
Lecture 3 hours; laboratory 6 hours.  
An introduction to the structure, properties, and metabolism of  
carbohydrates, fats, proteins, nucleic acids, vitamins and  
hormones. Relationships between metabolism and energy are  
presented. In the laboratory, the preparation and reactions of  
biologically important compounds, both chemical and  
enzymatic, are investigated.  
Note: UC Transfer Credit Limit: A maximum of two courses  
from Chemistry 212, 70, 211, 221 will be accepted for UC  
credit.

185 Directed Study • Chemistry (1) UC:CSU  
285 Directed Study • Chemistry (2) UC:CSU  
385 Directed Study • Chemistry (3) UC:CSU  
Conference 1 hour per unit.  
Allows students to pursue Directed Study in Chemistry on a  
contract basis under the direction of a supervising instructor.  
Maximum UC credit allowed: 3-1/3 semester units per  
semester, 6 units total in all or all appropriate subject areas  
combined. Please note that the granting of transfer credit for  
courses of this kind is contingent upon a review of the course  
outline by a UC campus.

3 Creative Experiences for Children I (3) CSU  
Recommended: Child Development 1 and 2.  
Lecture 3 hours.  
Many types of creative experiences for young children are  
explored including painting, clay, music, drama, art materials and  
language development. The student has an opportunity to learn  
to set up, control and evaluate children's experiences in a  
classroom setting.

4 Creative Experiences for Children II (3) CSU  
Recommended: Child Development 1 & 2.  
Lecture 3 hours.  
Creative experiences for children in language arts,  
mathematics, social studies, science, perceptual motor  
development and cooking. Curriculum planning, evaluation of  
the child's experience, and environmental design of the  
classroom and its impact on learning will be covered.

10 Child Health (3) CSU  
Recommended: Child Development 1 and 2.  
Lecture 3 hours.  
This course includes information on the nutritional needs and  
physical and mental well-being of children from birth to  
adolescence. Information dealing with special problems/ handicaps is  
explored. Habits and attitudes toward health are discussed.  
Community resources, which are available to assist in the physical  
and mental well being of the child, are explored.

11 Home, School and Community Relations (3) CSU  
Recommended: Child Development 1 and 2  
Lecture 3 hours.  
A study is made on the effect of children's homes, schools and  
communities on children's development. Special emphasis is  
placed on the dynamics of human relations in the multicultural  
urban setting. The cooperation between all agencies connected  
with the young child is studied in depth.

12 Parent-Teacher-Child Interaction (3) CSU  
Recommended: Child Development 1 and 2  
Lecture 3 hours.  
Emphasis is placed on familiarizing students with techniques  
used in parent-teacher conferences to enable them to relate  
better to the families of the children in their classrooms.  
Techniques such as role-playing and personal interviews are  
utilized to give students confidence in working with parents  
and their specific problems.

21 Child Development Practices and Observation (3) CSU  
Recommended: Child Development 1 and 2  
Lecture 2 hours; laboratory 3 hours.  
Teaching methods and program planning for preschool students are  
examined along with the use of materials and equipment in the  
classroom. Observation and limited participation in the  
pre-school classroom are included as well as discussions on the  
development of well-adjusted personality during the preschool  
years.
22 Laboratory in Child Development I (4) CSU
Recommended: Child development 1, 2 and 21. Verification of annual tuberculosis test and fingerprinting required. Lecture 2 hours; laboratory 6 hours.
Work with nursery school children is conducted under the direction of a nursery school staff member and is supplemented by the supervision of the course instructor. Emphasis is placed on developing, implementing and evaluating classroom experiences for young children.

23 Practicum In Child Development II (4) CSU
Recommended: Child Development 1, 2, 3, 4, & 22 with a grade of "C" or better. TB test and fingerprint clearance required. Lecture 2 hours; Laboratory 6 hours.
The second semester of practicum teaching experience in a different setting under the supervision of a master teacher and college instructor. This course provides the practical application of theories covered in prerequisite courses.

30 Infant Studies (3) CSU
Recommended: Child Development 1.
Lecture 3 hours.
A survey of infant-toddler development and current educational programs is provided. Principles of infant-toddler care and environmental and curricular design are studied. An opportunity for observation and participation in field and clinical work is offered.

34 Observing and Recording Children's Behavior (3) CSU
Lecture 2 hours; laboratory 1 hour.
This course includes observing, recording and interpreting children's behavior in a variety of settings. Diaries, anecdotes and other forms of written and oral records are explored and used.

38 Administration and Supervision of Early Childhood Programs (3) CSU
Recommended: Child Development 1 and 11. Recommended: Child Development 2.
Lecture 3 hours.
The principles and practices of nursery school organization and administration covered include organizational structure, budgeting, personnel policies and practices, records, statistics, reporting and relationship with community resources.

39 Administration and Supervising of Early Childhood Education Programs II (3) CSU
Recommended: Child Development 38.
Lecture 3 hours.
An in-depth study of the budget and staffing, including the use of computers. Will include proposal writing, advocacy, staff relations, in-service training, working with parents, dealing with supervising agencies or boards, professional activities, current research in the field, as well as changes in the laws.

45 Programs for Exceptional Children (3)
Prerequisite: None.
This class is designed for those students who are interested in working with exceptional children or plan a career in special education. It will include characteristics or different types or exceptionally and integration or those children into a regular classroom.

65 Adult Supervision and Early Childhood Mentoring (2)
This course is a study of the methods and principles of supervising student teachers in early childhood classrooms. The course emphasizes the role of classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, parents, and other staff.

CINEMA
(See Theater)

COMPUTER SCIENCE INFORMATION TECHNOLOGY
For all Computer Science-Information Technology courses, a maximum of 6 courses regardless of department is acceptable for transfer to UC campuses.

901 Introduction to Computers and Their Use (3) CSU
Lecture 3 hours.
This course is a "computer literacy" course intended for students with little or no prior experience with computers. The course covers computer concepts and terminology as well as use of Windows, Word, and Excel. Students will learn how to use a browser to search the World Wide Web.

902 Introduction to Computer Science (3) CSU
Lecture 3 hours.
Note: Students who have completed CS-901 may also take this course. This course introduces students to fundamental concepts of computer science and programing. Applications will NOT be taught. Programming will be introduced with the Pascal language. PENTIUM computers will be used to develop students' skills. This class is intended for Computer Science, Engineering, Math and Science Majors. It is a prerequisite for all CSIT programming classes and is acceptable as a prerequisite for application classes.

917 Beginning Micro Assembly Language (3) UC/CSU
Prerequisite: CS-902 or equivalent experience
Lecture 3 hours.
This course will teach the student how to use the assembly language for PC's. Topics to be covered include hardware architecture and software concepts, program design and debugging, and use of operating system calls.

930 Micro-Computer Application Software (4) CSU
Prerequisite: CS-901, or equivalent experience.
Lecture 3 hours. Lab 2 hours.
This course illustrate how the Microsoft Office Suite can be used to solve typical business problems. Students will use Word, Excel, Access, and PowerPoint to prepare documents, workbooks, databases, and presentations typical in today's business environment. Students will learn how to incorporate documents produced by one application in another application. Disk organization will be illustrated and emphasized. This class will prepare students for the Microsoft Mouse certification test.
933 Data Base Design and Programming (3) CSU
Prerequisite: CS-930 or equivalent experience.
Lecture 3 hours.
This class explains the concept of relational databases. It illustrates how the Microsoft Access data base management system may be used in common business applications such as report and screen design, database design, and computer-aided decision making. This course covers advanced Access features including SQL programming.

934 Operating Systems (3) NDA
Prerequisite: CS-901 or CS-902 or equivalent experience.
Lecture 3 hours.
This course covers the structure and features of operating systems using the most common microcomputer operating system: MS-DOS. Topics covered will include Common DOS commands, disk structure, file systems creation, organization and maintenance and Batch files. Operating systems theory and design will be reviewed. Significant features of Windows, UNIX and Norton Utilities will be discussed.

936 Introduction to Data Structures (3) UC:CSU
Prerequisite: CS-939 or equivalent experience with the C++ programming language.
Lecture 2 hours. Laboratory 2 hours.
This course introduces the student to the concept of "software engineering", a disciplined approach to the design, production, and maintenance of computer programs. Concepts of data structures such as stacks, queues, linked lists, binary search trees, sorting algorithms, and recursive programming techniques will be covered. The course will give students experience in using C++ objects to create abstract data structures.

937 Teleprocessing Systems (3) CSU
Prerequisite: Computer Science CS-901 or CS-902 or equivalent experience
Lecture 3 hours.
This course introduces students to basic concepts of telecommunications. Modems, Serial I/O, Protocols, security and telecommunications software will be covered. Students will use telecommunications software to communicate with other computers. They will learn how to access the World Wide Web and gain practical experience creating web sites.

938 Basic Programming (3) UC:CSU
Prerequisite: CSIT 902 and familiarity with WINDOWS. This course explains how to use the visual BASIC language in order to develop applications for Microsoft Windows.

939 Programming in C (3) UC:CSU
Prerequisite: CS-902 or equivalent experience.
Lecture 2 hours; Laboratory 2 hours.
This course introduces object-oriented programming using the C++ language. Students will learn the syntax of the C++ language as well as the underlying concepts of object oriented programming. Programming assignments will illustrate the use of the language use well as the use of the C++ function library.

948 Advanced Spreadsheet (3) CSU
Prerequisite: CS-930 or equivalent experience with spreadsheet programs.
Lecture 4 hours.
This course will teach the student how to use advanced features of the EXCEL spreadsheet program in order to perform typical business and financial analysis. Topics to be covered include financial functions, conditional functions, macros, template design, three dimensional spreadsheet models, and presentation quality graphics.

967 Introduction to Microsoft Windows (4)
Prerequisite: CS80, CS934, or equivalent experience.
This course helps students gain the knowledge and skills needed to support Microsoft Windows95, the current major release of Windows operating system. These skills include setup, configuration, optimization network integration using Windows NT Server, administration, troubleshooting, messaging, and other support issues. This course is one of the required core courses for the WLAC's Microsoft Certified System Engineer certification program and has a limited enrollment of 24 students. A brief examination will be given at the first class meeting which will test the student's knowledge of personal computer terminology and DOS 6.2 concepts, such as subdirectories, batch files, file and memory management commands, and optimization.

987 Introduction to Local Area Networks (3) CSU
Prerequisite: CS-934 and CS-937 or equivalent experience.
Lecture 2 hours. Laboratory 2 hours.
This course will introduce students to the fundamental concepts of local area networks (LANs) as well as provide practical experience implementing a LAN. Network topology, network operating system configuration and installation, network administration, and installation of software on a Novell network will be covered.

965 Introduction to Microsoft Networks (3)
This course is designed to provide students with background necessary to understand the local area networking information in Microsoft courses on workstations and networking. The course serves as a general introduction for students who need a foundation in current Microsoft networking technology for local area networks (LANs), wide area networks (WANs) using Windows NT Server. It includes text base study material, simulation LAN exercises, and demonstration so students can do networking tasks that reinforce the information in the text. This course is one of the required core courses for the WLAC's Microsoft Certified Systems Engineer certification program and has a limited enrollment of 24 students. A brief examination will be given at the first class meeting which will test the student's knowledge of personal computer terminology and DOS 6.2 concepts, such as subdirectories, batch file, file and memory management commands, and optimization.
981 Introduction to Windows NT Workstation (3)
Prerequisites: CS991, CS967, or equivalent Microsoft certification. This course is intended for those who administer Microsoft Windows NT Server and Windows NT Workstation, for those who are on the Microsoft Certified Systems Engineer Windows NT 4.0 Track, and for those who plan to take (NT Server 4.0) Class. This course provides students with the knowledge and skills necessary to perform post-installation and day-to-day administration tasks in a single-domain or multiple-domain Microsoft Windows NT-based network. It also provides students with the prerequisite knowledge and skills required for the course; (Introduction to Microsoft Windows NT Server). This course is one of the required core courses for the WLAC’s Microsoft Certified Systems Engineer certification program and has a limited enrollment of 24 students.

991 Programming Laboratory (1) RPT 3 Credit/No-Credit Laboratory 2 hours.
This class provides access to modern networked microcomputers for any student at West Los Angeles College. Students enrolled in this class will be provided with a “user-ID” which will allow them to use word processing, spreadsheet, and desktop publishing software as well as computer programming languages. Written instructions will be provided in the use of the computer facilities.

Note: Any or all of the above UC transferable courses combined: Maximum UC credit allowed, 6 courses total

COOPERATIVE WORK EXPERIENCE EDUCATION

Cooperative Work Experience Education (CWEE) combines on-the-job experience with regular classroom instruction. It is designed to expand skills and knowledge and to improve self-understanding by integrating classroom study with planned supervised work experience. CWEE is based on the principle that well educated individuals develop most effectively in incorporating related education and work experience. These structured experiences in business, industry, government and human services bring enrichment to college studies, which enhances the student’s total development. It is called CWEE because the educational objectives are carefully planned and coordinated with the student's employer to provide realistic employment experience. The objectives are:

1. To provide opportunity for the student to secure employment on a part-time or full-time basis.
2. To gain realistic work experience that is meaningfully related to the student's college study program.
3. To provide the student opportunity to acquire knowledge, skills, and attitudes essential for successful employment.

