

## FACULTY BIOGRAPHY

### **ANN ALEXANDER** Language Arts Instructor

Hi. My name is Ann Alexander (Andy) and I love to teach. I have taught for 54 years and it has been a truly wonderful and exhilarating experience. I have been an adjunct professor in English at West for 24 years. I relish the "aha" response by students and it is pure joy when you have the "teachable moment". I love to travel. The beauty of Iguassu Falls is amazing; a total eclipse in Turkey-incredible, and Machu Picchu breathtaking. So much to still see. The world and life is a grand adventure and I love being part of it.
