

COMPUTER SCIENCE 934- INTRODUCTION TO OPERATING SYSTEM COURSE OUTLINE

Instructor: Anna Chiang, MS in Computer Science
Microsoft Certified System Engineer, CompTIA A+ and Security+

Section # 8502

Class Schedule: Aug 31-Dec 14 on Saturday 9-12 pm in CE105A plus 1 hour on-line
Course syllabus can be accessed after Aug 23.
ETUDES www.myetudes.org, see next page for login instruction.

Office Hour: Mon/Tues/Wed/Thurs 11:30 am-5:30 pm (in CE229)
Sat afternoon by appointment only (e-mail ChiangA@wlac.edu)

Office/e-mail : CE 229, 310-287-4253 ChiangA@wlac.edu

Important and useful information

UC/CSU Transfer Honor Credit <http://www.wlac.edu/transfer/index.html#honors->
Contact the instructor for honor credit project

LACCD student's e-mail system <http://www.wlac.edu> -> for student ->e-mail-> student can forward LACCD e-mail to another personal e-mail- click on "instruction" and "video".

Job Placement Assistance will be announced in ETUDES soon

Disabled Students Assistance <http://www.wlac.edu/DSPS->
Student must contact DSPS to obtain an approved accommodation request

CS Division Web Site <http://www.wlac.edu/CSIT> with the following useful information:

Division Announcement –Scholarship and Internship Opportunities

CS Instructor Office Hour and Computer Lab Open Hour

Petition for Degree & Certificate

Petition for Prerequisite Challenge

Declare a Major – to be eligible for scholarship and internship

Discount Voucher for CompTIA A+ Network+ Security+ Linux+

Free Software Download (Windows 7, Server 2008, VMWare, Microsoft ACCESS and Visio Studio)

Requirement for AA/AS degree and Certificate of Achievement in the following :

Degree and Certificate in Computer Science (10 major courses)

Degree and Certificate in Computer Network and Security Management (10 major courses)

Degree and Certificate in Computer Web Support and Database Administration (10 major courses)

Certificate of Achievement in Computer Network Management (requires 6 courses)

Certificate of Achievement in Information System Security (requires 6 courses)

Certificate of Achievement in Business Application and Database Management (requires 6 courses)

Certificate of Achievement in Web Support and Administration (requires 6 courses)

Faculty advisor and major declaration

Please note that students must declare a major in order to become eligible for CS scholarship and internship opportunities. To declare a major, please obtain the form of change request from CS division website www.wlac.edu.csit click the link on the left menu.

By default, your instructor can be the faculty advisor; please see your instructor during the posted office hour OR you can make an appointment with the following fulltime faculty advisor:

Ashok Patil –Degree, transfer, and certificate in Computer Science- PatilA@wla.edu

Anna Chiang-Degree, transfer and certificate in Computer Information Science/Computer Network and Security Management- ChiangA@wla.edu

Marcus Butler-Microsoft, CISCO, VMWare training ButlerM@wla.edu

Manish Patel-Degree and certificate in Web development and Database Administration- PatelM@wla.edu

Important dates to remember:

Last day to drop class w/o a “W” is Sept 6

Last day to drop a class with a “W” is Nov 15

College closed on

Labor day Sept 12

Veterans Nov 11

Thanksgiving Nov 28-Dec 1

Exclusion and incomplete policy

Based on the college and District’s policy, students who have missed the first class meeting will be excluded the second week of semester. It is your responsibility to drop the class if you stop attending the class. Failure to drop the class in a timely manner will result in a “W” or “F” on your transcript.

Incomplete Policy

A Student who has successfully completed more than 75% of the course work and has communicated with the instructor with a justifiable explanation may be considered for an incomplete grade. With “incomplete” grade, the student must complete all missing assignments/exams/projects and notify the instructors to change grade within one year grace period.

Student Learning Outcomes

Install, configure, administer and troubleshoot a computer operating system including security settings

Course description

This course covers basic to intermediate desktop operating system topics in CompTIA A+ . It provides students with the knowledge and skills necessary to perform post installation day-to-day administration and security tasks.

These skills include OS installation & configuration, user account security policy, disk & storage management, file system security, networking, firewall and security settings, system management & protection, monitoring & troubleshooting. It also provides students with the knowledge and skills to enter advanced network courses.