Benefits of Cooperative Work Experience Education
The student:

1. Has the opportunity to learn or improve employment skills under actual working conditions.
2. Gains perspective on career goals through application of classroom theory to "real life experience."
3. Builds self-identity and confidence as a worker through individual attention given by instructor or coordinators and employers.
4. Have opportunities to test personal abilities in work environments.
5. Has a more realistic approach to the job market.
6. Will gain a better understanding of human relations.
7. Will learn to apply Management by Objective (MBO).
8. May refer to work experience education on future job applications.
10. Can begin a career earlier.

Student Qualifications
1. Pursue a planned program based on measurable learning objectives agreed to, with CWEE instructor or coordinator.
2. Be enrolled in no less an 7 units (including CWEE units.)
3. During summer sessions be enrolled in at least 1 other class in addition to CWEE.

CORRECTIONS

1 Corrections -Introduction to Corrections (3) CSU
(Same as Administration of Justice 75)

2 Correctional Institutions (3) (CSU)
Prerequisite: Administration of Justice 75
The student will become aware of cultural diversity during the presentation of the various course topics, e.g., community relations, race relations and cultural awareness.

3 Field Work 1 (3)
Prerequisite: Corrections 1 and 2. Administration of Justice 1 can substitute for Corrections 1.
Students will participate, under supervision, in a correctional facility such as a probation/parole field office, jail, detention center, juvenile camp, juvenile institution, or a similar agency. Students must meet the minimum entry level requirements of the participating agency and will be fingerprinted, take an oath, and TB test. The class meets once a week and the student will have a volunteer assignment for a minimum of six hours per week with a sponsoring agency.

4 Field Work II (3)
Prerequisite: Corrections 1, 2, and 3. Administration of Justice 1 can substitute for Corrections 1.
Students will participate, under supervision, in a correctional facility such as a probation/parole field office, jail, detention center, juvenile camp, juvenile institution, or a similar agency. Students must meet the minimum entry-level requirements of the participating agency and will be fingerprinted, take an oath, and TB test. The class meets once a week and the student will have a volunteer assignment for a minimum of six hours per week with a sponsoring agency.

West Los Angeles College /1998-2000 Catalog
DENTAL HYGIENE

(Courses are open to enrolled Dental Hygiene Majors only.)

87 Dental Hygiene - Orientation To Dental Hygiene Application (1)
Open to enrolled students in Dental Hygiene.
This class will discuss the education program, the process and an overview of the dental hygiene profession.

88 Dental Hygiene Development Clinic RPT 2 (1) NDA
Open to enrolled students in Dental Hygiene
Lecture 1 hour.
Discussions and exercises presented will center on case reasoning for Clinical Dental Hygiene. Accumulated theoretical knowledge will be related to practical clinical applications.

90 Special Project in Dental Hygiene (2) NDA
Prerequisite: Permission of the instructor, enrolled dental hygiene student or graduate of an approved dental hygiene program.
Laboratory 6 hours.
This course allows dental hygiene students and graduates to pursue Special Projects in Dental Hygiene on a contract basis under the direction of a supervising instructor.

91 Special Project in Dental Hygiene (4) NDA
Prerequisite: Permission of the instructor, enrolled dental hygiene student or graduate of an approved dental hygiene program.
Laboratory 12 hours.
This course allows dental hygiene students and graduates to pursue Special Projects in Dental Hygiene on a contract basis under the direction of a supervising instructor.

92 Special Project in Dental Hygiene (6) NDA
Prerequisite: Permission of the instructor, enrolled dental hygiene student or graduate of an approved dental hygiene program.
Laboratory 18 hours.
This course allows dental hygiene students and graduates to pursue Special Projects in Dental Hygiene on a contract basis under the direction of a supervising instructor.

100 Principles of Clinical Dental Hygiene (2)
Open to enrolled students in Dental Hygiene (First Semester)
Lecture 2 hours.
This course will provide beginning dental hygiene students with the scientific knowledge and understanding of the basic principles of dental techniques and procedures for applying comprehensive dental hygiene services.

101 Clinical Dental Hygiene (2)
Open to enrolled students in Dental Hygiene (First Semester)
Laboratory 6 hours.
This pre-clinical dental hygiene services course is designed to develop the skills and techniques required for performing dental hygiene services and orienting the student to the role of the clinical dental hygienist.

101A Clinical Dental Hygiene (1)
Modularized Class

101B Clinical Dental Hygiene (1)
Modularized Class

102 Radiology I - Introduction to Radiology (1)
Open to enrolled students in Dental Hygiene(First Semester)
Lecture 1 hour.
A study of the principals and techniques of exposing and processing dental radiographs. Emphasis is placed on radiation safety and protection.

103 Radiology I - Laboratory (1)
Open to enrolled students in Dental Hygiene (First Semester)
Laboratory 3 hours.
This laboratory course is designed to provide experience in exposing, processing, mounting charting and interpreting dental radiographs on a mannequin.

104 Dental Morphology (2)
Open to enrolled students in Dental Hygiene (First Semester)
Lecture 2 hours.
Through lecture and demonstration, the morphological characteristics and development of the teeth and oral structures are presented. Emphasis is on comparative crown and root anatomy. Some drawing and wax carving of teeth may be required.

105 General Pathology (2)
Open to enrolled students in Dental Hygiene (First Semester)
Lecture 2 hours.
This lecture course focuses on the basic pathologic mechanisms in human disease. Major diseases and disorders encountered in practice are discussed with emphasis on the clinical aspects of the diseases.

106 Anatomy and of the Head and Neck (2)
Open to enrolled student in Dental Hygiene (First Semester)
Lecture 2 hours.
A detailed study of the anatomy of the human head, neck, face and jaw is presented through lecture and demonstration.

108 Introduction to Periodontics (2)
Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of C or better. (Second Semester)
Lecture 2 hours.
This course is designed to provide the dental hygiene student with an introduction to periodontics. Etiology, prevention, diagnosis and Phase I therapy will be discussed histologically and clinically.

109 Infection Control In Dentistry (1)
Open to enrolled students in Dental Hygiene (First Semester)
This Course is designed to provide the Dental Health Care Worker with the principle and practical application concepts of infection control in dentistry. Occupational Safety and Health Administration (OSHA), Environmental Protection Agency (EPA), Center for Disease Control (CDC) and other governmental agency standards will be presented and discussed.

150 Preventive Dentistry (1)
Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of C or better.
Lecture 1 hour.
This course provides the fundamentals for the clinical application of primary preventive dentistry procedures. Content centers on the strategies to prevent plaque diseases and the skills required for effective patient education and motivation.
151 Clinical Dental Hygiene II (3)
Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of C or better. (Second Semester)
Clinic 9 hours
At UCLA School of Dentistry, students apply knowledge and basic clinical skills learned in DH 101 and other related classes toward competency in performing dental hygiene service. Emphasis will be on the periodontal maintenance and recall patient, and the patient with mild to moderate active periodontal involvement.

151A Clinical Dental Hygiene II (1)
Modularized Class

151B Clinical Dental Hygiene II (2)
Modularized Class

152 Special Patient Care (1)
Open to enrolled students in Dental Hygiene (First Semester)
Lecture 1 hour.
The role of the dental hygienist in the care of the special dental patient is the focus of this lecture course. The determining factors and treatment considerations for medically, physically and emotionally handicapped patients will be explored.

153 Radiology II - Interpretation (1)
Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of C or better. (Second Semester)
Lecture 1 hour.
The clinical discipline of radiographic interpretation of oral and maxillofacial disease is presented for the dental hygienist. Techniques in extraoral and specialized radiography are discussed.

154 Oral Pathology (2)
Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of C or better. (Second Semester)
Lecture 2 hours.
Interpretation of pathological conditions is presented with emphasis on clinical signs and symptoms. Oral abnormalities are presented through the use of color slides and case histories.

155 Dental Materials (2)
Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of C or better. (Third Semester)
Lecture 2 hours.
The purpose of this course is to study the properties, composition and manipulation of materials used in dentistry. The study of dental materials enables the dental hygienist to understand the behavior of these materials and provides a scientific rationale for selecting, using and understanding the varied relationships of dental bio-materials.

156 Histology and Embryology of Oral Tissues (2)
Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of C or better. (Second Semester)
Lecture 2 hours.
Through lecture and demonstration, the histological structure of oral tissues is presented.

160 Clinical Dental Hygiene (2B)
Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of C or better. (Summer)
Students will apply knowledge and basic clinical skills learned in DH 101 and DH 151 and other related classes toward proficiency in performing dental hygiene services. Emphasis will be on supportive periodontal treatment and the patient mild to moderate active periodontal involvement.

200 Cariology and Occlusion (1)
Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of C or better. (Third Semester)
Lecture 1 hour.
This course provides understanding, recognition and proper treatment of cariology and occlusion. Lectures and discussion cover the aspects of temporomandibular dysfunction, dental caries, dental desensitization and traumatic injuries to the teeth.

201 Clinical Dental Hygiene III (4)
Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of C or better. (Third Semester)
Clinic 12 hours.
In a clinical setting students apply specific knowledge and skills learned in preclinical and didactic courses. Emphasis will be on treating the patient with moderate active periodontal involvement. Rotating assignments into dental specialty clinics at UCLA provide the opportunity to learn of the role of the dental hygienist in these areas.

201A Clinical Dental Hygiene III (2)
Modularized Class

201B Clinical Dental Hygiene III (2)
Modularized Class

203 Expanded Functions - Laboratory (1)
Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of C or better. (Third Semester)
Laboratory 3 hours.
This laboratory course is designed to provide experience in selected functions and manipulations of various dental materials with emphasis on the role of the dental hygienist as a member of the team. Procedures include: Placement and removal of rubber dam; sizing of stainless steel crowns; filling of pit and fissure sealant, placement and removal of periodontal dressings, placement and removal of sutures; vitality testing, placement of temporary wire ligature and taking amalgam impressions.
204 Dental Health Education (1)
Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of C or better. (Third Semester)
Lecture 1 hour.
This course in dental health education is designed to orient dental hygiene students in the role of dental health educator. The course focuses on the concepts of school program planning, development of evaluation mechanisms and coordinating efforts with educational and community systems in teaching elementary and pre-school aged children and those with special handicaps.

205 Dental Health Education - Practicum (1)
Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of C or better. (Third Semester)
Practicum 3 hours.
This practicum course to dental health education, DH 204, is designed to provide the dental hygiene student with experiences in dental health education.

206 Periodontics (1)
Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of C or better. (Third Semester)
Lecture 1 hour.
Lectures on anatomy, histology and pathology of the periodontium are correlated with the clinical aspects of periodontal disease and the various therapeutic measures currently in use. Rationale and procedures for gingival curettage will be discussed.

207 Pain Control (1)
Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of C or better. (Second Semester)
Laboratory 3 hours
Management of pain control through the use of local anesthetics and nitrous oxide and oxygen sedation is studied through lectures and laboratory exercises.

208 Pharmacology (3)
Prerequisite: Open only to Dental Hygiene students who have completed all second semester Dental Hygiene courses attempted with a grade of C or better. (Third Semester)
Lecture 3 hours
This course presents the general principles of pharmacology including the pharmacodynamics, pharmacokinetic adverse reactions, and contraindications of drugs. Emphasis will be placed on those drug groups especially relevant to dental practice including the general anesthetics, local anesthetics, sedatives, analgesics, antiseptics, autonomic drugs, anti-inflammatory drugs and antibiotics.

210 Emergencies in Dental Practice (1)
Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of C or better. (Fourth Semester)
Lecture 1 hour.
This course is designed to provide the student with the background and skill to recognize and manage any medical emergency situation. Emphasis will be placed on prevention, prompt recognition, and effective treatment of life-threatening emergency situations that can occur in the practice of dentistry.

250 Advanced Periodontal Seminar (1)
Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of C or better. (Fourth Semester)
Lecture 1 hour.
This course is designed to provide the dental hygienist with an advanced understanding in periodontics. The development of a periodontal treatment philosophy will be accomplished through reading in the classical and current literature. Emphasis will be placed on nuances of periodontal care, controversies and state of the art understanding developed through the reading of scientific literature.

251 Clinical Dental Hygiene IV (4)
Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of C or better. (Fourth Semester)
Clinic 12 hours.
In a clinical setting students apply specific knowledge/skills learned in clinical/didactic courses. Emphasis will be on treating the patient with moderate to advanced active periodontal involvement. Clinical experiences at higher levels of skill are required to prepare the student for licensure. Rotating assignments into dental specialty clinics at UCLA provide the opportunity to learn of the role of the dental hygienist in these areas.

251A Clinical Dental Hygiene IV (3)
Modularized Class

251B Clinical Dental Hygiene IV (1)
Modularized Class

252 Essentials of Dental Hygiene Practice (2)
Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of C or better. (Fourth Semester)
Lecture 2 hours.
Lecture, discussion and group activities will focus on the legal, ethical and managerial aspects of dental hygiene practice.

253 Community Dental Health (2)
Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of C or better. (Fourth Semester)
Lecture 1 hour.
This course is a study of the concepts and methods of preventive dentistry as they relate to the oral health of groups. Issues central to community dental health such as access to care, supply and demand, quality assurance, health financing, and recognition of abuse health policy are discussed.

