Under cold and windy conditions the West LA College men's cross-country team earned a berth to the Southern California Championships – for the second year in a row – by placing sixth at the Western States Conference Championships at Cuesta College in San Luis Obispo, California.

Sophomore Raman Singh, led the way in the four-mile course, placing 14th in 22:35. Jose Gonzales took 29th in 23:22, Daman Singh finished 38th in 23:46, Paul Bailey followed for 43rd in 23:49, and Isaiah Gray rounded out the Wildcats scoring in 50th place at 24:04.

As a team, the Wildcats placed sixth out of 13 schools with 166 points beating local rivals Valley, Santa Monica, College of the Canyons and Moorpark. Glendale won the championship.

Wildcat runner, Stancia Baker finished as the 4th individual on a non-qualifying team to lead the women's team, thus earning a spot in the Southern California Cross Country Championships as well.

The Southern California Championships will take place at Mt. Sac on Friday, November 6th at 10:00am. The Wildcats will be shooting for their first berth in the California State Cross Country Championships in over 25 years.
