## Welcome

This semester you will be learning about popular web programming language called Javascript. This course covers fundamentals of javascript to accessing DOM objects of browser window. This course is part of series of classes that make up certificate program in Web Development and Database administration. This course has a pre requisite of cs902 and cs957.

## Course Description: (Use catalog course description or approved COR)

see attached link: [http://ecd.laccd.edu/CC\\_Search\\_1.aspx](http://ecd.laccd.edu/CC_Search_1.aspx)

This course introduces students to building dynamic and interactive web pages using modern web programming languages including HTML 5 and CSS (Cascading Style Sheet). This course features hands-on assignments and projects, a step-by-step methodology, as well as additional exercises.

## Required Texts:

Javascript and DOM scripting by Ray Harris  
ISBN 978-1-890774-554  
Publisher: Murach

## Required Materials:

Firefox, Notepad++. Please google for this and download it.

## Student Objectives: (use COR / ECD approved objectives) see attached link

[http://ecd.laccd.edu/CC\\_Search\\_1.aspx](http://ecd.laccd.edu/CC_Search_1.aspx)

Upon successful completion of this course, students will be able to . . .

- 1) Create web pages which contain javascript code to demonstrate.
  - a. Functions.
  - b. Arrays.
  - c. Access to DOM objects.
  - d. Use of JQuery.

## Institutional Learning Outcomes (ILOs) & SLO (use COR / ECD for approved SLOs)

See example below: SLOs will vary by course [http://ecd.laccd.edu/CC\\_Search\\_1.aspx](http://ecd.laccd.edu/CC_Search_1.aspx)

This course will also facilitate the following Institutional Learning Outcomes:

- A. Critical Thinking: Analyze problems by differentiating fact from opinions, using evidence, and using sound reasoning to specify multiple solutions and their consequences.
- B. Communication: Effectively communicate thought in a clear, well-organized manner to persuade, inform, and convey ideas in academic, work, family and community settings.
- C. Self-awareness/Interpersonal Skills: Apply self-assessment and reflection strategies to interpersonal, work, community, career, and educational pathways.
- D. Technical Competence: Utilize the appropriate technology effectively for informational, academic, personal, and professional needs.
- E. Cultural Diversity: Respectfully engage with other cultures in an effort to understand them.
- F. Ethics: Practice and demonstrate standards of personal and professional integrity, honesty and fairness; apply ethical principles in submission of all college work.

### G. Student Learning Outcome:

At the end of the semester, the students should be able to create web pages which contain javascript code demonstrating the use of

- 1) Loops, conditional statements, functions, arrays and DOM objects usage.

## Course Requirements and assignment guidelines

### Late Assignments

Each student is allowed one late essay assignment. It must be turned in by the next class meeting to receive credit and the grade will be reduced by one letter grade. DO NOT e-mail me your essays and other typed assignments. They will not be accepted. Other late assignments will not be accepted.

## Grading

### Examinations, Assignments, Grading:

There will be many assignments during the course of the Term. Each exam Project carries 25 points. There will be a midterm Project and Final Exam project. The grading scheme is as follows:

Examinations Projects: 50%,      Assignments: 50%

### GRADING SCALE

90 - 100    A

80 - 89     B

70 -79     C

60 - 69     D

Below 60 is FAIL.

## Class Policies.. This does not apply to online classes.

### **Attendance .**

Because class discussions and group work are an integral part of this course, attendance is mandatory. Up to 3 absences are allowed. After that, you could be dropped. Students are expected to attend every class meeting, to arrive on time and stay throughout the class period. **Excessive absenteeism will lower your grade, as well as walking in and out of class.** 3 tardies = 1 absence. Students may be dropped from class for excessive tardiness, or for failure to attend class the first day or during the entire first week of the class.

### **Walking In and Out of Class**

When you arrive to class, make sure you have used the restroom, had a chance to eat, check your messages, etc. Walking in and out is rude and disruptive. If you need to leave early, or have some other problem, you need to notify me in advance. **Any student who makes a habit of walking in and out of class may be asked to leave.**

### **Preparedness**

You are expected to arrive on time. You will come to each class session prepared. You will have your books, binder, pens/pencils, any work that is due, and you will be prepared to discuss all readings/assignments.

