Christ on Our Campus

The [WLAC Christian Club](#) has been affiliated with the West Los Angeles College – (ASO) Associated Students Organization for several years.

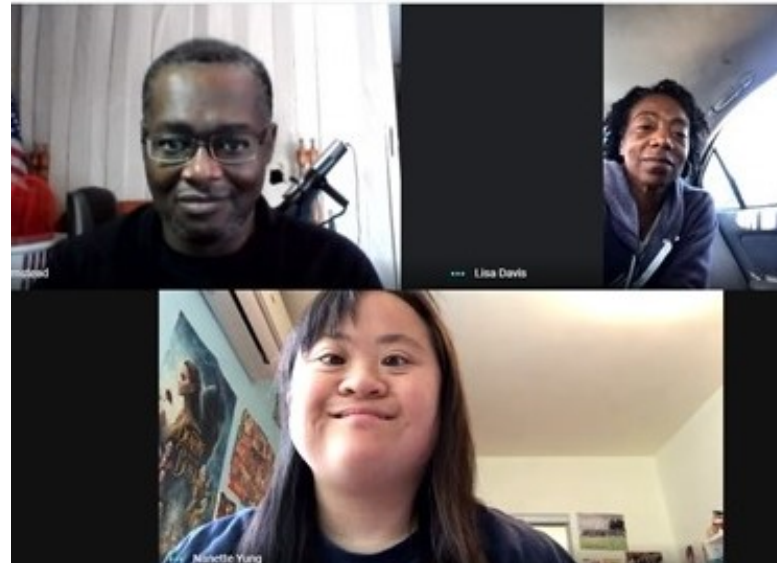

Our student members come from all backgrounds but share interest in learning about the Christian faith. We discuss current topics like the pandemic, racism, relationships and study Bible scripture to seek knowledge on dealing with them.

The club advisor is a faculty or staff member who is entrusted to guide and support student leadership of club operations and activities.
