| 3. 1. C — Promote effective instructor best practices including self-assessment as part of faculty learning communities. | Spring 2012                 | Funding required to develop a self-assessment tool. | • Academic Senate  
• All faculty  
• Divisional Council | • Faculty application of reflective practices and builds a shared framework for student learning. | • Number of faculty participating in learning communities  
• Number of innovations reported  
• Improved student performance by incorporating skills  
• Number of students receiving certificates. |

1. How do you envision the college implementing this strategy?

2. How do we keep this strategy from being just more busywork for faculty? How do we make this process meaningful? How do we help the college get something from this?

3. What type of self-assessment would be effective? What will the scope be?

4. What are some on-campus resources we can use? (Staff development committee, Flex Day, etc.)