254 Community Dental Health - Practicum (1)
Prerequisite: Open only to Dental Hygiene students who have completed all third semester Dental Hygiene courses attempted with a grade of C or better. (Fourth Semester)
Practicum 3 hours.
The purpose of this practicum is to provide experiences in program planning and implementation at various governmental and voluntary community agencies.
COURSE DESCRIPTIONS

256 Biochemical Nutrition (3)
Prerequisite: Open only to Dental Hygiene students who have completed all first semester Dental Hygiene courses attempted with a grade of C or better. (Second Semester)
Lecture 3 hours.
The relationship of diet and nutrition to various diseases such as periodontal disease, cancer, diabetes, and obesity will be considered as will the nutritional considerations of patients with special needs. Each major nutrient group will be covered along with its biological role.

EARTH SCIENCE
(See also: Environmental Science, Geography, and Oceanography)

1 Earth Science (3) UC:CSU
Lecture 3 hours.
This course provides a broad-based, integrated introduction to the geosciences. The course content includes a survey of topics from geology, geography, oceanography, meteorology, and astronomy. This course is designed to fulfill a natural science requirement.

ECONOMICS

1 Principles of Economics I (3) UC:CSU
(CAN ECON 4)
This introductory microeconomics course provides the student with an understanding of the basic economic principles and forces which govern the production, and distribution of goods and services. Topics include: forms of business organizations, the role of government in the economic system, value and price in a free enterprise system, labor-management relations, and contemporary economic developments.

2 Principles of Economics II (3) UC:CSU (CAN ECON 2)
This is an introductory course in the principles of macroeconomics. Topics considered include: the national income, business fluctuations, the financial system, public finance, international economics and application of economic principles to contemporary economic developments.

EDUCATION

1 Introduction to Teaching (3) CSU
This course introduces students to the field of professional education and a teaching career. Students are assigned to schools to observe current teaching practices and trends to assist a master teacher in the operation of a modern classroom.

ENGINEERING, GENERAL

2 Introduction to Engineering Drafting (3) UC:CSU
Prerequisite: High school drafting, college drafting or General Engineering 52.
Lecture 1 hour; laboratory 5 hours.
Intermediate level multi-view and pictorial drawings are covered. Introduction to Descriptive Geometry. Sketching, auxiliary views, developments, intersection and linear tolerancing are included.

4 Engineering Descriptive Geometry (3) UC:CSU
Prerequisite: General Engineering 2
Lecture 1 hour; laboratory 5 hours.
This course presents the fundamental principles of engineering descriptive geometry and their application to engineering problems; orthographic projection, including auxiliary views and oblique views; point, line and plane problems; and intersections and developments.

7 Statics (3) UC:CSU
Prerequisite: Mathematics 261
Lecture 2 hours; laboratory 3 hours.
Force systems and equilibrium conditions are studied, with emphasis on engineering problems covering structures, machines, distributed forces and friction. This course is required of all engineering majors.

52 Elementary Engineering Drafting (3)
Lecture 1 hour; laboratory 5 hours.
Instruction is provided in the proper use and care of drawing instruments, in technical lettering, geometric construction, orthographic and pictorial views, sectional views, developments, fasteners and dimensioning.

ENGLISH

21 English Fundamentals (3) NDA
Prerequisite: Appropriate placement level demonstrated through English assessment process.
English Fundamentals is a course in beginning critical reading and writing of short essays.

22 Technical English (3)
Technical English is designed for students in the business, industrial and technical fields. Instruction covers writing, reading and speaking. Emphasis is placed upon the writing of business and technical correspondence, procedures and a variety of reports; the summarizing of trade reports, technical reports and other technical data and the preparation and presentation of oral reports.

23 Advanced Vocabulary (3) NDA
This beginning course in the technique of enlarging and enriching the individual's vocabulary looks toward a more adequate understanding and use of words. It includes the history of language and a survey of the varied elements, which make up our individual vocabularies. The student is given an introduction to the laws of word formation, derivatives from Latin, Greek and Old English and the application of prefixes and suffixes to the roots of words.
28 Intermediate Reading and Composition (3)
Prerequisite: Completion of English 21 with a grade of C or better or appropriate placement level demonstrated through English assessment process.
This is a course in writing composition and critical reading. It is a prerequisite for English 101. The emphasis is on writing based on primarily critical reading and secondarily life experiences. Required: nine to ten compositions, including at least four to five essays of at least 500 words each.

33 Basic Vocabulary (3) NDA
This course familiarizes students with the wealth of information contained in dictionaries, and instructs them in their usage as a tool for communication. The student's vocabulary is increased through a systematic study of word structure, prefixes, suffixes and combining forms. The student becomes aware of the utility and beauty of language.

46 Reading and Study Improvement (3) NDA
This course is designed to aid the student in increasing reading and study efficiency. Each student is assisted in analyzing reading skills and, by means of intensive practice with a variety of reading equipment, learns how to read more effectively for a variety of purposes: textbook reading, on-the-job reading tasks and other situations where rapid reading and high retention are desirable.

85 College English as a Second Language II (5) CSU
Prerequisite: Appropriate placement level demonstrated through English assessment process.
This course introduces ESL students to the English writing sequence by giving practice in writing short academic essays in response to readings in non-fiction and literature. Attention will be given to sentence structure, vocabulary, grammar and critical reading.

86 College English as a Second Language III (5) CSU
(UC Pending)
Prerequisite: Appropriate placement level demonstrated through English assessment process.
This course prepares advanced ESL students for English 101 with intensive practice in essay writing and critical reading skills.

94 Intensive Grammar Review (3) NDA
Advisory: Eligibility for English 21
An intensive review of grammar and sentence structure for students who want extra help before taking English 28 or 102.

101 College Reading and Composition I (3) UC:CSU
(CAN ENGL 2)
Prerequisite: Appropriate placement level demonstrated through English assessment process or a grade of "C" or better in English 28.
This course teaches students to write college-level essays as a result of and in response to reading and analyzing college-level texts. This course focuses equally on writing and critical reading of a diverse variety of authors. Texts may include full-length works and literature of all kinds. Students will learn to prepare a research paper in which they accurately, clearly, and coherently synthesize ideas and information from a variety of sources and points of view.
Acceptable for English 3 credit, UCLA.

102 College Reading and Composition II (3) UC:CSU
(CAN ENGL 4)
Prerequisite: English 101 with a grade of C or better.
This course extends the reading and writing skills obtained in English 101. Critical reading and interpretation of literary works in the genres of the novel, the short story, the play and the poem are emphasized. Students are required to write critical essays about these literary forms. Acceptable for English 4 credit, UCLA.

103 Composition and Critical Thinking (3) UC:CSU
Prerequisite: English 101 with grade of C or better.
This course is designed to develop critical thinking, reading, and writing skills beyond the level achieved in English 101. The course will focus on the development of logical reasoning and analytical and argumentation writing skills.

127 Creative Writing (3) UC:CSU RPT 2
Prerequisite: English 101 or equivalent.
English 127 deals with the writing of poetry, fiction and drama by introducing the student to the basic elements of each genre through reading and writing assignments. Class discussion of student writing is an important part of the course.

130 Report Writing for Law Enforcement (3) UC:CSU
This course has been designed to provide the basic written skills for the law enforcement professional. Emphasis will be placed on correct sentence structure, spelling, punctuation and grammar. (Also listed as Administration of Justice 14)

203 World Literature I (3) UC:CSU
Prerequisite: English 101
This survey of world literature in translation begins with works of the Near and Far East, continues with the Greek epic and drama, follows with Latin and Italian literature and closes with major writings from Spain, France and Germany through the sixteenth century. Critical papers are required.

204 World Literature II (3) UC:CSU
Prerequisite: English 101
This course surveys continental and oriental literature, which has been translated, from the seventeenth century to the present and emphasizes works from France, Germany, Scandinavia, Russia, Japan and China. Critical papers are required.

205 English Literature I (3) UC:CSU (CAN ENGL 8)
Prerequisite: English 102
This survey of English literature begins with Beowulf and continues to the decline of neoclassicism in the 18th century, with special emphasis on the major figures and works. The writing of critical papers is required.

206 English Literature II (3) UC:CSU (ENGL 205 + 206 =1 CAN ENGL SEQ B)
Prerequisite: English 102
This survey of English literature includes writings from the Romantic Age to the English writers of the present. The writing of critical papers is required.

207 American Literature I (3) UC:CSU
Prerequisite: English 101
This survey of American literature, from the earliest period through the Civil War, includes major literary works, which express the social and political concerns of a pluralistic society. The writing of critical papers is required.
COURSE DESCRIPTIONS

208 American Literature II (3) UC:CSU
Prerequisite: English 101.
This survey of the United States' literature, from the Civil War to the present, places special emphasis upon those writers who significantly treat the social, political and philosophical problems of the period. The writing of critical papers is required.

209 California Literature (3) UC:CSU
This course surveys literary works by and about Californians, ranging from Indian myths to poems to short stories and novels. The course introduces students to writing critical essays about literature and explores - through reading, writing, and class discussion - the archetypal patterns reflected in the literature of California.

210 The Twentieth Century Novel (3) UC:CSU
Prerequisite: English 101
This course is a study of the Twentieth Century novel from 1910 to the present. Landmark European, British and American novels are read and discussed, with written critical papers required.

211 Fiction (3) UC:CSU
Prerequisite: English 101
This course offers an analysis of selected novels and short stories from different nations and cultures. Students will write critical papers in response to these works of literature.
Note: UC transfer credit limit: one course from English 211, 212, 240

212 Poetry (3) UC:CSU
Prerequisite: English 101
In this course, students read and analyze selected poems as they consider the range of poetic forms and explore the nature of poetry.
Note: UC transfer credit limit: one course from English 211, 212, 240

213 Dramatic Literature (3) UC:CSU
Prerequisite: English 101
This survey of drama analyzes plays by important and influential playwrights. These may include Sophocles, Shakespeare, Ibsen, Beckett, Williams, Hansberry and Shepard.

215 Shakespeare I (3) UC:CSU
Prerequisite: English 101.
Poems and plays selected from the works of Shakespeare are studied. Some attention is paid to the background of his times and to the Renaissance theater. The writing of critical papers is required.
Acceptable for English 90 credit, UCLA.

218 Children's Literature (3) CSU
Prerequisite: English 101
This course is a survey of the literature suitable for children of different age levels and is recommended for prospective nursery, kindergarten and elementary teachers. Parents will also find the course material helpful in discovering what reading material is available for a child's home library.

219 The Literature of American Ethnic Groups (3) UC:CSU
Prerequisite: English 28.
This course considers noteworthy fiction and other literature arising from the traditions and contemporary problems of several ethnic groups, each of which offers a unique contribution to American life.

234 African-American Literature (3) UC:CSU
Prerequisite: English 101.
This course surveys the literary, social and historical aspects of essays, novels, dramas, short stories and poetry written by African-Americans. Critical papers are required. (Same as African American Studies 20)

239 Women in Literature (3) UC:CSU
Prerequisite: English 101.
This course is a survey of literature by and about women from early times to the present. Poetry, autobiographical writings, short stories and novels will be analyzed from the viewpoint of women's roles and images. Critical writing is required.

240 Literature and the Motion Picture I (3) UC:CSU
Prerequisite: English 28.
Lecture 3 hours.
This course is designed to develop skills in analyzing and evaluating the comparative arts of literature and the motion picture. The student will be given the opportunity to view feature length films of cultural and artistic significance and read related works of literature including novels, short stories, plays, and film scripts.
Note: UC transfer credit limit: one course from English 211, 212, 240

250 Mythology and Literature (3) UC:CSU
Prerequisite: English 101.
An introduction to the mythology of Western and Middle Eastern civilizations. The course treats these Western and Middle Eastern myths as they appear in epics, plays, and other literature, both ancient and modern, and shows how myths relate to folk stories, dreams, and fantasy through powerful symbols shared by people all over the world.

185 Directed Study - English (1) UC:CSU
285 Directed Study - English (2) UC:CSU
385 Directed Study - English (3) UC:CSU
Prerequisite: A grade of C or better in English 101.
Conference 1 hour per unit.
Allows students to pursue Directed Study in English on a contract basis under the direction of a supervising instructor.
Maximum UC credit allowed: 3-1/3 semester units per semester, 6 units total in all or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.
ENGLISH AS A SECOND LANGUAGE

2A College English as a Second Language: II (6) NDA
For beginning ESL students. Emphasis on development of basic reading and writing for college work.

3 College ESL III: Writing/Grammar: Reading (12) NDA
Prerequisite: Appropriate placement level demonstrated through ESL assessment process.
Level 3 is divided into modules 3A, 3B and 3C.

Level 3A Writing/Grammar (6) NDA
Co-requisite: ESL 3B and 3C are recommended.
This is a high beginning course in academic English as a Second Language for non-native speakers of English. It emphasizes basic sentence patterns and the development of writing through guided and free composition. Reading, speaking and listening activities reinforce writing and grammar-in-context lessons.

Level 3B Reading/Vocabulary (3) NDA
Co-requisite: ESL 3A and 3C are recommended.
This is a high beginning course in academic English as a Second Language for non-native speakers of English. It emphasizes the development of reading and vocabulary skills leading to college-level proficiency.

Level 3C Listening/Speaking (3) NDA
Co-requisite: ESL 3A and 3B are recommended.
This is a high beginning course in academic English as a Second Language for non-native speakers of English. It emphasizes the pronunciation principles, listening strategies and conversational skills.