### **Cell Phones, iPods, etc.**

Turn them off and put them away when class begins! Although it may not seem possible, you can survive without talking and texting on your cell phone, or listening to your iPod, for a little over an hour. Talking and texting on cell phones not only distract you, but they are a distraction for me and your peers. Distractions interrupt/disrupt the class and I will not tolerate interruptions. **You will be asked to leave if this occurs.**

### **“Netiquette” and “Civilogue”**

This semester, you will post weekly responses to the class blog on various topics related to the class and the world around us. The term “netiquette” is a combination of the words internet and etiquette. The term “civilogue” is a combination of the words civil and dialogue. Both terms, as well as the words used to create them, are essential to the class. You may not agree with the views and opinions expressed by your peers, but you don’t have the right to be disrespectful. Personal attacks, profanity, vulgarity and comments that are not productive additions to the conversation will be deleted and you will not receive credit for the assignment.

### **Contacting Me**

E-mail is the best and quickest way to contact me. **If you have a problem, do not let it snowball.** **Contact me immediately.** Students are expected to ask questions and obtain help from instructor via email and/or during office hours.

**For more information refer to the attached link:**

## **College Policies:**

### **Academic Integrity (Plagiarism)**

In accordance with code 9803.28, **academic dishonesty is prohibited and will not be tolerated in this class.** Violations of academic integrity include, but are not limited to, the following actions: cheating on an exam, plagiarism, working together on an assignment, paper or project when the instructor has specifically stated students should not do so, submitting the same term paper to more than one instructor, or allowing another individual to assume one’s identity for the purpose of enhancing one’s grade. Academic dishonesty of any type, such as cheating or knowingly furnishing false information, by a student provides grounds for disciplinary action by the instructor or college. In written work, no material may be copied from another without proper quotation marks, footnotes, or appropriate documentation.

- **Plagiarism will result in a zero for the assignment, possible dismissal from the class and disciplinary action from the college. You will not receive credit for any essay missing previous drafts, citations and/or a Works Cited page.**

### **Student Conduct**

According to code 9803.15, disruption of classes or college activities is prohibited and will not be tolerated. Refer to the catalog and the Standards of Student Conduct in the Schedule of Classes for more information.

### **Recording Devices**

State law in California prohibits the use of any electronic listening or recording device in a classroom without prior consent of the instructor and college administration. Any student who needs to use electronic aids must secure the consent of the instructor. If the instructor agrees to the request, a notice of consent must be forwarded to the Vice President of Academic Affairs for approval (WLAC College Catalog).

### **Campus Resources:**

As stated earlier in this syllabus, **if you are having problems, don't let them snowball.** Come and talk with me and check out some of the campus resources available to you.

#### **Office of Disabled Student Programs and Services (DSP&S)**

Heldman Learning Resources Center (HLRC), Room 119 | (310) 287-4450.

West Los Angeles College recognizes and welcomes its responsibility to provide an equal educational opportunity to all disabled individuals. The Office of Disabled Students Programs and Services (DSP&S) has been established to provide support services for all verified disabled students pursuing a college education. DSP&S students may qualify for: priority registration, registration assistance, special parking permits, sign language interpreters and assistive technology (WLAC College Catalog).

#### **Instructional Support (Tutoring) & Learning Skills Center**

Heldman Learning Resources Center (HLRC) | (310) 287-4486

Improve your reading, language, vocabulary, spelling, math fundamentals and chemistry knowledge with convenient, self-paced computer-aided courses in the Learning Skills Center. Increase your knowledge and learning success:

We will be offering tutoring services in computer science classes. I will keep you posted regarding this.

#### **Library Services**

Heldman Learning Resources Center (HLRC) | (310) 287-4269 & (310) 287-4486

The WLAC Library provides instruction on how to use the online catalog, periodical and research databases. In addition to a large collection of books, periodicals and videos the WLAC Library has course textbooks which students may use while in the Library. Web access is available in LIRL as well as meeting rooms. The upper floors provide a beautiful view ideal for study (WLAC College Catalog).