Suggestion: Students are encouraged to take CS934, CS965, CS992 concurrently to complete A+ and Network+ training. Please note that CompTIA A+ certification exam includes hardware and operating system; CS934 covers operating system and CS 992 covers hardware topics.

Required course material and equipment

Testout PC Pro 220-801 and 220-802 ISBN#978-1-935080-42-8

Do not purchase the old version A+ 701/702 which will expire in August 2013

The bundled subject will be used for CS934 & 992, note that students must enter the right promotion code 14-346ta to get the bundled two subjects for total \$89.

Certification Exam and Course Advice: knowledge of PC hardware architecture & computer operating system.

The instructor suggests students to take CS934, CS965 and CS992 (A+ Network+ hardware) concurrently to build a solid foundation and get ready for CS972 (CISCO), CS980 (Security), and CS982 (Server OS) the following semester.

To complete CompTIA A+ and Network+ hardware training, students should take CS992 (Sat 1-3 pm in CE104)-hardware lab on Saturday afternoon. The instructor (Mr. Chanda) will cover hands-on lab and hardware topics in CompTIA A+ and Network+ certification exam. For exam discount voucher, please see division web site www.wlac.edu/csit under the left menu.

PC Pro certification exam for students who take CS934 & 992

Testout is offering PC Pro certification exam free to students who are studying Testout A+801/802. PC Pro is a performance-based assessment for PC hardware, software, and Windows operating system management. The exam covers contents that are taught in CS934 & CS992. Students who have done the lab simulations and exam simulations should be able to complete PC Pro certification exam. This exam requires the instructor to set up and supervise. I will be giving the PC Pro certification exam on the day of final exam, students who finish final exams can continue to take PC Pro certification exam. I will print the certificate and sign it once you pass. Students who are not ready to take PC Pro have another opportunity during winter break in January 2014.

How to purchase the course material on-line?

To access the student discount pricing (\$89) students need to go to www.testout.com and enter the promotional code **14-346ta**. This will take students to a page designed for West Los Angeles' students. Here students will need to enter the school name **West Los Angeles College**. This will check with Testout's database to verify if the school is authorized to purchase at this price. Because of this, it needs to be entered EXACTLY as above (including capitalizations). The student will also need to enter the instructor's name Anna Chiang. The course material is now browser based, it works on Apple computer too. You can access the course material via LabSim.Testout.com without downloading client program. The program may prompt you to download Microsoft Silverlight to enhance multimedia effects.

If for any reason students need to purchase the required material from WLAC bookstore, please order it via the web site of WLAC's bookstore <http://store450.collegestoreonline.com> or contact Nilhson Zelaya in bookstore (310-287-4381).

In order for the instructor to keep track of students performance on Testout LabSim PC Pro, each student must add himself or herself to "**West Los Angeles College**" and the class of "**CS934 Fall 2013**" first time login into LabSim.Testout.Com. See instruction on the left menu "resource" of ETUDES course shell.

Testout Product Activation Code

Once you place the order on-line, you will receive an e-mail confirmation and product activation code in a few minutes. Please note that Testout no longer sends out DVD or LabSim manual, everything is online now.

Publisher Information

TestOut Corporation 1-800-877-4889 or e-mail the representative Jeff Hanks via JHanks@testout.com if you have any questions about your account.

Testout LabSim account

If the student has an account with Testout previously set up, the same account will be used for this class;

Important notes for West LA College course shell ETUDES Logon

To logon to West LA College on-line course shell, go to www.myetudes.org where you will find links to on-line tutorial, course information including required materials, login instructions and Technical Requirements.

Example: Juan Straub, 88-459-0210, born on July 4th

(User ID will be first2 of first name+first2 of last name+last5 of student ID, password is birthday)

- User ID: just90210
- Password: 0704

If you do not know your Student Identification Number you can look it up using the Student Information System (SIS) at <http://www.wlac.edu->registration>. If you are the first-time on-line student, make sure your browser settings are as follow:

Tools->Internet Option->general->security setting->add <http://www.myetudes.org> as trusted site.

Email Communication

If you have a valid email address in the LACCD system, ETUDES' announcement will be sent to your personal email. You should check the announcement each time when you log on to ETUDES course shell.

You might want to update your email address under MyWorkspace-> Account-> Modify if you change e-mail address.