4 College English as a Second Language (12) NDA
Prerequisite: Completion of ESL 3 with a C or better and appropriate placement level demonstrated through English assessment process.
Level 4 is divided into modules 4A, 4B and 4C.

Level 4A Writing/Grammar (6) NDA
Co-requisite: ESL 4B and 4C are recommended.
This is an intermediate course in academic English as a Second Language for non-native speakers of English.. Through the presentation and reinforcement of essentials grammar patterns and rules, It emphasizes the development of skills leading to college-level writing proficiency, and effective speaking competencies.

Level 4B Reading/Vocabulary (3) NDA
Co-requisite: ESL 4A and 4C are recommended.
This is an intermediate course in academic English as a Second Language for non-native speakers of English. It emphasizes the development of skills leading to college-level proficiency in reading and vocabulary.

Level 4C Listening/Speaking (3) NDA
Co-requisite: ESL 4A and 4B are recommended.
This is an intermediate course in English as a Second Language for non-native speakers of English. It emphasizes the development of listening comprehension and conversational skills and pronunciation to improve communication.

5 College English as a Second Language (12)
Prerequisite: Completion of ESL 4 with a C or better and appropriate placement level demonstrated through English assessment process.
Level 5 is divided into modules 5A, 5B and 5C.

Level 5A Writing/Grammar (6) UC:CSU
Co-requisite: ESL 5B and 5C are recommended.
This is a high intermediate course in English as a Second Language for non-native speakers of English. It emphasizes the development of grammar and writing skills leading to college-level writing, and speaking proficiency. Course work includes paragraph and short essay writing.

Level 5B Reading/Vocabulary (3) NDA
Co-requisite: ESL 5A and 5C are recommended.
This is a high intermediate course in English as a Second Language for non-native speakers of English. It emphasizes the development of skills leading to vocabulary expansion and college-level reading proficiency.

Level 5C Listening/Speaking (3) NDA
Co-requisite: ESL 5A and 5B are recommended.
This is a high intermediate course in English as a Second Language for non-native speakers of English. Students will improve listening comprehension, and speaking in group situations and brief formal presentations. Accent acquisition instruction and practice is incorporated into communicative tasks.

6 College English as a Second Language (12) NDA
Prerequisite: Completion of ESL 5 with a C or better and appropriate placement level demonstrated through English assessment process.
Level 6 is divided into modules 6A, 6B and 6C.

Level 6A Writing/Grammar (6) NDA
Co-requisite: ESL 6B and 6C are recommended.
This is an advanced course in English as a Second Language for non-native speakers of English. It emphasizes the development of writing and grammar skills necessary for college-level writing. Course work includes paragraph and essay writing.

Level 6B Reading/Vocabulary (3) NDA
Co-requisite: ESL 6A and 6C are recommended.
This is an advanced course in English as a Second Language for non-native speakers of English. It emphasizes the development of college-level reading and vocabulary skills.

Level 6C Listening/Speaking (3) NDA
Co-requisite: ESL 6A and 6B are recommended.
This is an advanced course in English as a Second Language for non-native speakers of English. Students will improve listening comprehension skills, oral skills and pronunciation within a wide range of communication tasks.

7 College English as a Second Language
Prerequisite: Completion of ESL 6 with C or better an appropriate placement level demonstrated through English assessment process.
7B College English as a Second Language - Reading/Vocabulary (NDA)
This is designed for second language students who wish 1) to develop college reading versatility and efficiency and 2) to use critical reading skills in analyzing difficult material.

ENVIRONMENTAL SCIENCE
See also: Earth Science,

1 The Human Environment: Physical Processes (3) UC:CSU
This introductory course discusses the effects of humans on their physical environment. Particular emphasis is placed upon modifications of physical processes due to industrialization and urbanization. Energy and pollution are stressed. Topics include energy sources and the environment, air pollution, climatic change, solid waste and water pollution as well as topics of current interest.

2 The Human Environment: Biological Process (3) UC:CSU
This is a course in basic ecology and natural history, which fulfills a nonlaboratory science requirement. Topics to be covered include ecosystem structure and function, use of natural resources, and survival of plant and animal species. Environmental problems such as population and pollution will be discussed as well as local plant and animal species.

FAMILY AND CONSUMER STUDIES

21 Nutrition (3) UC:CSU(CAN HEC 2)
Lecture 3 hours.
This basic survey course is important to all those interested in nutrition. The fundamentals of nutrition, which affect human growth and health maintenance, including weight control and dietary requirements, throughout the life cycle, are studied. Food compositions and the nutritional aspects of food preparation are explored.

FINANCE

2 Investments (3) CSU
Analysis of stocks and bonds, mutual funds, real estate trusts, commodities and related investments. Functions and operations of the investment market.

8 Personal Finance and Investments (3) CSU
Consists of lectures, discussions and practice with regard to one's personal financial activities. Particular attention is given to consumer credit, life and property insurance, savings plans, taxes, retirement plans, estate transfer, securities and miscellaneous investments.

FRENCH

1 Elementary French I (5) UC:CSU
(French 1 and 2 equal CAN FREN SEQ A)
Co-requisite: French 101
This course stresses the fundamentals of pronunciation and grammar, practical vocabulary, useful phrases and the ability to understand, read, write and speak simple French. Extensive use is made of films, slides and tapes to convey the language, culture and customs of France.

2 Elementary French II (5) UC:CSU
(French 1 and 2 equal CAN FREN SEQ A)
Prerequisite: French 1 with a grade of C or better; two years of high school French or equivalent.
Co-requisite: French 101
This course completes the basic grammar of the French language. Films and filmmstrips are employed to develop an understanding of French culture and history, as well as to improve comprehension, to enrich vocabulary, and to serve as topics for oral discussion and written composition. Same as French 52 with French 62.

3 Intermediate French 1 (5) UC:CSU (CAN FREN 8)
Prerequisite: French 2 with a grade of C or better, three years of high schools French or equivalent.
This course provides a review of the fine points of grammar and seeks to perfect fluency, comprehension and cultural knowledge through dramatic films, short novels, poetry, plays, music and magazines.
Acceptable for French 4 credit, UCLA.

4 Intermediate French II (5) UC:CSU (CAN FREN 10)
Prerequisite: French 3 or four years of high school French.
This course continues to refine speaking, reading and writing comprehension skills through the literary and visual media.

5 Advanced French I (5) UC:CSU
Prerequisite: French 4
This course continues the study of advanced composition and grammar through literature, film and music. The readings are the basis for regular composition work and student discussion in French.

6 Advanced French II (5) UC:CSU
Prerequisite: French 5
This course completes the study of advanced composition and grammar through literature, film, and music. The readings are the basis for regular composition work and student discussion in French.

10 French Civilization (3) UC:CSU

Prerequisite: Law 10
Lecture 3 hours.
A study of the rules of civil and criminal evidence and the admissibility of such evidence in court; deposition comprehension and use in court; interrogatory summarizing and use in court.

17 Legal Writing (3)
Prerequisite: Law 10
Advanced legal drafting and writing, including special research and projects.

20 Basic Probate Procedures (3)
Prerequisite: Law 10.
Lecture 3 hours.
A comprehensive study of methods for fact gathering, office procedures, and required court work involved in the handling of probates of both testate and intestate decedents.

33 Law and the Media (3) CSU
An overview of the legal aspects in the entertainment industry. The students will be exposed to legal aspects of contractual agreements; copyrights requirements; privacy, regulations of Federal Communications Commission; label and slander; freedom of speech and press; publishing rights; trademarks; unions; and related concerns.

35 Immigration Law for Paralegals (3) A
This course is a study of concepts of immigration law including grounds of exclusion, defense to deportation, petitions and visa applications. Research and writing will be emphasized in the areas of amnesty, naturalization, citizenship, international law and criminal aspects of immigration.

385 Directed Study- LAW (3) CSU
Prerequisite: Concurrent enrollment or completion of law 10
Conference 1 hour per unit.
Allows students to pursue directed study in Law on a contract basis under the direction of a supervising instructor.
Credit Limit: A maximum of 3 units in Directed Study may be taken for credit.

LEARNING SKILLS

1 Learning Skills - Reading (3) RPT3 NDA
Co-requisite: Enrollment in one or more college course.
Laboratory 6 hours.
A self-paced program intended for all students having difficulty with their college reading, assignments. Course features diagnostic testing, individual attention and instant feedback about students' progress toward prescribed goals. (This 3-unit course is modularized into three 1-unit modules.)

1A Learning Skills - Reading A (1) RPT3 NDA
1B Learning Skills - Reading B (1) RPT3 NDA
1C Learning Skills - Reading C (1) RPT3 NDA
2 English Fundamentals (3) RPT 3 NDA
A self-paced, individualized Basic Skills class utilizing multimedia and computer-assisted instruction, workshops, and cooperative study groups.

Modularized Courses:

2A - English Fundamentals A (1) RPT3 NDA
2B - English Fundamentals B (1) RPT3 NDA
2C - English Fundamentals C (1) RPT3 NDA

3 Vocabulary Development (5) RPT 3 NDA
Learning Skills 3A and 3B are group conversation classes designed to provide students with class activities that will expand their comprehension and use of spoken English. Through the use of role-playing, practice dialogues, and impromptu speaking exercises, students are given the opportunity to improve their oral communication skills in a small group setting. Learning Skills 3C, 3D, and 3E are individualized, self-paced vocabulary programs for all students, and have been designed on various levels of difficulty. These courses focus on continued vocabulary growth and development, as well as provide students with helpful strategies for understanding complex vocabulary words.

Modularized Courses:

3A Vocabulary Development · A (1) RPT3 NDA
3B Vocabulary Development · B (1) RPT3 NDA
3C Vocabulary Development · C (1) RPT3 NDA
3D Vocabulary Development · D (1) RPT3 NDA
3E Vocabulary Development · E (1) RPT3 NDA

4 The Mechanics of Spelling (1) RPT 3 NDA
There are two courses available in spelling, the first being presented at a lower level of difficulty than the second is. The first course offers individualized instruction in basic word-attack skills, covering vowels, consonants, blends, digraphs, and syllables. The second course offers individualized instruction in the basic rules and complicated patterns of spelling, covering vowels, consonants, and word families.

5 English as a Second Language Fundamentals (1) NDA
This computer-assisted class is designed specifically to help the ESL student build language skills in vocabulary, reading speed, reading comprehension, and basic writing. The student will learn on computers in a nonstressful environment tailored around his personal schedule.

10 Mathematics Fundamentals (1) RPT 3 NDA
This class is designed both to prepare a student for Math 105 and to serve as a complementary computer-assisted lab for the student already enrolled in Math 105 who wants to enhance his learning experience. This is an individualized learning skills class.
Modularized Courses:
10A - Mathematics Fundamentals A (1) RPT3 NDA
10B - Mathematics Fundamentals B (1) RPT3 NDA
10C - Mathematics Fundamentals C (1) RPT3 NDA

40 Introduction to Learning Disabilities (1) RPT 1 NDA
Individualized diagnostic assessment processes are conducted to determine whether a student meets California Community Colleges criteria for learning disability program services. The student becomes aware of his/her pattern of learning strengths and weaknesses and develops an individual educational plan.

41A Study Strategies for the Learning Disabled (1) NDA
Recommended Co-requisite: Learning Skills 40
This course is a first of a series designed to help students with identified learning disabilities develop strategies to cope with the demands of the regular college classroom environment. These strategies include time management, organizational skills, communication skills, and goal setting/decision-making. Orientation to college, the nature of learning disabilities and how to compensate for them, personality and learning style will be explored.

41B Study Strategies for the Learning Disabled (1) NDA
Recommended Co-requisite: Learning Skills 40
This course is the second of a series designed to help students with identified learning disabilities develop strategies to cope with the demands of the regular college classroom environment. Topics include active learning, classroom listening and note-taking, reading, writing, problem solving and test taking.

41C Study Strategies for the Learning Disabled (1) NDA
Recommended Co-requisite: Learning Skills 40
This course is the third of a series designed to help students with identified learning disabilities develop strategies to cope with the demands of the college classroom environment. Topics include memory techniques, question formation, critical thinking, comprehension and evaluation skills.

41 Study Strategies for the Learning Disabled (3)
RPT 2 NDA
Prerequisite: Learning Skills 40.
This course will help students with identified learning disabilities to develop strategies to cope with the demands of the academic environment. Such strategies include discovering “hidden agendas,” time management, note-taking, memory, and comprehension skills. (Graded on a credit/no-credit basis)

49 Introduction to Computer Assisted Instruction (Application) (1) RPT 3 NDA
Self-paced computerized instruction in the Learning Skills PC Lab. Students will have the opportunity to become familiar with various software packages including word processing and spreadsheet programs. Knowledge of these programs will enable students to develop skills in formatting term papers, and resume writing. In addition, hands-on interactive instructional programs, are available.

50 Introduction to Computer Assisted Instruction - Language Arts (1) NDA
Using recognized software programs that enhance reading speed and comprehension, this class helps students to advance their rates of reading in a pressure-free, supportive environment.

185 Directed Study (1) RPT 3 NDA
Very specific computer assisted class designed to address individualized, even unique, learning needs. Consultation with the instructor is strongly recommended before adding this course.

LIBRARY SCIENCE

101 Library Research Methods (1) CSU
Lecture 1 hour.
This course teaches the student to develop efficient research skills utilizing traditional and selected computerized library resources. These skills will optimize the student’s educational experience and enhance his ability to realize independently lifelong personal benefits from his use of the library. Standard research techniques are emphasized and both general and specialized information sources are examined.

