NOTES
April 11, 2012
12:45 pm – PCR

Present: Celena Alcala, Judith-Ann Friedman, Maureen O’Brien, Aimee Preziosi

1. Expand SLO and SAO (service area outcomes) sections of program review.
2. Need more quantification in our assessment instruments.
3. Need more and better questions. Eg., what would you do to assess this?
4. We need a culture change which is hard to do. One approach would be to obtain commitment from committees, eg., student success committee.
5. Idea: When a recommendation is made, it must be accompanied by an assessment Tool.
6. Celena Alcala reported that the president made the suggestion that perhaps “program review” should be renamed to “program planning.”