Trouble login to ETUDES

If you have trouble accessing the course on, or after the semester start date, you can visit the Online Student Help Desk at <http://www.wlac.edu/online/helpdesk.asp> . Click on Helpdesk Rules where your issue is likely addressed in the Frequently Asked Questions section. If not, post a message explaining the problem or contact the WLAC Distance Learning Program Office at (310)287-4305 or via email: shemwer@wlab.edu.

Course Syllabus and Assignment & Exam posted on ETUDES

Syllabus-Course Syllabus is attached in this section.

Announcement-Weekly announcement is posted.

Tests-You will be taking exam via ETUDES on campus.

Message- You can communicate with the instructor in this section, however for urgent issue, e-mail instructor via ChiangA@wlab.edu

Class rules and guideline on assignment and exam

By taking this class, you agree to follow the CLASS RULES listed below:

- (1). NO FOOD or DRINKS or CELL PHONE in the classroom. Please keep your area clean, violators of these rules will be automatically dropped from this class.
- (2). The use of cell phones inside the classroom is prohibited.
- (3). Cheating or plagiarism on assignments/labs/exams will result in “failure”
- (4). Exams are held on campus using course shell ETUDES -No make-up exam. Once you have viewed or taken the exam, you can’t open or retake it. **THERE IS NO MAKE-UP or RE-TAKE EXAM.**
- (5). All other College/Class rules will be enforced.
- (6). CS934 is designed for students who:
 - Have basic desktop operating system background, i.e. Windows.
 - Can commit to spend three hours on campus for exams, classroom lab & lecture.
 - Can commit to spend one hours off campus working on “Testout LabSim” -
 - Video Lecture, Demo, Lab Simulation and Exam Simulation

Grading Scale

Testout Exam Simulation Assignments - 20%

ETUDES Exam (closed book) - 35% (closed book)

In-Class Lab Assignments - 35%

Final Exam-10% (closed book)

The weekly announcement and assignments & exams schedule will be posted on ETUDES.

Topics in Testout PC Pro CS934 and CS992

Chapter	Topics	Instructor
Chapter 1	1.3 Hardware basics 1.4 Operating system basics	K.Chanda-cs992 A. Chiang-cs934
Chapter 2	2.1 Protection & safety 2.3 PC tools 2.4 PC maintenance 2.2 Professionalism 2.5 Troubleshooting	K. Chanda-cs992 K. Chanda-cs992 K. Chanda-cs992 Chanda & Chiang Chanda & Chiang
Chapter 3	System Components-cases & form factors, motherboard, buses, processors, memory, bios, video & cooling	K.Chanda-cs992
Chapter 4	Peripheral devices & installation -serial, parallel, USB, Firewire, display, sound, device installation	K. Chanda-cs992
Chapter 5	5.1-5.7 Storage devices, parallel ATA, serial STA, SCSI, optical media. 5.8-5.10 RAID, adding storage, disk optimization	K. Chanda-cs992 A.Chiang-cs934
Chapter 6	6.1-6.4 Network overview, hardware, media, Ethernet 6.10-Infrared, Bluetooth, internet connection 6.5-6.9 Network addressing, IP address, protocols 6.12-6.14 SOHO, network utility, home group	K. Chanda-cs992 K. Chanda-cs992 A. Chiang-cs934 A. Chiang-cs934
Chapter 7	7.1/7.2/7.5 Printer, printer configuration & maintenance 7.3/7.4 Network printing & printer management	K.Chanda-cs992 A.Chiang-cs934
Chapter 8	8.1-8.4 Notebook computer, components, power management and mobile devices	K. Chanda-cs992
Chapter 9	9.1-9.7 Windows system tools, preference & settings, performance monitoring, users & groups, remote services, applications	A. Chiang-cs934
Chapter 10	10.1-10.5 System implementation, pre installation, installation, post installation and virtualization	A. Chiang-cs934
Chapter 11	11.1-11.5 File location, managing files, NTFS permission, shared folders, offline files	A. Chiang-cs934
Chapter 12	12.1-12.10 Security best practices, physical security, social engineering, bios security, malware protection, authentication, encryption, network security, firewall, proxy servers	A. Chiang-cs934
Chapter 13	13.1-13.4 Motherboard, CPU, RAM, storage, video, network troubleshooting 13.9-13.11 Notebook & printer troubleshooting 13.5-13.8 OS troubleshooting, system errors, security and Windows recovery	K. Chanda-cs992 A.Chiang-cs934