102 Internet Research Skills (1)
Lecture: 5 hour, Lab: 1 hour
Successful completion of this course will enable the student to find and assess information found on the Internet. The student will also be able to devise effective search strategies in the pursuit of academic and personal interests, utilizing approved principles of access and standardized evaluation criteria.

MANAGEMENT

(See also: Business)

1 Principles of Management (3) CSU
This course provides an introduction to the principles of management. Detailed analysis of basic managerial functions including planning, organizing, leading and controlling in a business or administrative environment is made.

2 Organization and Management Theory (3) CSU
This course provides an introduction to the theories of organization and management. Organizational structure, technology and systems; administrative behavior; communications; motivation and leadership and organizational change and manpower development including organizational development, are examined.

6 Public Relations (3) CSU RPT 1
This course covers the basic concepts and fundamentals involved in the organization of a public relations program. Community relations, customer relations, stockholder relations, press relations, public relations and special group relations are emphasized.

13 Small Business Management I (3) CSU
This course discusses the challenges of entrepreneurship and provides the tools to enhance success. Course provides detailed treatment of strategic planning for small business, an in-depth coverage of creating and managing the business, new sources of small business funding, effective decision making and hands-on emphasis for creating a business plan.
COURSE DESCRIPTIONS

33 Personnel Management (3) CSU
Prerequisite: Management 1.
This course discusses the growth and development of human resource management: legal environment and implementation of Equal Employment Opportunity, unions and their relationship to business enterprise: employee selection and development, handling personnel problems and employee compensation systems. Guest lecturers will be featured.

MARKETING

1 Principles of Selling (3) CSU
This course emphasizes the principles used in persuasive communication. Consumer buying behavior, presentations, and closing are covered. The course is designed to help students currently involved in sales as well as those seeking to improve their communication skills. Sales presentations, video tapes and case studies are used. 21 Principles of Marketing (3) CSU
This course introduces students to various activities in the field of marketing. It provides a broad understanding of the principles involved in the distribution of commodities from the producer to the user or consumer. It covers the consumer market, consumerism, packaging and brands, pricing, wholesaling, retailing, sales promotion, personal selling and international marketing. Presentations, case studies and videotapes are used.

MATHEMATICS

To enroll in a Mathematics course, one of the following must be satisfied:

1. The prerequisite must have been completed.
   or

2. Appropriate placement level demonstrated through Mathematics assessment process.

100 Mathematics Workshop (1) RPT 3 NDA
Co-requisite: Current enrollment in any Mathematics course. Recommended: For students concurrently enrolled in any mathematics course.
Laboratory 3 hours
This course is designed to increase comprehension of all levels of mathematics, utilizing tutorial assistance from a Mathematics instructor. Credit/No Credit only.

105 Arithmetic for College Students (3) NDA
This course is designed to give the student an understanding of and a competency in the basic operations of elementary arithmetic. To attain this mastery, the student must have a genuine desire to remove arithmetic deficiencies. Topics include operations with whole numbers, common and decimal fractions, percentages, the study of the metric system and simplified calculations.

112 Pre-Algebra (3) NDA
This course bridges the gap between arithmetic and algebra. It reviews arithmetic and introduces concepts of algebra including signed numbers, variables, exponents, mathematical sentences and linear equations.

115 Elementary Algebra (5)
Prerequisite: Mathematics 105 with a grade of C or knowledge of arithmetic.
This is a first course in algebra. It covers the fundamental operations on natural numbers and carries on a logical development through all the real numbers. The course includes the solution of linear and quadratic equations and their graphs, factoring and statement problems.
Note: Fifty percent on department final required to receive a passing grade.

116 Algebra Review (3)
A review of the first course in algebra. This course includes the solutions of linear and quadratic equations, graphing, and statement problems. It is recommended for those who require further practice in order to continue their study of mathematics.

117 Basic Elementary Algebra I (5)
Prerequisite: Mathematics 105 with a grade of C or knowledge of arithmetic.
This course is designed for students who are beginning the study of algebra. It parallels the first half of the first year algebra course in high school. Additional topics have been added to the traditional material.
Note: Math 117 + Math 118 = Math 115.

118 Basic Elementary Algebra II (5)
Prerequisite: Mathematics 117 with a grade of C or better.
This course parallels the second half of the first year algebra course in high school, with additional topics. Topics include rational expressions, radicals and roots, graphs of linear and quadratic equations, and linear systems.
Note: Math 117 + Math 118 = Math 115.

120 Plane Geometry (5)
This is a basic course in the fundamentals of Euclidean plane geometry, stressing the development of logical proof in a mathematical system.

125 Intermediate Algebra (5)
Prerequisite: Mathematics 115 with a grade of C or better or appropriate placement level demonstrated through math assessment process.
Manipulative skills in algebra are developed and strengthened in the course. The topics include rational exponents, the complete number system of algebra, algebraic and graphical solutions to linear and quadratic equations, logarithmic and exponential functions, elementary theory of equations and inequalities and conchs. A wide variety of statement problems are included in the course. Note: fifty percent on department
Note: Fifty percent on department final required to receive a passing grade.

215 Principles of Mathematics 1 (3) CSU
Prerequisite: Mathematics 125 with a grade of C or better or appropriate placement level demonstrated through math assessment process.
This course helps students understand topics in mathematics, including sets, number bases, number systems, logic and probability. It is recommended for prospective elementary school teachers.
225 Introductory Statistics (3) UC:CSU (CAN STAT 2)
Prerequisite: Mathematics 125 with a grade of C or better, or appropriate placement level demonstrated through math assessment process. Students must enroll concurrently in Math 226.

The principles of elementary statistics which are studied include measures of central tendency, measures of dispersion, the normal distribution, probability, the histogram, chi-square test, correlation and prediction, test involving variance, and non-parametric tests. Applications are made of the central limit theorem to the testing of hypotheses.

226 Elementary Statistics Problem Solving (1) CSU
Co-requisite: Mathematics 225.
This course is intended for those students enrolled in Math 225. It supplements the statistics course work through problem analysis, problem solving, and the use of hand-held calculators.

235 Mathematical Analysis for Business and Social Sciences I (5) UC:CSU
Prerequisite: Mathematics 126 with a grade of C or better, or appropriate placement level demonstrated through math assessment process.
This course covers finite mathematics consisting of sets, graphing, linear programming, vectors, matrices, linear systems, combinations, probability, statistics, game theory and Markov chains with emphasis on applications to business and social sciences.
Maximum UC credit allowed: 2 courses from 235 & 236, 261 & 262 combined.

236 Mathematical Analysis for Business and Social Sciences II (5) UC:CSU
Prerequisite: Mathematics 120 and 125 with a grade of C or better, or appropriate placement level demonstrated through math assessment process.
Lecture 5 hours.
This course consists of elementary differential and integral calculus; exponential and logarithmic functions, and their applications to business and social sciences.
Maximum UC credit allowed: 2 courses from 235 & 236, 261 & 262 combined.

240 Trigonometry (3) CSU
Prerequisite: Mathematics 120 and Mathematics 220.
This course of analytical trigonometry includes solutions of triangle problems, radian measure, graphs of trigonometric functions, trigonometric equations, identities, polar coordinates and inverse trigonometric function and complex numbers.

241 Trigonometry With Vectors (4) CSU
Prerequisite: Mathematics 120 and 125 with a grade of C or better, or appropriate placement level demonstrated through math assessment process.
This course of analytical trigonometry includes solutions of triangle problems, radian measure, graphs of trigonometric functions, trigonometric equations, identities, polar coordinates and inverse trigonometric functions, complex numbers and vectors.

260 Pre Calculus (5) UC:CSU
Prerequisite: Mathematics 240 with a grade of C or better or appropriate placement level demonstrated through math assessment process.
This course in pre-calculus combines the traditional courses of college algebra and analytic geometry and covers such topics as inequalities, functions, matrices and determinants, properties of the straight line, conic, algebraic and transcendental functions and parametric equations.
Maximum UC credit: 4 units.

261 Calculus I (5) UC:CSU (CAN MATH 18)
Prerequisite: Mathematics 260 with a grade of C or better or appropriate placement level demonstrated through math assessment process.
A study is made of the differentiation and integration of algebraic functions; applications of the derivative to maximum-minimum problems; related rates, motion of a particle and curve sketching; applications of the integral to the area between two curves; volumes of solids of revolution and work; the Fundamental Theorem of Integral Calculus.

262 Calculus II (5) UC:CSU (CAN MATH 20)
Prerequisite: Mathematics 261 with a grade of C or better.
The second course of calculus deals with the differentiation and integration of transcendental functions, standard techniques of integration, curves in polar coordinates and sequences and series.

263 Calculus III (5) UC:CSU
Prerequisite: Mathematics 262 with a grade of C or better.
The third course of calculus deals with such topics as multivariable calculus, partial differentiation, two and three-dimensional vectors, Stokes and divergence theorems, and differential equations.

270 Linear Algebra (3) UC:CSU (CAN Math 26)
Prerequisite: Mathematics 263, which may be taken concurrently.
A study of vector spaces, linear transformations and matrices, matrix algebra, determinants and solutions of systems of equations is made.
Offered Fall semester only.

75 Ordinary Differential Equations (3) UC:CSU
(CAN Math 24)
Prerequisite: Mathematics 263, which may be taken concurrently.
This study covers first order differential equations and linear differential equations. Special methods for solution of these equations are developed and applied. Laplace Transforms are developed and used for the solution of differential equations and systems of equations. Existence theorems are stated and proofs are outlined. Series solutions and operator methods are included.
COURSE DESCRIPTIONS

METEOROLOGY
See also: Earth Science, Environmental Science, and Geography.

3 Introduction to Weather and Climate (3) UC:CSU
(Same as Geography 3.)
Atmospheric elements and controls, storms, human modification and the regional distribution of climates are studied.

MICROBIOLOGY

20 General Microbiology (4) UC:CSU
Prerequisite: College Biology with a grade of C or better.
Recommended: Successful completion of English 28.
This is an introduction to the fundamental principles of microbiology. The course includes general aspects of the structure, metabolism, multiplication, genetics and classification of bacteria, fungi, protozoa, and viruses; the methods used to control these microorganisms, the human body’s natural defense mechanisms, and some selected microbial pathogens. The laboratory portion of the course covers microscopic and cultural techniques for studying and identifying microorganisms.

MUSIC

UC Transfer Credit Limit: A maximum of 12 units from the following courses will be accepted for UC transfer: Music 181, 182, 183, 184, 321, 322, 323, 324, 341, 411, 412, 413, 414, 561, 725, 775.

101 Fundamentals of Music (3) UC:CSU
Basic rudiments of musical notation, scales, keys, intervals, common musical terms and elementary keyboard are studied. This is a preparatory course for Music 201 and Music 211.

111 Music Appreciation I (3) UC:CSU
Designed for non-music majors, this course meets humanities/fine arts requirements by surveying a wide variety of musical styles and periods, past and present. The emphasis is on perceptive listening, along with expository readings.

112 Music Appreciation II (3) UC:CSU
NOTE: Music Appreciation I is not a prerequisite to Music Appreciation II.
Designed for non-music majors, this course meets humanities/fine arts requirements by surveying a variety of twentieth century musical styles. The emphasis is on perceptive listening, along with expository readings. Music 112 differs from Music 111 in that the focus is on twentieth century composers and styles.

121 Music History and Literature I (3) CSU (UC Pending)
(Music 121 meets the GE requirement for the Associate Degree.)
A survey of musical practices and styles from the earliest times to 1750, including the Romanesque, the Gothic, the Renaissance, and the Baroque. The artistic philosophy of each style period is explored.
Note: Music History and Literature I is not a prerequisite to Music History and Literature II.

122 Music History and Literature II (3) UC:CSU
Styles, techniques and forms of music from 1750 to the present are traced. Special emphasis is placed on the development of the orchestra and its forms. The artistic philosophy of each style period is examined.
NOTE: Music History and Literature I is not a prerequisite to Music History and Literature II.

141 Jazz Appreciation (3) UC:CSU
Designed for non-music majors, this course meets humanities/fine arts requirements by surveying jazz styles of music from their beginnings to the present. The emphasis is on perceptive listening, along with expository readings.

181 Applied Music I (1) UC:CSU

182 Applied Music II (1) UC:CSU

183 Applied Music III (1) UC:CSU

184 Applied Music IV (1) UC:CSU
Prerequisite: Open to music majors by audition.
This course is designed for both vocal and instrumental students and provides credit for independent study. Fifteen one-hour lessons and a minimum of five hours of weekly independent music practice is required for the semester. The development of vocal/instrumental technique is emphasized. Workshop and recital participation are required.

201 Harmony I (3) UC:CSU
Required of all music majors.
Prerequisite: Music 101, with a grade C or better.
Co-requisite: Concurrent enrollment in Music 211.
This course deals with the fundamental harmonic principles of music including chord structure, diatonic harmony, inversions, harmonic progression, harmonic structure of the phrase, harmonization of a given part and nonharmonic tones. Harmonic skill is developed through written exercises, analysis of classic examples and keyboard exercises.

202 Harmony II (3) UC:CSU
Prerequisite: Music 201 with a grade C or better. Co-requisite: Music 212.
This course extends principles initiated in Music 201, including the structure of seventh chords, secondary dominants, altered nonharmonic tones and modulation to closely related keys.

203 Harmony III (3) UC:CSU
Prerequisite: Music 202 with a grade C or better.
Co-requisite: Music 213.
This course extends principles developed in Music 202, including augmented sixth chords, the Neapolitan sixth, altered dominants, diminished seventh chords, chromatic third-third harmony, modulation to foreign keys and extended chords such as ninths, elevenths and thirteenths.

211 Musicianship I (2) UC:CSU
Required of all music majors.
Prerequisite: Music 101 or equivalent with a grade C or better.
Co-requisite: Music 201.
Correlated with Harmony 1, this course consists of a study of sight reading, one-part melodic dictation, simple harmonic dictation, elementary theory, including scale structure, keys, intervals, musical terminology and notation, and the basic principles of musicianship.
212 Musicianship II (2) UC:CSU
Prerequisite: Music 211 with a grade C or better.
This course consists of sight reading, eartraining and keyboard application of the subject matter covered in Music 202.

213 Musicianship III (2) UC:CSU
Prerequisite: Music 212 with a grade C or better.
Co-requisite: Music 203.
This course consists of sight reading, eartraining and keyboard application of the subject matter covered in Music 203.

299 Music Honors (1) UC:CSU RPT 3
Designed for the advanced Music major.
This course provides the gifted student in music with an opportunity for concentrated independent study in selected areas under the direct supervision of an instructor.
For UC transfer, Music 299 is considered the same as Directed Study.

321 Elementary Piano I (2) UC:CSU
Student should have access to a piano for practice.
This course presents an introduction to music reading, scale playing, and the use of the pedals. The artistic performance of appropriate repertoire is emphasized.
See acceptability Music 184

322 Elementary Piano II (2) UC:CSU
Prerequisite: Music 321 with a grade C or better or equivalent.
Student should have access to a piano for practice.
This course is a continuation of skills and concepts started in Elementary Piano I.
See UC information under Music heading

323 Elementary Piano III (2) UC:CSU
Prerequisite: Music 322 with a grade C or better or equivalent.
Student should have access to a piano for practice.
This course is a continuation of skills and concepts developed in Elementary Piano II.
See UC information under Music heading

324 Elementary Piano IV (2) UC:CSU
Prerequisite: Music 323 with a grade C or better or equivalent
Student should have access to a piano for practice.
This course is a continuation of skills and concepts developed in Elementary Piano III.
See UC information under Music heading

341 Intermediate Piano (2) UC:CSU RPT 3
Prerequisite: Music 324 with a grade C or better or equivalent
The performance of appropriate repertoire is developed with emphasis on memorization and artistic interpretation.
See UC information under Music heading

411 Elementary Voice I (2) UC:CSU
This course is an introduction to the proper use of the voice including attention to posture, breath control, tone quality, power, diction, range, and stage presence. Repertoire includes simple art songs and arrangements of folk songs and spirituals.
See UC information under Music heading

412 Elementary Voice II (2) UC:CSU
Prerequisite: Music 411 with a grade C or better or equivalent
An extension of principles introduced in Music 411 with a greater emphasis on interpretation.
See UC information under Music heading

413 Elementary Voice III (2) UC:CSU
Prerequisite: Music 411 and 412 with a grade C or better or equivalent.
All aspects of solo singing are stressed, especially English, Italian, French and German diction. Repertoire includes art songs in the original language and less vocally demanding arias from opera and oratorio.
See UC information under Music heading

414 Elementary Voice IV (2) UC:CSU
Prerequisite: Music 413 with a grade C or better or equivalent.
This course is a continuation of principles and concepts presented in Music 413. The development of the student's ability to analyze and interpret the song repertoire is stressed.
See UC information under Music heading

501 College Choir (.5) UC:CSU RPT 3
Open to all students by audition.
This course consists of study and performance of selected choral literature for mixed voices, both accompanied and a cappella. The emphasis is placed on the development of reading skills, basic voice techniques and interpreting the score.
See UC information under Music heading

561 Chamber Chorale (.5) UC:CSU RPT 3
Open to all students by audition.
Rehearsal and performance of choral music for small ensembles. The music is chosen from all stylistic periods. Emphasis is placed upon reading skills, interpreting the score and the development of a professional attitude toward public performance.
See UC information under Music heading

725 Community Orchestra (.5) UC:CSU RPT 3
Open to all musicians who play orchestral instruments by audition.
Standard orchestral literature is rehearsed and performed.
See UC information under Music heading

775 Jazz Ensemble (.5) UC:CSU RPT 3
Open to all instrumentalists by audition.
This course provides the instrumentalist with the opportunity to rehearse and perform music of the past in the "big band" tradition as well as contemporary compositions written for this ensemble.
See UC information under Music heading
COURSE DESCRIPTIONS

OCEANOGRAPHY

See also: Earth Science, Environmental Science, and Geography

1 Introduction to Oceanography (3) UC:CSU
The student is introduced to the general field of oceanography, including a study of the features of the sea floor, the chemical and physical properties of sea water, currents, tides, waves and their effects on marine organisms. Special reference is made to the Southern California environment and the problem of people and the sea.

OFFICE ADMINISTRATION
(COMPUTER APPLICATIONS & OFFICE TECHNOLOGIES)
(WORDPROCESSING)

1 Keyboarding/Document Processing I (3)
Students with ability to type 30 w.p.m. should enroll in Office Administration 2.
Five hours weekly.
Mastery of the keyboard and the operations of computers are developed. Emphasis is placed on formatting and producing letters, tables and using a popular word processing program. The student should achieve a minimum keyboarding speed of 30 w.p.m.

2 Keyboarding/Document Processing II (3) CSU
Prerequisites: Office Administration 1, ability to type 30 w.p.m.
Five hours weekly.
Skills developed include correct techniques in producing specialized documents using a popular word processing software program. The student should achieve a minimum keyboarding speed of 40 w.p.m.

3 Document Processing III (3) CSU
Prerequisite: Office Administration 2, the ability to type 40 w.p.m.
Five hours weekly.
Skills developed include correct techniques and speed and accuracy in typing business letters and memorandums, special business forms, rough drafts, statistical and business reports. The student should achieve a minimum typing speed of 50 w.p.m.

6 Adding and Calculating Machines (1)
This course offers instruction in touch-key operation of computers. Basic accounting problems will be solved.

9 Keyboarding/Typing Improvement (1) RPT 1 NDA
Prerequisite: Completion of beginning typing course with grade of C or better, or ability to type 35 w.p.m.
Three hours weekly.
Speed and accuracy are improved through timed writings and corrective drills. Students may enroll for two semesters. This course may be taken in addition to Office Administration 2 or Office Administration 3 if the student needs additional speed and/or accuracy building. Students use computers.

31 Business English (3)
(Same as Business 31)
This course is required for Office Administration majors. Lecture 3 hours.
This course offers intensive review of grammar (function and application of the parts of speech); sentence structure, punctuation, capitalization, proofreading concepts and letter style formats. These principles are applied to the writing of concise sentences and paragraphs, which will contribute to success, and advancement of careers requiring good communication skills.

32 Business Communications (3) CSU
(Same as Business 32)
Prerequisite: Office Administration 31 with a grade of C or better. This course is required for Office Administration majors. Lecture 3 hours.
Business 32 develops the ability to use techniques of expository and argumentative writing when composing business letters, memos, and reports. Emphasis is placed on the fundamentals of clear, direct expression, correct English usage, and the psychology of business letter composition and communication.

34 Business Vocabulary and Spelling (2)
Two hours weekly.
Vocabulary building and spelling skills are stressed. Emphasis is placed on phonics, spelling rules, confusing words, commonly misspelled words and the formation of plurals. The course allows application of skills through written expression.

35 Word Processing: Concepts in Information Systems (3) CSU
Prerequisite: Ability to type 35 w.p.m.
Three hours weekly.
Word processing vocabulary and features found on Microsoft Word for Windows software. The occupation of Word Processing is also examined.

39 Word Processing, Keyboarding and Operations (3)
RPT 2
Prerequisite: Ability to type 30 w.p.m.; completion of, or concurrent enrollment in, Office Administration 35 or other computer class. Five hours weekly.
This course teaches word processing skills such as inputting, editing, formatting, and printing using WordPerfect software on IBM compatible computers.

44 Medical Terminology (3)
Three hours weekly.
The student develops a comprehensive medical vocabulary applicable to all specialties of medicine through the learning of Greek and Latin prefixes, suffixes, word roots, etc. A basic understanding of anatomy and physiology is provided. Training in the spelling, pronunciation and definition of medical terms is given as well as training in the use of a medical dictionary.

47 Applied Office Practice (2) RPT 3
Co-requisite: Enrollment in at least one other office administration course. Performance, 5 hours.
The student will work 5 hours a week on campus. The course provides an opportunity to gain practical experience in many areas of office work. Placements are made according to the skills possessed by the student and the requirements of the assigned office.
**Course Descriptions**

64 Office Administration Laboratory (1) NDA  
**Co-requisite:** Enrollment in at least one other OA course.  
This course provides laboratory time for office administration students who need additional time and practice to increase their skills in any OA subject area.  
**Note:** Graded on credit/no credit basis only.

75A Word Processing: Equipment and Operations (1) CSU  
**Recommended:** Ability to type 25 w.p.m.  
Three hours weekly.  
This class presents word processing skills on the microcomputer, including keyboarding, editing, and printing various types of documents. It is designed for all students, including non-business majors.

79 Word Processing Applications (3)  
**Prerequisite:** Ability to type 40 w.p.m. Completion of Office Administration 35 or Office Administration 39.  
Five hours weekly.  
Basic word processing skills, such as inputting, editing, formatting, and outputting are taught utilizing the WordPerfect word processing program on IBM compatible computers.

88 Microcomputer Office Applications: Desktop  
**Publishing (3) RPT 2**  
**Prerequisite:** One of the following: Office Administration 35, 39, Computer Science 901, 902 or equivalent experience.  
This course provides information and hands-on training in using IBM or compatible microcomputers, laser printers, and an up-to-date desktop publishing software package. Students will learn to produce camera-ready, near type-set quality reports, newsletters, flyers and business forms. PageMaker software is used.

101 Hands on Internet (1)  
This course introduces students to the Internet and E-mail for business applications. Students will develop competency in use of computers to access the internet for business research and applications.

185 Directed Studies - Office Administration (1)  
285 Directed Study - Office Administration (2)  
385 Directed Study - Office Administration (3)  
**Prerequisite:** Ability to type 50 w.p.m., Office Administration 2, 39, or 79.  
Students will work on independent projects as discussed and approved by instructor.  
**Maximum UC credit:** 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

**Philosophy**

1 Introduction to Philosophy I (3) UC/CSU (CAN PHIL 2)  
A historical approach to philosophical problems in the western tradition emphasizing the development of analytic and evaluative skills. An inquiry into the nature of science, religion, metaphysics and theory of knowledge. Examines such questions as the existence of God, the problems of evil, and the nature of the soul and the origin of knowledge.

3 History of Greek Thought (3) UC/CSU  
A critical presentation of western thought from the Greek Classical philosophers to the medieval philosophers is made.

6 Logic in Practice (3) UC/CSU (CAN PHIL 6)  
An introduction to critical thinking, the skill of evaluating and constructing arguments as they appear in ordinary language. Problems of clarity in language as they appear in a variety of disciplines, such as science, humanities, social sciences, law and business. Emphasizes the practical application of logical skills to other disciplines.

8 Deductive Logic (3) UC/CSU  
An introduction to the principles of deductive and inductive reasoning, emphasizing critical and evaluative skills. Introduces technical analysis of reasoning process, categorical and propositional logic, formal and informal fallacies. Excellent preparation for LSAT.

9 Symbolic Logic I (3) UC/CSU  
This course provides an introduction to formal logic, including truth, validity, truth tables, tautologies, contradictions, contingencies, quantification and methods of deduction.

18 Business Ethics (3) UC/CSU  
This course introduces the study of values and their importance in the practical conduct of business.

20 Ethics (3) UC/CSU (CAN PHIL 4)  
An inquiry into the nature of morality and ethical theory in both historical and contemporary settings, as they apply to business, the arts, science and medicine. An analysis of utilitarianism, duty theory, virtue theory as well as contemporary moral issues such as abortion, capital punishment, animal rights, environmental issues and the role of ethics in political and social policy.

**Personal Development**

1 Introduction to College (1) RPT 1 NDA  
This course covers educational and vocational planning, including preparation of a detailed term-by-term plan, fixing of goals and objectives, career guidance, library skills, institutional roles and governance, student government, and deficiencies in preparation with relation to objectives and study skills.
COURSE DESCRIPTIONS

23 The World’s Great Religions (3) UC:CSU
An analysis of the world’s great religions including Hinduism, Buddhism, Confucianism, Judaism, Christianity and Islam. Investigates pre-rational religions, mystery cults, myth and ritual. Emphasis on the philosophical assumptions and principles underlying religious beliefs and the influence of environment and culture on these beliefs.

41 An Introduction to the Philosophy of Literature (3) UC:CSU
A philosophical inquiry is made by examining great literary works on such themes as freedom, guilt, love, self-knowledge, God, evil, reality, death and the meaning of life.