CS934 Topics Schedule by Anna Chiang

Chapter	Topics	Instructor
Aug. 31	1.3 Hardware basics 1.4 Operating system basics	K.Chanda-cs992 A. Chiang-cs934
Sept 7	2.1 Protection & safety 2.3 PC tools 2.4 PC maintenance 2.2 Professionalism 2.5 Troubleshooting	K. Chanda-cs992 K. Chanda-cs992 K. Chanda-cs992 Chanda & Chiang Chanda & Chiang
Skip Chapter 3	System Components-cases & form factors, motherboard, buses, processors, memory, bios, video & cooling	K.Chanda-cs992
Skip Chapter 4	Peripheral devices & installation -serial, parallel, USB, Firewire, display, sound, device installation	K. Chanda-cs992
Sept 14 Sept 21	5.1-5.7 Storage devices, parallel ATA, serial STA, SCSI, optical media. 5.8-5.10 RAID, adding storage, disk optimization	K. Chanda-cs992 A.Chiang-cs934
Sept 28 Oct 5	6.1-6.4 Network overview, hardware, media,Ethernet 6.10-Infrared, Bluetooth, internet connection 6.5-6.9 Network addressing, IP address, protocols 6.12-6.14 SOHO, network utility, home group	K. Chanda-cs992 K. Chanda-cs992 A. Chiang-cs934 A. Chiang-cs934

Dec 7	Introduction to Server Operating System and Microsoft Domain Network	
Dec 14	Final Exam	

College policies

Academic Integrity (Plagiarism)

In accordance with code 9803.28, **academic dishonesty is prohibited and will not be tolerated in this class.** Violations of academic integrity include, but are not limited to, the following actions: cheating on an exam, plagiarism, working together on an assignment, paper or project when the instructor has specifically stated students should not do so, submitting the same term paper to more than one instructor, or allowing another individual to assume one's identity for the purpose of enhancing one's grade. Academic dishonesty of any type, such as cheating or knowingly furnishing false information, by a student provides grounds for disciplinary action by the instructor or college. In written work, no material may be copied from another without proper quotation marks, footnotes, or appropriate documentation.

- **Plagiarism will result in a zero for the assignment, possible dismissal from the class and disciplinary action from the college.**

Student Conduct

According to code 9803.15, disruption of classes or college activities is prohibited and will not be tolerated. Refer to the catalog and the Standards of Student Conduct in the Schedule of Classes for more information.

Recording Devices

State law in California prohibits the use of any electronic listening or recording device in a classroom without prior consent of the instructor and college administration. Any student who needs to use electronic aids must secure the consent of the instructor. If the instructor agrees to the request, a notice of consent must be forwarded to the Vice President of Academic Affairs for approval.

For more information refer to the attached link:

http://www.wlac.edu/academics/pdf/WLAC_10-12Catalog_Policies.pdf

Campus resources:

As stated earlier in this syllabus, **if you are having problems, don't let them snowball.** Come and talk with me and check out some of the campus resources available to you.

Office of Disabled Student Programs and Services (DSP&S)

Heldman Learning Resources Center (HLRC), Room 119 | (310) 287-4450.

West Los Angeles College recognizes and welcomes its responsibility to provide an equal educational opportunity to all disabled individuals. The Office of Disabled Students Programs and Services (DSP&S) has been established to provide support services for all verified disabled students pursuing a college education. DSP&S students may qualify for: priority registration, registration assistance, special parking permits, sign language interpreters and assistive technology.

Instructional Support (Tutoring) & Learning Skills Center

Heldman Learning Resources Center (HLRC) | (310) 287-4486

Improve your reading, language, vocabulary, spelling, math fundamentals and chemistry knowledge with convenient, self-paced computer-aided courses in the Learning Skills Center. Increase your knowledge and learning success: sign up for tutoring in various college subjects.

Library Services

Heldman Learning Resources Center (HLRC) | (310) 287-4269 & (310) 287-4486

The WLAC Library provides instruction on how to use the online catalog, periodical and research databases. In addition to a large collection of books, periodicals and videos the WLAC Library has course textbooks which students may use while in the Library. Web access is available in LIRL as well as meeting rooms. The upper floors provide a beautiful view ideal for study.

for more information refer to attached link:

http://www.wlac.edu/academics/pdf/WLAC_10-12Catalog_Services.pdf