185 Directed Study · Philosophy (1) UC:CSU
285 Directed Study · Philosophy (2) UC:CSU
385 Directed Study · Philosophy (3) UC:CSU
Conference 1 hour per unit.
Allows students to pursue Directed Study in Philosophy on a contract basis under the direction of a supervising instructor.
Maximum UC credit allows: 3-1/3 semester units per semester.
6 units total in any or all appropriate subject areas combined.
Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

PHYSICAL EDUCATION

All Physical Education classes require critical thinking to satisfactorily complete the course.

UC Transfer Credit Limit: A maximum of 4 units from the following courses will be accepted for UC transfer: Physical Education 102, 630, 692, 683, 666, 668, 679, 262, 655, 667, 684, 504, 506, 508, 515, 516, 690. A maximum of 12 units will be accepted from Physical Education 462, 460, 463, 814.

Water Activities (1) UC:CSU RPT 3
Activity 2 hours.
Beginning, intermediate and advanced levels offered for all courses listed below, but all levels may not be taught each semester:
102 Swimming · Skills

Individual and Dual Activities (1) UC:CSU RPT 3
Activity 2-3 hours.
Beginning, intermediate and advanced levels offered for all courses listed below, but all levels may not be taught each semester:
262 Track and Field · Skills
630 Super Aerobics Laboratory
666 Body Conditioning
668 Body Dynamics
679 Golf · Skills
690 Weight Training and Conditioning · Skills
682 Tennis · Skills
683 Racquetball · Skills

Team Sports (1) UC:CSU RPT3
Activity 3 hours.
Beginning, intermediate and advanced levels offered for all courses listed below, but all levels may not be taught each semester:
665 Basketball · Skills
667 Flag-Touch Football · Skills
684 Volleyball · Skills

Dance Activities (1) UC:CSU RPT3
Activity 3 hours.
Beginning, intermediate and advanced levels offered for all courses listed below, but all levels may not be taught each semester:
460 Ballet Techniques
462 Modern Dance
463 Modern Jazz Dance

Intercollegiate Sports (2) UC:CSU
RPT 1
Activity 10 hours in the sports season.
504 Basketball
506 Cross Country
508 Football
515 Track and Field
516 Volleyball

712 Introduction to Physical Education (3) UC:CSU
This class does not meet the required credit for Physical Education activity.
Lecture 3 hours.
This introductory course is designed to offer the major examples of the requirements of a physical education teacher.

713 Introduction to Coaching (3) UC:CSU
Lecture 3 hours.
This course is designed for those wishing to receive their knowledge of coaching an athletics team. The major emphasis will be on sound training and organizational principals.

718 Fundamentals of Athletic Training (3) UC:CSU
Lecture 2 hours; Lab 2 hours
This course will emphasize the principle techniques and ethics used by the athletic trainer in the prevention and care of athletic injuries.

814 Dance Production (2) RPT3 UC:CSU
Lecture 1 hour; activity 2 hours.
This course provides laboratory experience in developing the skills involved in dance production: choreography, set design, lighting, directing and costume design.

PHYSICAL SCIENCE

1 Physical Science 1 (3) UC:CSU
This integrated course for non-science majors develops fundamental concepts and principles of physics, chemistry, geology, astronomy, and related fields. The course emphasizes the ideas that will give an overall understanding of our physical universe.
PHYSICS

6 General Physics I (4) UC:CSU (CAN PHYS 2)
Co-requisite: Concurrent enrollment in Mathematics 241 or equivalent trigonometry.
Lecture 3 hours; recitation 1 hour; laboratory 2 hours.
Physics 6 and 7 constitute a two-course sequence in general physics designed primarily for chemistry, dentistry, pharmacy, optometry and geology majors. The areas of physics involved in this course are mechanics, energy, fluid mechanics, mechanical waves, thermal behavior, kinetic theory and the laws of thermodynamics.
See Note: Physics 12.

7 General Physics II (4) UC:CSU
(Physics 6 + 7 equal CAN PHYS SEQ A)
Prerequisite: Physics 6
Lecture 3 hours; recitation 1 hour; laboratory 2 hours.
Physics 6 and 7 constitute a two-course sequence in general physics designed primarily for medicine, dentistry, pharmacy, optometry and geology majors. This course is a continuation of Physics 6, covering electricity, magnetism, electromagnetism, alternating currents, electromagnetic waves, optics, the atom, quantum physics and relativity.
See Note: Physics 12.

12 Physics Fundamentals (3) UC:CSU
Prerequisite: One year high school algebra or Mathematics 115.
Lecture and demonstration 3 hours.
This introductory course in physics, which is designed primarily for liberal arts students, provides qualitative knowledge of fundamental physical principles.
NOTE: No UC credit will be given for Physics 11 or 12 if taken after Physics 6, 7, or 37,38,39 series.

14 Physics Fundamentals Laboratory (1) UC:CSU
Prerequisite: Physics 12 or concurrent enrollment in Physics 12.
Laboratory 3 hours.
This course is designed for those liberal arts students who are taking or have taken Physics 12 and who wish or need to have a laboratory experience as part of their physical science education. The course consists of a large number of physical science experiments.

38 Physics for Engineers and Scientists II (5) UC:CSU
Prerequisite: Physics 37 and Mathematics 262.
Co-requisite: Mathematics 263
Lecture 4 hours; laboratory 3 hours.
The second semester of a three-semester calculus-level sequence in introductory physics. Topics studied include electric fields, magnetism, electrical and magnetic properties of matter, direct and alternating current circuits, Maxwell’s equations, electromagnetic waves and wave theory. Subject to UC limitation if combined with other physics courses. See Physics 12.

39 Physics for Engineers and Scientists III (5) UC:CSU
Prerequisite: Physics 37 and Mathematics 262.
Co-requisite: Mathematics 263
Lecture 4 hours; laboratory 3 hours.
The third semester of a three-semester calculus-level sequence in introductory physics. Topics studied include thermodynamics, waves and sound, geometrical and physical optics, quantum mechanics, some statistical mechanics, and nuclear physics.
UCLA transfer students should plan to complete the sequence at WLAC. See note, Physics 12.

185 Directed Study - Physics (1) UC:CSU
385 Directed Study - Physics (3) UC:CSU
Conference 1 hour per unit
Allows students to pursue Directed Study in Physics on a contract basis under a direction of a supervising instructor.
Maximum UC credit allows: 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined.
Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a U.C. campus.

PHYSIOLOGY

See also: Anatomy

1 Introduction to Human Physiology (4) UC:CSU
Prerequisite: College Biology with a grade of C or better.
This course presents the biochemical and biophysical principles underlying the physiological processes of the human. Lecture topics include the neural and hormonal regulation of bodily processes, and the integration of the organ systems to maintain a constant fluid environment within the body. Special emphasis will be placed on the evaluation of body temperature, blood pressure, breathing, and urine output, as well as the interpretation of clinical laboratory tests. Laboratory exercises will introduce the student to the spectrophotometer, EKG machine, blood pressure cuff, and urinalysis tests. This course is intended to meet the requirements of students majoring in nursing, medical education, occupational therapy, psychology, physical education, and life sciences, or for those who wish to extend their knowledge of the human body beyond the scope of introductory biology.
PSYCHOLOGY

1 General Psychology I (3) UC:CSU (CAN PSYCH 2)
This course offers a scientific approach to principles of human behavior. It covers such topics as growth and development, heredity and environment, perception and attention, feeling and emotion, motivation, learning, thinking and intelligence, individual differences, introduction to statistical concepts, personality and social relations.

2 General Psychology II (3) UC:CSU
Prerequisite: Psychology I
This course considers the functional and anatomical aspects of the nervous system, the structure and function of the sense organs, as well as emotions, speech, intelligence, consciousness and sleep, motivation and psychosomatic relationships.

14 Abnormal Psychology (3) UC:CSU
The principles of general psychology are applied to the field of psychopathology. Behavior disorders are described, and their major causes and treatment are reviewed.

16 Love and Marriage (3) CSU
This course deals with the psychological aspects of dating, love and marriage. It is designed to provide students with a basic positive attitude towards the potentials of marriage and to describe the circumstances that make the marital union an opportunity for a growing, greater, "other-centered" self-realization.

41 Life-Span Psychology: From Infancy to Old Age (3) UC:CSU
Prerequisite: None
This course familiarizes the student with physical, cognitive and social growth and changes affecting individuals during their many life stages. Periods examined include prenatal, neonatal, infancy, childhood, adolescence, adulthood and old age.

52 Psychological Aspects of Human Sexuality (3) UC:CSU
This course addresses the psycho-sexual development of the individual, the scripts that are learned in our culture and comparative information from other cultures. The history of attitudes toward sexuality in America is studied. The study of the anatomy and physiology of the human sexual system, the physical and emotional orgasmic response, myths and misconceptions about the sexual response, sexual variance and dysfunction are studied to help the student achieve an understanding of his or her own unique sexuality.

185 Directed Study - Psychology (1) UC:CSU
285 Directed Study - Psychology (2) UC:CSU
385 Directed Study - Psychology (3) UC:CSU
Conference 1 hour per unit.
Allows students to pursue Directed Study in Psychology on a contract basis under the direction of a supervising instructor.

Maximum UC credit allows: 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined.
Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.
REAL ESTATE

1 Real Estate Principles (3) CSU
Required for real estate salesperson's license and highly recommended as a foundation course in real estate.
This beginning course in real estate fundamentals and principles covers real estate economics, terminology and definitions, real estate law, ownership rights, real estate investment and career opportunities, as well as other subjects vital to a basic understanding of real estate.

3 Real Estate Practice (3) CSU
Prerequisite: Real Estate 1 or possession of a real estate salesperson's license.
This course covers the day-to-day activities of the real estate brokerage business, from the viewpoint of both the owner and the sales staff. It gives practical training in such topics as: time management, human relations, client psychology, financing, leasing, appraising and property management. The course is required for those seeking the California broker's license.

5 Legal Aspects of Real Estate I (3) CSU
Prerequisite: Real Estate 1 or possession of a salesperson's license.
Principles of property ownership and management, with special emphasis on the law as it relates to community property, conveyances, deeds, trust deeds, leases, brokerage activities, liens, homesteads, wills, estates and taxes are covered in detail.

7 Real Estate Finance I (3) CSU
Prerequisite: Real Estate 1, or possession of a salesperson's real estate license.
Forms and sources of financing, property, construction and permanent financing are studied. The procedures for FHA, Cal Vet and VA financing, mortgage capital from savings and loan associations, commercial banks, insurance companies and other sources, junior mortgages, appraising for mortgages, loan ratios and leaseholds are covered.

9 Real Estate Appraisal I (3) CSU
Prerequisite: Real Estate 1, possession of a salesperson's real estate license.
This course emphasizes the theory, principles and methods used in the valuation of various types of properties. Cost, market and income approaches are examined in great detail. Land and building residual techniques are also presented. An appraisal report on a single-family residence is usually required.

10 Real Estate Appraisal II (3) CSU
Prerequisite: Real Estate 9.
This advanced appraisal course features a brief review of the theory, principles and methods used in the valuation of residential, commercial and industrial properties. It also features case study problems illustrating the use of the three approaches to value and a thorough analysis of the components utilized by the income approach. This course emphasizes the valuation of all income-producing properties. An appraisal report is required on an income-producing property.

14 Property Management (3) CSU
Prerequisite: Real Estate 1 or Real Estate 3.
This course is designed for real estate brokers, salespersons and owners of income-producing properties. Topics covered include the nature and types of property management, organization for management, leases and contracts, rent scheduling, selling of space and techniques of renting, tenant selection and supervision, relations with owners, budgets, purchasing accounts, reports, ethics and legal and professional relationships.

16 Income Tax Aspects of Real Estate (3) CSU
Prerequisite: Real Estate 1.
The impact of Federal and California State income tax laws upon the purchase, sale, exchange and use of real property is covered. This includes depreciation, capital gains, installment sales, prepaid interest and tax saving opportunities.

18 Real Estate Investments I (3) CSU
Prerequisite: Real Estate 1.
This is an advanced course in which a thorough analysis is made of the investment factors that determine the evaluation of commercial, industrial and residential projects. The six basic steps in the investment process are covered in detail: Search, Analysis, Negotiation, Documentation, Contingency Removal and Property Management after Purchase.

21 Real Estate Economics (3) CSU
Prerequisite: Real Estate 1.
This course covers the fundamentals of economic trends and factors, which affect the real estate market. Topics covered include: urban structural relationships, real estate market analysis, problems of sub-dividing and governmental relationship to real estate development.

SOCIOLOGY

1 Introduction to Sociology (3) UC:CSU (CAN SOC 2)
This course is an overview of what we know (and do not know) about human behavior and human societies. It examines how social life - life in groups, organizations and societies - affects people and how people affect each other and their societies.

2 American Social Problems (3) UC:CSU (CAN SOC 4)
This course deals with the analysis of societal problems in the United States today. It emphasizes problems related to poverty, deviance, criminal justice, group conflict, population environment and social change.

11 Ethnic & Racial Minorities in the United States (3)
UC:CSU
Examines majority and minority relations in the U.S.; how these relations developed historically; and the social, political, and economic forces that maintain or act to change these relationships. Analysis of similarities and differences in ethnic and racial groups' experience will promote understanding of the forces underlying minority-majority relations.
COURSE DESCRIPTIONS

185 Directed Study · Sociology (1) UC:CSU
285 Directed Study · Sociology (2) UC:CSU
385 Directed Study · Sociology (3) UC:CSU
Conference 1 hour per unit.
Allows students to pursue Directed Study in Sociology on a contract basis under the direction of a supervising instructor.
Maximum UC credit allows: 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

SPANISH

1 Elementary Spanish I (5) UC:CSU (CAN SPAN 2)
Co-requisite: Spanish 101
This is the first term of a two-term sequence in first-year Spanish. Communicative proficiency is the main objective. The four skills of listening, speaking, reading and writing are developed with emphasis on the active use of these skills. Culture is incorporated into the course in textual and visual materials to stimulate interest and reinforce understanding and appreciation of the Spanish-speaking world.
NOTE: Same as Spanish 21 with Spanish 22.

2 Elementary Spanish II (5) UC:CSU
(CAN SPAN 4)
Co-requisite: Spanish 101
Prerequisite: Spanish I with a grade of C or better or two years of high school Spanish or equivalent.
This course is a continuation of Spanish I. It is designed to provide the student with further skill development in understanding, reading, oral and written communication. More advanced cultural material is presented to further develop the interest, knowledge and appreciation for the lifestyle of Hispanic people.

3 Intermediate Spanish I (5) UC:CSU (CAN SPAN 8)
Co-requisite: Spanish 101
Recommended: Spanish 2 with a grade of C or better or three years of high school Spanish.
This course assists the student with the continued development of proficiency in Spanish language skills. It reviews and expands grammatical concepts learned in previous courses and emphasizes idiomatic construction and conversational ability. Discussion of selected literary and cultural readings will provide training in oral and written expression.

4 Intermediate Spanish II (5) UC:CSU (CAN SPAN 10)
Co-requisite: Spanish 101
Recommended: Spanish 3 with a grade of C or better or four years of high school Spanish.
This course provides a review of the more difficult aspects of grammar and seeks to perfect comprehension, fluency and cultural knowledge. Spanish and Spanish-American life and problems are considered through readings and discussion of literature. The readings are the basis for regular composition assignments.

5 Advanced Spanish I (5) UC:CSU
Recommended: Spanish 4 with a grade of C or better.
This course continues the study of advanced grammar and composition and seeks to perfect comprehension and fluency in the language and skill in analyzing literature. It includes reading in prose and poetry from Spanish and Spanish-American literature. The readings are the basis for regular composition assignments and development of increased mastery in spoken Spanish through class discussions.

6 Advanced Spanish II (5) UC:CSU
Recommended: Spanish 5 with a grade of C or better.
This course continues the study of advanced grammar and composition and seeks to perfect comprehension and fluency in the language and skill in analyzing literature. It includes readings in prose and poetry from Spanish and Spanish-American literature. The readings are the basis for regular composition assignments and development of increased mastery in spoken Spanish through class discussions.

8 Conversational Spanish (2) UC:CSU RPT3
This course is designed to increase the student's ability to comprehend native spoken Spanish and increase his/her fluency in conversation. Reading and writing are used to enhance opportunities for a student to acquire and use new structures and vocabulary.
UC transfer credit limit: 4 units. No UC credit for Spanish 8 if taken after Spring 1994.

14 Spanish for Public Service Personnel (3) CSU RPT 1
This course emphasizes practical usage of Spanish in the areas of public service, business and community activities.

21 Fundamentals of Spanish I (3) UC:CSU
Lecture 3 hours
This course provides the first half of the fundamentals of first semester pronunciation and grammar. It also stresses practice in understanding, speaking, reading, and writing simple Spanish. Students are introduced to Spanish and Spanish-American civilization through simple readings. Emphasis is placed upon the spoken language.
NOTE: Spanish 21 and 22 together are equivalent to Spanish 1.

22 Fundamentals of Spanish II (3) UC:CSU
Co-requisite: Spanish 101
This course provides the second half of the fundamentals of first semester Spanish. It stresses pronunciation, grammar, practice in understanding, speaking, reading and writing simple Spanish. Students are introduced to Spanish and Spanish-American culture and civilization through simple readings. Emphasis is placed upon the spoken language through practical material for simple conversation based on everyday experiences.

Note: Spanish 21 and Spanish 22 together are equivalent to Spanish 1. UC Transfer Credit limit: A maximum of 5 units from Spanish 21, 22 will be accepted for UC credit.

101 Spanish Language Lab (1) CSU RPT 4
This is a co-requisite for Spanish 1, 2, 3, and 4.
A mediated, independent study course which allows students to enhance their Spanish language skills through audio, video, and computer work in the language lab.
COURSE DESCRIPTIONS

SPEECH COMMUNICATIONS

101 Oral Communication I (3) UC:CSU (CAN SPCH 4)
This beginning course provides a study of the principles of communication and audience analysis. These principles are applied to everyday social and business relationships. Students are trained in the principles and practice of effective speech composition and delivery.

102 Oral Communication II (3) UC:CSU
Prerequisite: Speech 101
Oral Communication II encourages classroom discussion and analysis of subjects chosen by the class for special study. Discussion focuses on the search for topics and the inquiry into the nature of each topic. Analysis of selected topics is undertaken to help students "invent" solutions for the "best means of persuasion." Arrangement, structure and delivery of class and public speeches are considered also. Students evaluate the manner in which different audiences perceive and judge issues and solutions presented in varying speech situations.

103 Business and Professional Speaking (3) CSU RPT 2
This beginning course for business and professional persons stresses the preparation and delivery of speeches, reports and briefings. Emphasis is placed upon technical aids to facilitate delivery. The course is recommended for career education majors.

34 Argumentation (3) UC:CSU (CAN SPCH 6)
This course is an introduction to critical thinking, which seeks to explore the various steps in the critical thinking process. Emphasis is placed on both how and why we make decisions. Topics explored include: claims, definitions, evidence, reasoning, fallacies, and persuasion.
Note: UC credit limits: one course from 104,121,151.

111 Voice and Articulation (3) CSU
This introductory course gives students the opportunity to practice proper methods of voice production, accurate articulation and enunciation of Standard Spoken American English. The IPA (International Phonetics Alphabet) is taught as a means of identifying sounds and enhancing listening skills.

113 English Speech as a Second Language (3) CSU
RPT 1
Designed for non-native speakers of American English. This course focuses on the "speech music" of the language - the stress, rhythm, and intonation patterns important to clear accent acquisition - as well as difficult sound contrasts. Learners will receive individuals accent evaluation and prescriptive for improvement. They will practice and test new accent in communicative group activities and

121 The Process of Interpersonal Communication (3)
UC:CSU
This is an advanced course in the analysis of principles and the significance of interpersonal social interaction in all areas of life. Reasoning is applied to problem-solving tasks in a discussion situation.
Note: UC credit limits: one course from 104,121,151.

135 Storytelling (3) CSU
Lecture 3 hours.
Emphasizes history, sources, selection, analysis, preparation and presentation of narrative prose and verse for all age levels. Develops adult story teller’s knowledge, critical ability, appreciation and taste in the field of children’s literature. Especially useful for teachers, nurses, librarians, recreation leaders and parents.

151 Small Group Communication (3) UC:CSU
This course provides an analysis of the purposes, principles and types of discussion. Responsible discussions, participation and leadership achieve development of individual skills.
Note: UC credit limits: one course from 104,121,151.

185 Directed Study - Speech (1) UC:CSU
285 Directed Study - Speech (2) UC:CSU
385 Directed Study - Speech (3) UC:CSU
Conference 1 hour per unit.
Allows students to pursue Directed Study in Speech on a contract basis under the direction of a supervising instructor.
Maximum UC credit allows: 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined.
Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus.

STATISTICS

(See Mathematics 225/226)

SUPERVISED LEARNING ASSISTANCE

(See Tutoring)

SUPERVISION

1 Elements of Supervision (3) CSU
This course introduces the general terms the total responsibilities of a supervisor in industry. Among the items covered are organization, duties and responsibilities, human relations, grievances, training, management-employee relations.

THEATER

100 Introduction to the Theater (3) UC:CSU
This survey course introduces students to theater and to numerous related crafts such as costuming, lighting, etc. Emphasis is placed upon the student’s becoming aware of the components constituting an artistic entity and being able to intelligently and objectively evaluate a professional or non-professional performance.
**COURSE DESCRIPTIONS**

110 History of World Theater (3) UC:CSU
Lecture 3 hours.
This course surveys theater from its prehistoric beginnings to contemporary drama. It emphasizes the reflection of the culture in the drama of each historical period and follows throughout the threads of subject matter, dramatic structure, playwrights, acting techniques and approaches, playing space, and visual elements.

200 Introduction to Acting (3) CSU
Lecture 3 hours.
This course is an introduction for non-theater majors to the art and craft of acting. The student will be exposed to a brief history of acting. Various areas of actor training, including breathing and movement exercises through lecture-demonstration, ensemble exercises, scene work, play readings and viewing of live performances will be covered.

505 History of Motion Pictures (3) UC:CSU
This course will involve the viewing of about 14 full length motion pictures. Discussions will follow each screening, centering on various film making techniques such as acting, narrative techniques, and the effect of changing social mores will also be discussed. Several formal, typewritten papers will be required.

185 Directed Study - Theater (1) UC:CSU RPT2

285 Directed Study - Theater (2) UC:CSU

385 Directed Study - Theater (3) UC:CSU
Conference 1 hour per unit,
Allows students to pursue Directed Study in Theater on a contract basis under the direction of a supervising instructor.
Maximum UC credit allows: 3-1/3 semester units per semester, 6 units total in any or all appropriate subject areas combined. Please note that the granting of transfer credit for courses of this kind is contingent upon a review of the course outline by a UC campus

---

**TRAVEL**

100 Introduction to the Travel Industry (3)
Students are introduced to the world of the travel industry from the perspective of the travel agent, including air, cruise, rail, and motorcoach travel, hotels, resorts, and car rental.

105 Domestic Airline Reservations and Ticketing (3)
Students learn how to plan schedules, compute air-fares, and write tickets for air travel in the United States.

110 Airline Computer Reservations - Apollo (3)
Introduction to United Airlines' APOLLO computer system, one of the two systems most widely used by travel agents. Learn how to build and modify passenger name records, quote fares, price itineraries, and perform other basic functions on the computer.

115 Airline Computer Reservations - Sabre (3)
Introduction to American Airlines' SABRE computer system, one of the two systems most widely used by travel agents. Learn how to build and modify passenger name records, quote fares, price itineraries, and perform other basic functions on the computer.

120 Airline Computer Reservations - Advanced Sabre (3)
(Travel 120 is a continuation of Travel 115)
Prerequisite or co-requisite: Travel 115.
This course is a continuation of Travel 115 and covers advanced concepts of American Airlines' SAPRE computer system, including special formats for hotel and car rental reservations.

125 Airline Computer Reservations-Advanced Apollo (3)
Prerequisite or co-requisite : Travel 110.
This course is a continuation of Travel 110, and covers advanced concepts of United Airlines' Apollo computers system, including special formats for hotel and car rental reservations.

130 Travel Destination Geography I (3)
Tourist regions, attractions, customs and history of United States, Canada, The Caribbean, Mexico, and Central America.

135 Travel Destination Geography II (3)
Tourist attractions, customs and history of Europe and Middle East.

137 Travel Destination Geography III (3)
Tourist regions, attractions, customs and history of Africa, Asia, South America and the South Pacific.

140 Travel Industry Marketing and Sales (3)
Marketing objectives, strategy planning, travel motivation and research, promotional ideas, press release, advertising and sales techniques and application.

145 International Airline Reservations and Ticketing (3)
Prerequisite or Co-requisite: Travel 105.
Students learn how to plan schedules, compute air-fares, and write tickets for international air travel.

155 Tour Escorting, Planning and Operations (3)
Students learn how to be expert tour guides including costing preplanning and day-to-day responsibilities.

160 Opening, Operating and Managing a Travel Agency (3)
Prerequisite or Co-requisite: Travel 100.
How to open and operate a travel agency including staff, documentation, sales reports, client-agent relationships, agent-supplier relationships, problem solving and industry's trends.

165 Travel Agency Accounting and Profitmaking (3)
The bookkeeping procedures required by ARC and IATAN, including bonding, sales reports, receipts and disbursements, payroll, profit and loss, and personal record keeping for commissioned sales are covered.

180 Cruise Sales Specialization (3)
Students are offered an overview of the cruise industry, including history and expansion of business, the cruise sales and booking process for individuals and groups, office procedures and documentation. Domestic and international cruise destinations are surveyed and an in-depth look at various cruise lines is provided.
200 Introduction to the Airline Industry (3)
If you’re seeking a job with an airline, or just want to round out your travel education, this course is for you. In addition to focusing on the many entry-level opportunities, the class examines current aviation issues such as airline safety, code sharing and the market strategies of the ten largest US airlines.

300 Introduction to the Hospitality Industry (3)
Overview of the hospitality industry, its history and the interrelationships of the hotel, restaurant, travel and leisure industries. Special emphasis on career opportunities, service skills and the economic and social influences of the hospitality industry.

TUTORING

1T – Supervised Learning Assistance (0) NDA
Students who utilize general tutorial services, PC Lab, the Library’s Internet Lab, and Instructional Media Center (IMC) services are automatically enrolled in Supervised Learning Assistance. There are no costs associated with the use of tutoring services, the IMC services or the internet lab.
